

APPLETON POST-CRESCENT

SOUTH SEES HAVOC OF 48-HOUR STORM

DEMOCRATS OF EAST IN FAVOR OF FARM BILL

Normally Opposed to This Type of Legislation, Representatives Shift

WOULD HELP SMITH

Desire Not Only Passage of Bill, but Enough Votes to Override Veto

BY DAVID LAWRENCE

Copyright 1928 Post, Pub. Co.

Washington—The biggest political issue of the year is in the process of development in the house of representatives. Eastern Democrats normally opposed to the type of legislation contained in the McNary-Haugen bill now being debated in the house are lining up in favor of the measure not only to bring about its passage but to accumulate enough votes to override a presidential veto.

OPPOSITION IN GOTHAM

Perhaps the center of opposition to the McNary-Haugen type of legislation comes from New York City, but ordinarily the New York City Democrats are not to be found in any radical camp. But it is an open secret that the Tammany Democrats are endeavoring to show the western states that the New York governor is a liberal and actually in very real sense of the word, Senator Norris, an admitted Republican, has already said that progressivism would be much more of a test in the western states than prohibition if Al Smith is the nominee.

It is not quite clear just what the political alignment will be when the McNary-Haugen bill is passed and vetoed by the president, as now seems assured. If a considerable number of democrats vote for the bill and actually help to bring about its enactment, it will claim credit in the western states and will credit in the fact that eastern republicans voted almost solidly against the measure.

If the McNary-Haugen bill should become law against the president's veto, the big question will be whether an administration will administer the measure as sympathetically as possible. The argument of the democrats would be that Governor Smith would be a better friend of the farmer in such circumstances than either President Coolidge or Secretary Hoover.

Naturally most of the jockeying for position in the house at this time will affect the pre-convention campaign, as the western republicans feel that a victory on the McNary-Haugen issue is a presidential veto is overridden, it will enhance the value of either former Governor Lowden or Vice President Dawes. Their feeling is that once the farm issue is out of the way those eastern republicans who have not been sympathetic with the Lowden-Dawes element will find an opportunity to embrace western leadership in the interest of party harmony.

Also, if the legislation is out of the way, both former Governor Lowden and Vice President Dawes will be able to talk more definitely of their support of Coolidge policies in the hope of satisfying the big eastern states, for it is well known that with the exception of the farm relief issue, both former Governor Lowden and Vice President Dawes are conservative republicans who have not been sympathetic with the eastern branch of the party. They, too, would be able to say that a sympathetic administration of the McNary-Haugen plan would be best carried out by a western Republican.

MAY CONFUSE SITUATION

If the McNary-Haugen bill should fail to pass over the president's veto it would leave the situation confused but with the advantage likely in favor of the democrats in the event that a western republican is not the party nominee. The next two weeks will find many anxious moments for national politicians because the McNary-Haugen bill has at last won a place in the forefront of both parties and is affecting not only the pre-convention activities of the various candidates, but a record is being made now that may mean electoral votes next November.

PLAN STATE PARK FOR TOP OF RIB MOUNTAIN

Wausau—(P)—Acceptance of the top of Rib mountain, near Wausau, as a state park, was formally made by the state conservation commission at its meeting here Friday afternoon. The acceptance was in accordance with the laws of 1921.

Director L. E. Naeher was authorized by the commission to instruct C. L. Harrington, state superintendent of forests and parks, to work out the problem of the approach to the new park and to construct a suitable road to the property.

LOWDEN LEADS IN G. O. P. DELEGATE VOTES

Death Car Owner Must Pay \$15,000

Oshkosh—(P)—Paul J. Denning and his son Paul, Jr., were awarded \$15,000 damages against Joseph C. Ryan, Chicago attorney, by a circuit court jury Saturday, as the result of an automobile accident near here in which three persons were killed.

POLISH AIR CREW TESTS OCEAN PLANE

Government Backs Men in Secret Preparation for Atlantic Trip

Le Bourget, France—(P)—The Polish airman, Major Louis Idzikowski and Major Casimir Kubala, who hopped off early Saturday morning for an unknown destination, landed at Abbeville at 2 o'clock Saturday afternoon because of a break in the radiator of their machine.

Le Bourget, France—(P)—Two Polish airmen with trans-Atlantic ambitions hopped off from this airfield at 5:52 Saturday morning on a mysterious flight.

Major Louis Idzikowski and Major Casimir Kubala had announced that they would make an all-day trip flight over the sea coast of the Atlantic in which they hope to fly to New York by way of the Azores.

Some, however, thought that Saturday hopper might be the actual start for America, since the plane was fully fueled and carried food enough for such a venture. The airman had inquired fully as to meteorological observations Friday night and they felt sure flying conditions were good Saturday when start was made. They told mechanics, however, that they planned to fly only until dark.

The plane flew straight northwest after rising from the ground easily with only a few mechanics watching. The flyers were presumed to be heading for the region around Dunkirk, from their inquiries among other aviators it was reduced they intended to have a good look at the French coast, and then south.

Their preparations have been quite secret but the reputation of the airman and the backing of the polish government has caused their attempt to be regarded as among the most serious on the trans-Atlantic flight program.

There was skepticism in the newspapers, however, concerning the project since aviation circles considered the machine too slow.

KENOSHA PLANNING \$640,000 Y. M. C. A.

Kenosha—(P)—A \$640,000 home for the Kenosha Y. M. C. A. is planned as the result of an offer by Mr. and Mrs. C. W. Nash to give \$400,000 toward the construction of the building, providing a similar amount is given by the city at large.

The offer made in a letter to the board of directors was accepted Friday night and plans made for a campaign May 22-29 in which the raising of \$400,000 will be the goal. It was decided that \$160,000 will be set aside as an endowment fund.

The Y. M. C. A. has been inactive here for 15 years and has no building. The board of directors was reorganized several months ago to re-establish the Y. M. C. A. and make plans for renewing its activity.

Mr. Nash, president of the Nash Motors Company, and Mrs. Nash have been among the Y. M. C. A.'s leading benefactors in Wisconsin.

FIRST REPORT SHOWS HOOVER BEHIND BY 26

Figures Compiled by Lowden Men, Are from 31 States and 3 Territories

Chicago—(P)—The first statement concerning delegate strength at the Republican national convention emanating from official Lowden-for-president headquarters here Saturday listed 230 in favor of Lowden and 204 for Hoover.

The figures were for 31 states and three territories. They also put 43 votes in the Curtis column, 33 for Norris, 11 for Borah, 13 for Coolidge and listed 263 "in doubt."

"The following table is made up from the most trustworthy and available information that it has been possible to get respecting the situation in the various states," said the statement.

The tabulation for Lowden, Hoover and the "in doubt" column, follows: Arkansas—Lowden, 2; Colorado—Lowden 3; Hoover 7; doubtful 3; Delaware—doubtful 3; Georgia—Coolidge 15; Hoover 1; Idaho—Borah 11; Illinois—Lowden 49; doubtful 12; Iowa—Lowden 47; Hoover 24; Kansas—Curtis 23; Kentucky—Hoover 27; doubtful 2; Louisiana—doubtful 12; Maine—Hoover 15; Massachusetts—Hoover 11; doubtful 28; Michigan—Hoover 33; Minnesota—Lowden 21; Hoover 6; doubtful 4; Nebraska—Norris 16; Lowden 16; Hoover 3; Nevada—doubtful 2; New Hampshire—Hoover 11; New Mexico—Curtis 11; Lowden 4; New York—Hoover 25; Ohio—doubtful 62; North Carolina—Lowden 13; Hoover 3; doubtful 4; North Dakota—Lowden 13; Ohio—Lowden 20; Hoover 31; Oklahoma—Curtis 13; Lowden 13; Hoover 3; Pennsylvania—doubtful 7; Rhode Island—Curtis 1; Hoover 12; South Carolina—Hoover 11; Tennessee—doubtful 3; Virginia—doubtful 15; Wisconsin—Norris 17; Lowden 2; Hoover 1; doubtful 6; Alaska—Lowden 1; doubtful 1; Hawaii—Hoover 2; Philippines—Hoover 2; Total—Lowden 230; Hoover 203; doubtful 25.

Sixteen Nebraska delegates were uncommitted for Lowden or Norris, and 180 Oklahoma delegates instructed for Curtis or Lowden, the vote to be for the candidate showing the greater strength. Contests are pending in several states and any forecast is impossible.

BAITING HISTORIANS IS PERIL TO SCHOLAR

Des Moines, Ia.—(P)—Baiting of historians by anti-British groups constitutes a major peril to historical scholars, Prof. Frederick L. Paxson of the University of Wisconsin said Friday. He spoke before the annual convention of the Mississippi Valley Historical Association here.

"There is no question but that our civilization, our language, our laws and our social standards are nearer those of England than any other country," Prof. Paxson said. He traced the source of anti-British agitation to reaction of non-British American stock after the world war.

MICHIGAN MAN KILLED WHEN WAGON HITS POLE

Hancock, Mich.—(P)—Thorn from a wagon when his team ran away Saturday night and crashed into a telephone pole Saturday night, killed Albert Bellefleur, 57, of Dollar Bay, Mich., was killed when his neck was broken.

The man, an employee of the Dollar Bay Lumber Co., was unloading saws when the horse became frightened by a passing train. Bellefleur attempted to stop the team and was dragged for some distance after being thrown from the wagon.

The Farmer's Candidate

A rich farmer is a rarity in the United States these days; yet there is such a man, and a great many farmers in the middle west and far west want to make him president of the United States.

You've already guessed, probably, that we're talking about ex-Governor Frank O. Lowden of Illinois.

Lowden's name is in the papers a great deal. Wouldn't you like to know more about him than you do?

Of course you would. On page 2 today, The Post-Crescent prints the first of a series of three articles about Lowden written by Robert Talley, staff writer for this paper, and NEA Service. Talley gives you an intimate glimpse of this man who symbolizes the agrarian revolt.

Death Of Madden Removes Check On Nation Expenses

Washington—(P)—Death has removed from Congress the man who held in his hand one of the greatest check reins on the nation's expenditures—Madden of Illinois.

The veteran representative, stricken down Friday at the capitol while at his desk as chairman of the house appropriations committee, had power, but he added to this personality and determination that carved for him a niche apart from the rest.

The closing years of his life were filled with legislative warfare and many times there was almost continuous firing on three fronts. Yet, to within 15 minutes of the time when an acute attack of heart trouble brought death, he was as full of fight as when he took over his chairmanship several years ago.

First, Madden had to fight for the prerogative of his committee in the house itself. He took over the chairmanship almost simultaneously with the inauguration of the national budget system which broke a renascence of house committees and almost overnight more than trebled the power of the appropriations body.

Second, Madden had to fight for the prerogative of his committee in the senate. He took over the chairmanship almost simultaneously with the inauguration of the national budget system which broke a renascence of house committees and almost overnight more than trebled the power of the appropriations body.

Third, Madden had to fight for the prerogative of his committee in the senate. He took over the chairmanship almost simultaneously with the inauguration of the national budget system which broke a renascence of house committees and almost overnight more than trebled the power of the appropriations body.

BREMEN AVIATORS SEE BENNETT GRAVE

Ocean Flyers Determined to Pay Tribute Before Reception

Washington—(P)—The flags of Germany and Ireland which the Bremen aviators carried on their trans-Atlantic flight were laid across the grave of Floyd Bennett Saturday by the German aviators, to commemorate his fidelity to the traditions of the air.

The aviators went to Arlington National cemetery early, and participated in a simple ceremony at the grave of their fellow aviator who succumbed to illness contracted while flying to their aid at Greenland.

First Captain Herman Koehl placed a wreath of green on the fresh earth mound, which was already covered by floral tributes. Then Baron von Hugenfeldt went slowly forward and unfolded the flag of his country, to lay the wreath of his companion.

He was followed by Major James Fitzmaurice, who lifted a huge silver emblem of green, white and orange. This Irish flag was spread side by side over Floyd Bennett's resting place.

Finally Major Howard Williams, commander at Bolling field, produced a smaller emblem of the stars and stripes, which he put beside the Irish flag.

The German and Irish flags were determined to pay their tribute to Bennett before any sort of a reception of a formal nature was tendered to them. For this reason they kept themselves in seclusion throughout the day and up to the time that they were to go to Arlington by automobile Saturday.

Though not coming to be officially received, hundreds of persons traveled through a cold, driving rain to the station to welcome the party shortly after 10 o'clock Friday night and cheered the flyers until Bolling field officers took them in two cars and whisked them away. Hugenfeldt was the last to arrive at the field, he first going to the German embassy to pay his respects to Ambassador von Ditré.

The crew of the Bremen left Washington by train for New York. They departed at 4:45 P. M. in a special car attached to a Pennsylvania railroad train.

Rainy weather prevented the flyers from returning to New York by air. They had hoped to do this. They held out until the last in a determination to fly, but shortly after noon they conceded that this would be impracticable and so they decided to go as they came last night.

DE PERE MAN NEAR DEATH FROM MERCURY TABLETS

Leonard Schampers, 35, West De Pere, is in St. Elizabeth hospital here suffering with poisoning by chloride of mercury tablets which he is said to have taken at the home of his brother-in-law, Henry Bowers, four miles north of Kaukauna. He became ill about 8 o'clock Thursday night. His physician was unable to say whether he would recover.

Mr. Schampers is said to have been dependent for some time.

INEXPERIENCE OF PILOT CAUSED FALL

Government Blames Oshkosh Air Crash on Henry Dunbar, Pilot

Washington, D. C.—(P)—Inexperience on the part of the pilot was the chief cause attributed to the airplane disaster at Oshkosh, Wis., April 22 when a machine driven by Henry Dunbar crashed with two passengers, it was learned Saturday from the aeronautics section of the United States commerce department.

Robert Buttsch, one of the passengers, was killed in the crash. The aeronautics section gave its word on the cause of the accident after James Keeney, an inspector who went to Oshkosh, made his formal report on the accident. The text of the report was held confidential.

D. Kiscarrick, chief of air regulations said that the inspector's report had not brought to life any new facts of the disaster and said that apparently no violation of air service regulations had been indicated.

Dunbar, at the time of the flight, was a student pilot, awaiting completion of his training before obtaining a government license. The passengers with him at the time of the crash were partners in ownership of the plane and were consequently private persons taking a private ride in going up. It is not likely that the department will deal further with the matter.

AMERICAN RESIGNS AS INTERNATIONAL JUDGE

Geneva—(P)—John Russell Moore, American, who had been named to the post of international judge of the court of international justice since 1921, announced his resignation Saturday.

Mr. Moore in forwarding his letter of resignation to Sir Eric Drummond, secretary general of the League of Nations, explained that he was withdrawing to devote his entire time to the completion of a mammoth treatise on international law. This will comprise 75 volumes.

Mr. Moore has spent 12 years on this work which deals with the history of arbitration and conciliation since the earliest times.

DRUGSTORE ROBBERS KILL POLICE OFFICER

Chicago—(P)—Patrolman Arthur Egan was shot dead by drugstore robbers Friday night—the eighth police victim of gunning bullets—since Jan. 1 and the fourth this month.

Egan didn't have a chance. He stepped into a North Clark street drugstore to buy a pack of cigarettes. He was shot in the back by a man who was waiting for him. Egan was shot in the back by a man who was waiting for him.

The robbers who shot Egan fled without obtaining money. Two hours later police arrested three men for the murder. They carried a pistol recently fired.

BURGULARS NEED TRUCK TO TAKE STOLEN SAFE

Madison—(P)—Sheriff Fred T. Finn and Police Investigator Paul J. Brundage left Madison Saturday for Cambridge, Wis., to investigate the theft of a safe and a truck.

VALIANT FLYER LAID TO REST AS RAIN FALLS

Crowds Brave Worst April Rain and Wind of Capitol to Pay Last Respects

Washington—(P)—Floyd Bennett, who died trying to succeed the brave of his own adventurous calling, rested in the peaceful embrace of Arlington National cemetery Saturday. North a storm-swept area slope reserved for heroes dead.

During one of the worst April rain and wind storms ever to descend upon the national capital, Bennett, the sailor-aviator, was laid to rest just before dusk Friday on a steep hillside across the Potomac that faces the polo he was first to conquer, by airplane, with Commander Byrd.

As the nation mourned and high government officials and officers of the army stood by with the widow in a cold, drizzling rain, and hundreds of 35-year old aviators, the body of the first man to fly across the Atlantic was lowered in a grave close to that of Admiral Peary, first man ever to attain the Arctic summit.

FULL MILITARY HONORS

Full military honors were accorded the aviator.

Three crackling volleys from naval rifles and a muffled "tap" from a sailor's bugle were his requiem. A battalion of blue-jacketed comrades were his last escort.

A taped enclosure, just a little more than a stone's throw from the tomb of the unknown soldier in front of Arlington's amphitheater, marked the grave where hundreds had gathered despite a downpour that swept the cemetery with increasing fury as the evening wore on. Wreaths were laid high on the grave itself, among them one from President and Mrs. Coolidge.

A navy band with quiet refrain dignified the approach of the body from its long journey from Quebec.

Naval party officers transferred the casket from the train shed to the base and the long journey through the wet streets of the city to the hill south of the Potomac was begun.

At the cemetery gates, Bennett's comrades in column formation, with the band and a little group of fellow flyers who flew here from Hampton, Va., formed the military escort to the grave.

But that day a merely fly as the procession swung into the half-mile journey. A sudden gale was dropped over the casket as it was transferred from the house to an army gun car and a naval officer, Admiral Hughes, chief of naval operations, a assistant Secretary, Warner, representing the navy, and a group of British and Spanish aviators, and diplomats, and a federal disturbance in automobile.

The simple rites at the grave were pronounced by the Rev. E. L. Smith of Norfolk, pastor of the church of which Bennett was a member. Senior Chaplain Deane of the navy, assisted.

Just before the arrival of the cortege, Secretary Hoover and other attaches of the British and Spanish embassies made their way to the grave to pay their respects.

Behind the casket, in a little space that sheltered only partially a little group of mourners, stood Mrs. Bennett, leaning heavily on the arm of a friend, and a group of aviators. A few of the aviators were wearing their flight suits, and some were wearing their flight suits.

Two of the aviators were wearing their flight suits, and some were wearing their flight suits. Two of the aviators were wearing their flight suits, and some were wearing their flight suits.

WIND STORMS, SNOW, FLOODS WRECK LANDS

Frost Feared in Fruit Belts That Might Involve Millions of Dollars Damage

SNOW BURIES BLOSSOMS

Bottom Land Crops Menaced by High Waters, Winds Kill Four in Florida

With the furious dying east, winter came back to the middle Atlantic states Saturday, and over large sections hid the creations of spring the under drifts of snow.

The Shenandoah valley, where the apple trees were bursting into bloom, was buried in places under six foot drifts. Along the seaboard, warmer temperatures changed the snow to rain, but the fury of the gale was unabated.

The snow spread over most of Pennsylvania and West Virginia, disrupting transportation, while the gale tore down telegraph and telephone wires. The snow also covered parts of Virginia and Kentucky.

Atlanta—(P)—An apprehensive south took advantage of clearing weather Saturday to survey the havoc wrought over a 48-hour period by wind storms, snow and minor floods, falling just short of disaster, but unseasonable low temperatures in their wake.

Frost was feared in the fruit belts of North Carolina and Georgia, and eventually that might involve millions of dollars of damage, and, at many points in the affected area, bottom land crops were menaced by high water.

The Shenandoah valley of Virginia, ordinarily increased in apple blossoms at this time of the year, was buried under 12 inches of snow with drifts reaching six feet on the high places.

Wind storms from the gulf struck Florida north of Tampa and traversed the state in less than two hours, emerging on the east coast near Daytona Beach. It was more than 12 hours, however, before the 150 mile area was again in communication with the world and it had been learned that four persons had been killed, two lives and a man, by a live wire, and Negro by the collapse of his home.

At Jackson, Miss., two were injured and \$500,000 property damage caused by high winds.

10 FAMILIES HOMELESS—Ten families were left homeless when a heavy blizzard swept the village of Ashmole, where 12 men from Birmingham, one man was killed by a live wire at Florence, Ala., and most of the highways in the southern part of the state were still impassable.

Remained in Georgia, where the population of West Hambridge prepared to flee as the river rose to unprecedented heights. In Arkansas main levees on the White river threatened to collapse, menacing a wide area of newly planted crops. At Carville, Fla., the old soldiers of the flood-swept town were preparing to return to their homes despite warnings that the damage had not entirely passed. Clear weather and rising temperatures were forecast for the entire south over the weekend.

GALE DROWNS THREE—Atlantic City, N. J.—(P)—Three men were drowned in a terrific gale which swept the shore. The gale was so violent that it was feared that the gale would sweep the shore. The gale was so violent that it was feared that the gale would sweep the shore.

Have for blankets followed the gale along the seaboard. The men were on the crew of the trans-Atlantic plane Bremer, who were unable to fly from Washington to New York, and Berndt Mitchell field, Long Island, was forced down at Miller field and was unable to make the 20-minute flight back to Mitchell field.

Two New York harbor pilots, after taking trans-Atlantic liners down the bay, were unable to board the pilot boat at Sandy Hook and became unwilling voyagers to Europe.

Railroads became the only means of communication in several towns in Pennsylvania, West Virginia and Maryland after the storm disabled telephone and telegraph connections. The Associated Press broadcast news from three states when leased wires went out of order.

1924 FUND SCANDAL
RUINED CHANCE FOR
EX-GOVERNOR LOWDEN

Turned Down Harding's Offer to Make Him Secretary of the Navy

EDITOR'S NOTE: This, the sixteenth in the series of Presidential Campaign Portraits written for The Post-Crescent by Robert Talley, is the first of three articles dealing with the career of ex-Governor Frank O. Lowden. The second will appear tomorrow.

BY ROBERT TALLEY

Washington—The man who turned down Harding's offer to make him secretary of the navy, Coolidge's offer to make him ambassador to the Court of St. James and the Republican National Convention's offer to make him vice president of the United States is now a candidate for the job that has filled his dreams for 20 years—the presidency.

He is Frank O. Lowden of Illinois, who was born in Minnesota and reared in Iowa. He is 67 years old now and, if elected, would be well past 68 when he entered the White House. But age has rested lightly upon him. Gray-haired, blue-eyed, firm-jawed, built like a stevedore, he is as robust and as active today as a man 20 years his junior.

This year marks his second effort to get the presidential nomination. In 1920 he campaigned as a business man's candidate and failed. In 1924 he seeks the nomination as the farmers' candidate.

His singularness of purpose has marked Lowden's career ever since he set his eye on the presidency. At Cleveland in 1924, after the Republican National Convention had gone through the formality of nominating Coolidge for another term, the party offered Lowden the vice-presidential nomination on a silver platter. Everybody realized that the Republican nomination was tantamount to election that year, but Lowden refused to accept it.

"They denied me the presidency in 1920 and I will not accept it now by walking slowly behind the hearse of some other man," Lowden said.

He wanted to be president—or nothing at all.

Luke Banquo's ghost, the sensational disclosures in 1920 that Lowden's agents were spending huge sums to "buy" the votes of convention delegates—particularly those from the crucial border states and the negro delegates from the south—have returned to haunt him after eight years.

Lowden's friends say the money was so spent without Lowden's knowledge. They attribute it to overzealousness on the part of Louis L. Emmerson, recently nominated for governor of Illinois, who was the bursting agent for Lowden's pre-convention campaign. At any rate, the story was brought out by a senate committee headed by Senator Borah. Lowden forces admitted having spent \$38,000 in Missouri alone. Lowden repudiated the delegates involved.

But 1920 was a "spending year." The futile effort to win the general election cost him \$1,750,000, and even then the Wood campaign fund "went broke" 30 days before the convention, it was revealed later in a suit brought by Col. William Cooper Procter, Cincinnati soap manufacturer and Wood "angel," to recover part of the money he had advanced. Meanwhile, as Lowden and Wood were fighting it out, Harry M. Daugherty was quietly circulating around, lining up second-choice votes for Senator Harding of Ohio.

When General Wood reached his maximum he had 312 votes and Lowden was only a hair's breadth behind. Johnson's maximum was 148. Johnson was a hopeless entry and the Borah committee's disclosures, being made in Washington just at that time, rendered the nomination of either Wood or Lowden impossible.

So, when the deadlock broke, Harry Daugherty trotted out his dark horse, Senator Harding, who had started with only 65 1/2 votes. The rest is history, including the forced retirement of Attorney General Daugherty a few years later.

Aside from five rather colorless years in the United States Congress from the 13th district of Illinois until he voluntarily retired in 1923, the only political office Frank O. Lowden ever held was that as governor of Illinois. From 1916 to 1920, as governor, he converted a state deficit into a state surplus of \$15,000,000, despite the fact that he twice raised state taxes, clipping off \$7,000,000 a year.

Business acumen and ability did it, Gov. Lowden consolidated 125 state departments and bureaus into nine compact departments with responsible heads, applied the budget system to state finances and succeeded admirably.

Putting the state on a business basis was easy for Gov. Lowden. For years, he had been a business lawyer, dealing with complicated business problems, and he merely applied his business principles to the state government.

Once there was a baker's war in Chicago and Lowden was engaged by one of the factions as its attorney. He not only succeeded in halting the war, but he brought the warring factions together into a merger and out of this arose the National Biscuit Co. He is also given credit for having organized the American Radiator Co. and other "big business" concerns.

Lowden's law practice and investments have made him wealthy. Moreover, early in his career as a lawyer, he married a daughter of George M. Pullman, the wealthy sleeping car king.

A few years later, when George M. Pullman died, Mrs. Lowden and her sister divided between themselves the thirty Pullman millions.

TOMORROW: A Minnesota Farmer's Boy.

RASEY GETTING BETTER
IN MILWAUKEE HOSPITAL

The condition of Lee C. Rasey, former principal of Appleton high school, was much improved Friday, according to word received by Joseph C. Koffend, Jr. Mr. Rasey is confined in the Milwaukee hospital, Cedar and Twenty-second-sts., Milwaukee, with a severe attack of influenza. Earlier in the week his condition was critical.

BRIDGE WORK DELAYED
BY SHORTAGE OF STEEL

Construction work on the bridge being constructed across the Fox river canal at Little Chute is practically at a standstill due to the failure of structural steel to arrive. Concrete work has been completed and further progress pending on the beginning of steel work by the American Bridge company of Chicago, which has a subcontract for that portion of the work. The Simpson-Parker Construction company of Appleton has the general contract. The bridge will cost approximately \$50,000 and is to be completed by July 1.

STUDENTS OF EIGHT
SCHOOLS COMPETE IN
GRAND CHUTE MEET

Badger School Representatives Manage to Place in Nearly All Events

BY W. F. WINSEY

Three hundred people attended the field meet and spelling, reading and arithmetic contests of pupils of the rural schools of town of Grand Chute at the Woodlawn school Friday afternoon. The schools entered and the teachers were: Woodlawn school, Irene Maas teacher; Twin Willow school, Dorothy Kempfert teacher; Elm Dale school, Margaret Kronz teacher; Whispering Pines school, Mrs. Hoogman, teacher; Sandy Slope school, Cecilia Moore teacher; Delong school, Margaret Sambs teacher; Columbia school, Teresa Heinske teacher; Badger school, Florence Keating teacher. The judges were, Miss Marie Vanneman, recreation director of the Appleton Woman's club, E. Zeidler, Pettibone-Peabody Co., and Melvin Bartz, athletic manager Appleton high school.

The Badger school won first place in the spelling, arithmetic and reading achievement contests with an average of 94 per cent. The Woodlawn school won second place with an average of 81 per cent and the Elm Dale school third place with a average of 76 per cent.

The winners in the track events were, climbing, Edmund Miller, Woodlawn school, first, Albert Gutchow, Badger school, second, Arnold Coenen, Elm Dale school, third.

Dash, 75 yards, Clement Zuelzke, Columbia school, first, Robert McCoy, Badger school, second, Gust Croell, Elm Dale school, third.

Standing broad jump, (boys) William Turkow, Woodlawn school, first, Robert Bergacher, Whispering Pines school, second, and Clement Zuelzke, Columbia school, third.

Running broad jump, Albert Gutchow, Badger school, first, Ralph Rohm, Woodlawn school, second, and Gust Croell, Elm Dale school, third.

Baseball throw for accuracy, Arnold Coenen, Elm Dale, first, Stanley Cook, Whispering Pines school, second, and Robert McCoy, Badger school, third.

Relay race, 40 yards, Woodlawn school, first, Triangle school, second, Elm Dale school, third.

Basket ball, free throw, Albert Gutchow, Badger school, first, Albert Cooley, Twin Willows school, second, and Joseph Stoffel, Triangle school, third.

Balancing tests, Helen Boetcher, Elm Dale school, first, Dorothy Rogers, Badger school, second, and Deltha Champeau, Twin Willows school, third.

Dash, 50 yards, Deltha Champeau, Twin Willows school, first, Lorrie Miller, Triangle school, second, Eunice St. Louis, Whispering Pines school, third.

Relay race, 300 yards, (girls), Twin Willows school, first, Woodlawn school, second, and Elm Dale school, third.

Baseball throw for distance, Bernice Wiegand, Whispering Pines school, first, Mabel Ducat, Elm Dale school, second, and Elizabeth Haferbecker, Woodlawn school, third.

DOPE SELLS AS GOOD
CONGRESSIONAL TIMBER

Madison political posters believe that the large vote polled by Arthur Selts, elect one of the Ninth district delegates on the regular Republican ticket, has caused his name to be mentioned as a candidate to wrest the Republican nomination for congressman from this district from George J. Schneider, incumbent. Mr. Selts has not made any statement on the subject but it is understood that while he is not unwilling to run, he believes a conference of regular Republicans should make the district selection. He has been quoted, the Madison writer says, as saying, "he thinks Joshua L. Jones, Appleton, private secretary to the governor, might make an acceptable candidate for the nomination."

LEGION MEN PLAN FOR
MEMORIAL DAY SERVICE

Outgamic-co American legion posts are planning to take active part in the celebration of Memorial day and decorating of graves, according to reports made at the meeting of members of the county council Thursday evening at Hotel Northern. Other problems discussed was the initiation fee which will be charged all new members beginning next year and the work of service officers in various posts. The initiation fee for new members of the legion is a new innovation. Most legionnaires are of the opinion that if, after ten years, ex-service men have not joined the organization, an initiation fee to restrict membership is proper. Only men who have never been members of the organization will be charged the fee, it is said.

BUILDING PERMITS

Three building permits authorizing construction estimated at \$7,600, were issued Saturday by John N. Welland, building inspector. They were given as follows: Simon Mathews, 533 N. Richmond-st., open porch on residence, \$200; A. Castensen, 1126 N. Richmond-st., addition to residence, \$400; John A. Weber, 627 W. Winnebago-st., residence and garage, \$7,000.

Dance at Friendship Pleasure Club, Sun. April 29.

MAY FESTIVAL SOLOIST

Barre Hill, a rising young baritone, will be one of the soloists with the Minneapolis Symphony orchestra at the annual May Music festival here next month.

Among the artists who will appear as soloists at the Appleton May Music festival on May 15 and 14 at Lawrence Memorial chapel will be Barre Hill, a young man who is rapidly taking his place as one of the most interesting baritones of his generation. Mr. Hill is not unknown in Appleton for when he sang at Oshkosh recently many local persons attended the concert.

When the Schola Cantorum and the Minneapolis Symphony with Carl F. Watterman as musical director and Henri Verbruggen as orchestral conductor presents as the first concert of the festival the oratorio, "Elijah" Mr. Hill will be one of the soloists. He also appeared as soloist in "Elijah" when it was given at Lake Forest college and at Waukegan, Ill.

Teachers Using Poems
To Instruct Children

A book of poems for grade school children has been compiled by Appleton teachers and is now being used both as a text and guide to be followed in the teaching of thought and expression in the city's schools.

A list of ten poems to be memorized each year by children and a list of ten to be read are contained in the handbook. Teachers are asked not to dissect each poem but to study it with the children so the latter may get the beauty and the thought from it. The list is tentative according to a preface written by Ben Rohan, city superintendent of schools, and teachers are asked to give suggestions as to changes that might be made from year to year.

Among the poems to be learned by kindergarten children are the three rules each child should keep to make life happy and bright, Who Has Seen

DEMOLISH END WALLS
ON HIGHWAY CULVERTS

Green Bay—(P)—"Highway tombstones" will be removed from Brown county's highways.

With an air hammer and chisel mounted with their compressors on trucks, a crew of highway workmen are engaged in demolishing the heavy concrete walls that mark the ends of culverts. The end-walls are being replaced with black and white posts.

Abolition of the tombstones, a name applied to the culvert-ends by the newspaper, was decided upon because of the numerous automobile accidents attributed to them. Looming suddenly out of the dark, most of them are so near the road as to prevent clearance of passing cars if one occupies a bit more than its share of the road. They have figured in other forms of automobile accidents.

It is expected that the work of removing the walls will take a few weeks. The Brown county workmen are not equipped as those in some northern counties, with a swinging steel ball, hung from a truck end, which batters the walls down.

REELECT FRED HOLZ
TO PENSION BOARD

Two new members were elected and one old member was reelected to the firemen's pension board by the Appleton fire department Friday. Fred Holz was reelected to the board and Emil Schwann and William Hillman were elected to succeed George Brauer and Jacob Kromer. Other members of the pension board are Chief George P. McGillan, Mayor A. C. Rile, City Treasurer Fred E. Bachman, and City Clerk E. L. Williams.

ALL HIGHWAYS NOW
PASSABLE, IS REPORT

All county, state and federal highways in Outagamie-co are in fair condition and motorists need have no fear of becoming mired, according to A. G. Brusewitz, county highway commissioner. Mr. Brusewitz said that motor-trucks, laid earlier in spring over the muddest sections of gravel and dirt roads, have been removed from roads except in one section on Highway F.

Speeder Pays Fine
William F. Fine, 533 N. State-st., was fined \$10 and costs by Judge Theodore Berg in municipal court Friday afternoon when he pleaded guilty of speeding. Fine was arrested Thursday evening by Motorcycle Officer Gus Harskorn, for traveling 34 miles an hour on S. State-st.

Benjamin J. Huberty, La Crosse, is spending the weekend with friends in Appleton and Kaukauna.

BUSINESS LEADERS
OF STATE MEET AT
MADISON MONDAY

Judson G. Rosebush of This City Will Be One of Chief Speakers

Madison—An informal affiliation of business interests from the various fields in which they now move in their own groups, and a co-operation of leaders in Wisconsin business and industry with research men at the state university for discussion of common problems is expected to be a result of the business man's conference to be held in Madison, Monday, April 30.

Certain problems are expected to crystallize in the sessions, which will bring together the points of view of manufacturers, merchants, bankers, farmer representatives, and other business interests. The conference is to follow 400 invitations sent out under direction of the School of Commerce and the Extension division of the university.

"We have already had a very encouraging response to the invitations," comments Prof. W. H. Kieckhefer, chairman of the committee in charge. "This resumption, in modified form, of the yearly conferences that were interrupted by the war promises to bring the university and the business men of the state into contact that should prove helpful to both."

The interdependence of Wisconsin business interests will be the topic at the morning session, to be held in the assembly chamber of the state capitol.

F. H. Clausen, agricultural implement maker of Horicon, Wis., will discuss this subject from the manufacturers' point of view. He is a past president of the Wisconsin Manufacturers' association and is known as an analyst of business problems who has assisted in many public undertakings. He is an alumnus of the University of Wisconsin law school.

Carl Herzfeld, prominent in Milwaukee mercantile circles, will deal with the question from the merchant's standpoint. Mr. Herzfeld in the past has made important studies and addresses on legislation and taxation as affecting business interests.

C. F. Schwenker, state banking commissioner, who will give the banker's side of the story, had successful experience in banking at Chippewa Falls before taking public office. He graduated in 1911 from the School of Commerce, University of Wisconsin. Professor B. H. Hibbard, University agricultural economist, will speak on the farmer's part in the general business situation. He is the author of treatises on marketing, land policies, and other farming and economic subjects, in which he is a recognized authority.

The subject for discussion at the afternoon session, to meet at 3 o'clock in Bascom Hall theatre, will be "Wisconsin prosperity."

Judson G. Rosebush, Appleton paper manufacturer, will speak on the "outreach" or social aspects of prosperity. Mr. Rosebush has engaged in paper manufacturing, lumbering, and power operations in Washington, Wisconsin, Michigan, and Canada, is a director in several banks, and has taken part in many public activities. He is the author of a book, "The Ethics of Capitalism," published in 1922.

J. H. Puelicher, Milwaukee banker, will present an analysis of installment selling and its effects on business. Mr. Puelicher is a specialist in the savings field, having been government director of savings for the Seventh Federal Reserve district since 1919. A number of years ago, while a bank clerk, he took evening courses in business offered by the University Extension division in Milwaukee. He has worked in all phases of banking, becoming a bank president in 1920 and serving as president of the American Banking association in 1922.

President Glenn Frank of the University of Wisconsin will discuss "The University and Research" at the dinner session in the evening. Philip G. Fox, assistant professor of business administration at the university, will talk on "A Plan for Co-operation in Research Between the School of Commerce and the Business Interests of the State."

Dr. Lee Galloway, whose topic is "What Commercial Research Can Do for the Promotion of Wisconsin Prosperity," is editor of business magazines and author and editor of business books, New York City. He is a native of Wisconsin, and for 18 years was a professor of commerce and industry in New York university.

THREE SEEK JOBS IN
FEDERAL INDIAN SCHOOLS

Three applicants for appointment as teachers in Federal Indian schools were writing examinations at the post office here Saturday morning under direction of Assistant Postmaster J. J. French, secretary of the board of civil service examiners. There are three positions open in the federal Indian schools and there was one applicant for each position.

RAINBOW DIVISION VETS
MEET MONDAY EVENING

Rainbow Veterans will hold their monthly meeting Monday evening at Armory G. according to John E. Hantschel, secretary. A committee appointed to present a petition to the Menasha common council asking for the improvement of the road leading to the veterans' cottages on Lake Winnebago at Menasha, will make a report. Routine business matters will be transacted.

COUNCIL COMMITTEE
DISCUSSES NEW CODE

Members of the ordinance committee of the city council discussed the revised traffic ordinance and the ordinance on officers, boards and commissions at their meeting with L. Hugo Keller, reviser of the city code, Thursday evening. A part or all of the revised ordinances will be discussed informally among members of council sometime during the next few weeks and probably will be adopted late this month or the first part of June.

LEGIONAIRE GOT
HIS VACATION
BUT NO SALARY

Madison—(P)—When Ray Stackland went to the American Legion convention in Paris last summer, he thought he was on a vacation with a salary. Upon his return to Madison he discovered he no longer had a job. Now he is seeking to recover, through court action \$200 from Joseph Heilprin, by whom he was employed as a fruit salesman. A justice court granted Mr. Stackland his \$200 salary, but Mr. Heilprin appealed, and the case went to a jury in Dane county circuit court late Friday.

Mr. Stackland alleged that Mr. Heilprin agreed to let him take a month's vacation in 1927, provided he did not take one in 1928. The arrangement was made, he said, so he could attend the Paris convention of the Legion.

Mr. Heilprin contended that he had not agreed to give his employee a vacation with pay either in 1926 or 1927, or that he made any agreement relative to "saving" a 1928 vacation.

UNIQUE RECORD IN
METHODIST HISTORY

Appleton Sends Four Delegates to International Conference of Church

A record unique in the annals of Methodism will be established at the general conference of the Methodist Episcopal church in Kansas City, next week when four Appleton men answer to the roll call of delegates. According to prominent local Methodists, this is the first time in the history of the church that a city of less than 100,000 population sent as many as four delegates to an international conference attended by 850 representatives from every country on the face of the earth.

The delegates are Dr. H. M. Wriston, president of Lawrence college, Dr. Richard Evans, superintendent of the Appleton district; Dr. J. A. Holmes, pastor of First Methodist church, all representing the Wisconsin conference, and Dr. J. R. Denyes of Lawrence college, representing the West Wisconsin conference.

The delegates will leave here Sunday and expect to attend the opening session on Tuesday May 1. The conference continues until May 30.

The general conference is made up of approximately 425 ministers and the same number of laymen.

The Rev. F. J. Turner, Wausau, will fill the pulpit of First Methodist church on Sunday, May 6. Dr. Holmes announced. The following Sunday the Rev. C. W. Haywood of Waukegan will preach here and on Sunday, May 20, the pulpit will be occupied by the Rev. J. L. Hartman, Milwaukee. The Rev. H. E. Murkett, Wauwatosa, will preach here the last Sunday in May.

FIRE AT NEW LONDON

Sparks from a chimney are believed to have been the cause of the roof fire on the junction depot at New London, Friday morning causing \$25 damage.

L. H. Lyon of Manitowoc visited friends here Friday.

LETTER GOLF

THIS NEEDS A KEY WORD
If you find the key word in today's puzzle, its easy to LOCK the DOOR. It's a par four and one solution is on page 7.

L	O	C	K
D	O	O	R

THE RULES

- 1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change Cow to Hen, in three strokes, COW, HOW, HEV, HEN.
- 2—You can change only one letter of common usage, for each jump. Slang words and abbreviations don't count.
- 3—You must have a complete word at a time.
- 4—The order of letters cannot be changed.

EVERYTHING READY
FOR ANNUAL JOB OF
CLEANING UP CITY

Have Your Rubbish on the Curb, Street Commissioners Warns

"Cleanup week" begins in Appleton Monday morning and R. F. Hackworthy, street commissioner has again issued a warning that rubbish should be placed in front of local homes in containers so street department employees will have no trouble putting it on trucks.

Collection of rubbish will start early Monday morning in the business district between Lawrence-st and the Chicago and Northwestern railway tracks. Four trucks probably will start in the district east of Appleton-st. and work north and south and east and west until that section is completed. They then will start collecting in the district between Lawrence-st. and the railroad tracks west of Appleton-st. When this has been completed, two trucks will begin work in the district north of the business section and two more in the section south of the tracks.

Residents outside the business district should have their rubbish set out by Wednesday morning. If rubbish is not on the curb when the trucks go by the first time it will not be collected, according to Mr. Hackworthy.

Seek Check Passer

Police here have been asked to watch for C. Keuse, Peoria, Ill., wanted at Watertown for passing worthless checks. Keuse, a fluent talker, cashed a \$25 check drawn on Wisconsin National bank at Watertown. The warning was issued by the protective department of the Wisconsin Hotel keeper's association.

SPORTS NEWS OF NEENAH AND MENASHA SOCIETY

MISS ROBERTSON
AGAIN IS HEAD OF
ECONOMICS CLUBWomen Elect Officers and
Decide Upon Program for
Year

Menasha—Miss Edna M. Robertson was reelected president of the Menasha Economics club Friday afternoon at the annual meeting at the public library. Other officers elected were: First vice president, Mrs. John Chapman; second vice president, Mrs. Mae Redner Johnson; secretary, Mrs. G. W. Collipp; treasurer, Mrs. W. L. Wheeler.

New standing committees

Membership—Mrs. William Daniel, chairman, Mrs. L. W. Whitmore, Mrs. George M. Thompson, Miss Buddie Dudley, Mrs. George E. Forkin.

Program—Mrs. W. P. McGrath, Mrs. L. L. Whitmore, Mrs. S. E. Crockett, Miss Sallie Pleasants.

Resolutions—Mrs. John Strange, Mrs. F. S. Durham, Mrs. John Chapman.

Printing—Mrs. H. P. Pierce, Mrs. John Studley.

Public health and welfare—Mrs. VanBuren Watkins, Mrs. F. M. Arbuckle, Mrs. H. W. Jones, Mrs. F. M. Corry, Mrs. F. S. Puller.

Civics—Mrs. H. B. Bullard, Miss Ethel Mackinnon, Miss Pauline DeWolf, Mrs. D. H. Greene, Mrs. G. W. Collipp, Mrs. B. H. Metternich.

Refreshments—Mrs. Mae Redner Johnson, Mrs. A. A. Fisher, Mrs. F. J. Scheller, Mrs. Frank Pankratz, Mrs. William Daniel.

A miscellaneous program was decided upon for the coming year which was referred to the program committee to work out. The new officers will serve for a term of two years, while the members of the committees will serve for one year.

DENIES HE FAILED TO
SUPPORT WIFE, CHILD

Menasha—John Weinfurter of the town of Menasha pleaded not guilty to a charge of non-support of his wife and baby when arraigned in municipal court at Oshkosh Friday. D. K. Allen appeared for him and informed the court that the baby was in court with a neighboring woman who had been caring for it. He made the statement that the wife and mother had neglected the child and that the neighbors wished to adopt it if consent of the parents could be obtained. On Mr. Allen's suggestion, Weinfurter was released to get work and was ordered to pay for the support of the child to the people who are caring for it. The matter was set for trial May 23.

ENGINEER PROPOSES
CITY SELL POWER PLANT

Menasha—Menasha has an opportunity to sell its municipal power plant. City Clerk John Jedwabny, Jr. received a letter Saturday from E. J. Condon, Jr., consulting engineer, Illinois Merchants Bank Building, Chicago, inquiring if there was any good reason for the city not selling it and investing the money in other directions. He called attention to several ways in which the returns would be greater. He also called attention to how much less expensive it is for a large corporation to handle a plant of that kind than for a municipality to attempt to do so.

MENASHA BALL TEAM
HAS 5 GAMES BOOKED

Menasha—At the monthly meeting of St. Mary's Young Men's club Thursday evening it was announced that five games had already been booked for St. Mary's baseball team. They include the Fond du Lac Orioles, the Oshkosh baseball team formerly the south side merchants team, the Kelly team of Green Bay and Two Rivers team. The first game Sunday, May 3, will be a practice game with a local team.

HUMMEL SCHEDULED TO
REACH BREMEN TODAY

Menasha—The Rev. John Hummel and party who sailed from New York on the Munich nine days ago for Bremen, Germany, were due to reach their destination today. They left Menasha Sunday night, April 15, but did not sail until five days later. The Munich is a nine days boat.

MENASHA
PERSONALS

Menasha—Miss Margaret Mohr is taking a three months vacation from her duties at Sunnyside sanitarium which is spending with Menasha relatives and friends.

Gerald Remmel and Gordon Barts have enlisted in the United States navy and went to Milwaukee Friday to enter the service.

CALL FIRE DEPARTMENT
TWICE DURING MORNING

Menasha—The fire department responded to two calls Saturday morning. The first was to the Frosser residence on Kaukauna-st, where a shed was threatened. The second was a grass fire on Nassau-st.

NO REHEARSAL

Menasha—No rehearsal of the five and drum corps of the Henry J. Lenz post, American legion, was held Friday night on account of the illness of Theodore Steinmetz, director. He is in a Green Bay hospital.

Big Dance at Hamples Cors., Sat. Nite. Roads in first class condition.

SOCIAL ITEMS AT
MENASHA

Menasha—The Women's Catholic Order of Foresters of St. Mary church installed its new officers Thursday evening. The installing officers were Mrs. Theodore Suss. The ceremony was followed by cards at which the honors were won by Mrs. Lawrence Liebhausen, Miss Rose Marie Hatt, Miss Joseph Horky, Mrs. Anna Stolp, Miss Gustie Schubert, Mrs. Anna Pokalski, Mrs. M. Muntner and Miss Miss Dorothy Stip. A guessing contest was won by Mrs. Pokalski. A short program was rendered. The members will give an open card party May 16.

The Falcon Athletic society will give its next dance Tuesday, May 1. Harold Menning's orchestra of Appleton will furnish the music.

Announcement has been made of the marriage of Miss Dorothy Stielow and Gerald Kiefer, both of Menasha. The ceremony took place at Waukegan, Ill. The attendants were Miss Cora Kiefer of Milwaukee and Willard Hall of Waukegan.

An open card party will be given in the gymnasium of the school building Monday, April 30. Schafkopf, bridge and whist will be played and refreshments will be served. The proceeds will be used for the purchase of pictures for the school.

Mrs. Edward J. Hoffensperger has issued invitations for a 4 o'clock luncheon and bridge party to be held Saturday, May 5, at Hotel Menasha.

Mrs. S. C. McDaniel entertained the Wednesday Bridge club Thursday evening at her home on Cleveland-st. Bridge was played and the winners were won by Miss Grace Schmalz, Mrs. Leslie Remmel, and Mrs. Marie Rippl. The next meeting will be held at the home of Mrs. Leslie Remmel on Elm-st.

The Garden club will meet next Monday evening at the home of Mrs. Harry E. Bullard, 404 First-st. Anyone interested in gardening is invited to attend.

The D. F. Whist club was entertained Friday evening by Mrs. Edward J. Fahrback at her home 724 Broad-st. Honors were won by Mrs. Bert Finch, Mrs. Fahrback and Mrs. Henry Bruch.

Mrs. Arnold Schmalz entertained for Miss Marie Heinz Friday evening at a shower at the home of Mr. and Mrs. Andrew Heinz, Sixth-st, Neenah. Twenty guests were present and dice and other games were played. Honors at dice were won by Miss Esther Stepanek and Mrs. Dallas Wolgram. Lunch was served. Miss Heinz will be married next Tuesday to Robert Schmalz.

Mrs. Elmer J. Boreson entertained the Third Ward Royal Neighbors club Friday evening at her home, 238 Fifth-st, Neenah. Schafkopf and whist were played and honors at the former game were won by Mrs. William Tullis and Mrs. Marie Hanke, and at the latter game by Mrs. William Redlin and Mrs. John Calder.

The Ladies Auxiliary of the Fraternal Order of Eagles gave a card party Friday evening at Eagles hall. Bridge, schafkopf and whist were played and 21 tables were engaged. Refreshments were served Mrs. Louis Dennis was chairman.

The ladies of the Menasha club will give a card party Monday afternoon at the clubrooms Mrs. John Strange is chairman and will be assisted by Mrs. Hugh Strange, Mrs. W. H. Jones, Mrs. F. J. Durham, Mrs. L. T. Jourdain, Mrs. Ben Plowright, Mrs. H. E. Trilling and Mrs. E. H. Schultz.

The next dance to be given by the Germania Benevolent society will take place Thursday evening, May 3. Doc Wilson's musical entertainers will furnish the music.

TWIN CITY
CHURCHES

ST. THOMAS EPISCOPAL CHURCH
Rev. A. Gordon Fowles, Rector
9:00 Holy Communion.
9:30 Church School.
11:00 Morning Prayer and Sermon.
2:30 P. M. Presentation of Lenten offerings.

CITIZENS ATHLETIC FIELD
TOO SOFT FOR MEETINGS

Neenah—Field meets during the next few weeks scheduled to take place at Citizens Athletic field, will be conducted at Columbus park, instead, owing to the citizens field being unfit at this time to hold such meets. The ground is too soft and it is impossible to get cinders to complete the track. Arrangements have been made with the park commission to place Columbus park in shape for the meets. All dirt for the excavating for the new Senior high school, which will start within a short time, is to be used in placing the new field in shape for the summer. The new field will connect with the school site.

MEET TO ARRANGE
FOR FRATERNAL DAY

Neenah—Committees appointed from the twin city fraternal societies to make arrangements for the annual observance of Fraternal Day, will meet Saturday evening at Equitable fraternal hall to report on progress. The program which is being arranged, will be given at 7:30 on the evening of May 2 at Equitable fraternal union hall, to which the public has been invited.

UNDERGO OPERATION

Neenah—John Scheller, Jr., high school all state center and well known athlete, is to undergo an operation within the next few days for hernia, received Thursday evening while training for track work. He is at present ill at his home.

PLAN PROGRAM AS
NEW SCHOOL STARTEDContractor to Rush Work on
Senior-vocational Building
at Neenah

Neenah—A program at the beginning of work on the new Senior vocational school building, is being talked of by city officials. It is estimated that work on the new building will be started within the next few weeks or as soon as the contractor can get his machinery and equipment on the grounds. It is possible the mayor or president of the school board will lift the first shovel of dirt from the lot. Plans for the new school have been underway for the last four years and by the issuing of contracts last Saturday, the election of a new school became reality. The building is to be started during the summer months with a possibility of completing it during the year.

NEENAH SOCIETY

Neenah—Arrangements have been made for the high school "N" club for a dancing party to be given next Friday evening at Kimberly high school gymnasium. The party will be for high school students. Music will be furnished by Felix Vagabond Kings.

A group of people was entertained Thursday evening by F. J. Sensenbrenner at his home on E. Wisconsin-ave. Dinner was served at 6:30, after which the evening was spent in playing bridge. Prizes were won by Mrs. L. T. Jourdain, E. J. Lachmann, Henry Krueger and Mrs. H. E. Trilling.

The first annual spring dancing party given by Winnebago Chapter, DeMolay, occurred Friday evening at S. A. Cook armory and was one of the social events of the season. A large group of Neenah, Menasha, Appleton and Oshkosh young people were in attendance. The hall was decorated by Hugo Krueger and was one of the prettiest ever seen there.

The weekly dancing party given by the Eagle social club, will be given Saturday evening at the aerial hall on E. Wisconsin-ave. Music will be furnished by the Aerial orchestra.

Pythian Sisters met Friday to conduct initiatory work upon a class of candidates. Preceding the work, a duck dinner was served at 6:30 at Castle hall dining room.

The joint meeting of Kiwanis and Rotary clubs and their wives, scheduled for next Tuesday noon at Valley Inn, has been indefinitely postponed. The talk to have been given by Mrs. Ben Kooper of Oshkosh, also has been postponed until a later date. Instead, the Kiwanis club, which was to have been the host, will transact only routine business.

The young people taking part in the speech plays at high school held a party Friday evening. The evening was spent in games and dancing. Another party will be given Saturday evening by the pupils of the senior English classes.

TWIN CITY
DEATHS

JOHN P. KEATING
Neenah—The body of John P. Keating, which was found Friday noon in the Fox river at Oshkosh, was brought here during the afternoon and taken to Oak Hill cemetery chapel where, at 2 o'clock Saturday afternoon, a private funeral service was held. The services were conducted by the Rev. D. C. Jones, pastor of First Presbyterian church. Burial was at Oak Hill cemetery.

CHARLES SCHULTZ
Neenah—Funeral arrangements for Charles Schultz have been changed to allow for a private service at 1:30 Sunday afternoon at Masonic temple for the family at which the Rev. J. E. Garrett of Oshkosh will preside. The public service will be conducted at 2:30 with full Masonic rites. The rites will be in charge of H. J. Zentner of Oshkosh and the Rev. Mr. A. ten of Fond du Lac will be the presiding clergyman. Masons, Knights Templar, Royal Arch Masons, Eastern Star and Winnebago Chapter, DeMolay, will attend the services in a body while other societies with which Mr. Schultz was affiliated, Equitable Fraternal union, Fraternal Order of Eagles and Modern Woodmen, will be presented by delegations of members. Knights Templars will be the official escorts. Burial will be at Oak Hill cemetery.

PIGEONS HURRY BACK
HOME WHEN RELEASED

Neenah—A consignment of 300 homing pigeons, shipped here Saturday morning from the Northern Homing Pigeon association at Green Bay, were released at the Chicago-Northwestern depot for a test flight. The birds lost no time in circling in the air and starting almost directly for the northern city from which they came.

WANT CITY AID FOR
SUMMER PLAYGROUND

Neenah—Assistance from the city is to be asked by the Red Cross in putting over the annual summer playground at the several parks. This was decided Friday afternoon at a meeting of Red Cross officers. The meeting was called to devise the way in which to continue the playground activities and in view of the fact that the project has become so great, the funds needed to go on with the work are more than the Red Cross claim it can shoulder this year. A committee has been appointed to go before the council at its next meeting and ask for an appropriation to assist in defraying the expense.

NEENAH
BOWLING

FIVE MAN TEAMS

Neenah—Nineteen pin-men teams have rolled their games to date in the Spring bowling tournament conducted at Neenah alleys, with some more going on Saturday night. The leaders up to date are—Valley Inn Buicks, 2959; Queen Candies, 2898; Luckey Strikes, 2879; Popsie Specials, 2868; Bergstrom Papers, 2859; Veneers, 2851; G. Pierce Agencies, 2836; River Crossers, 2815 and Sawyer Papers, 2815.

THE SOCIALIST PLAN

Leading Socialists, meeting recently at Washington, adopted a plank urging the United States to immediately recognize soviet Russia. Soviet Russia is about five thousand miles away.

The same Socialists at the same time refused to adopt a plank or to go on record concerning prohibition. They argued that prohibition was "a question for the Democrats and Republicans." At least prohibition isn't five thousand miles away but right here at home.

It is so much easier to judge things from a distance of five thousand miles. It is such a simple affair to smooth out for Russia its foreign affairs when the Russians can smooth them out for themselves easily enough by merely running their own affairs as they please and leaving others alone. But it is a difficult problem to settle the prohibition matter. Certainly it cannot be done without a controversy and though controversies sometimes make, they also lose friends.

The Socialists however are always up and doing. Congressman Victor Berger announces that he is going to bring to the fore once more the matter of providing by law for old age pensions. The trouble with a matter of this nature involving as it does a most careful study and understanding of the economic structure, it will be merely brought up, turned around for admiring observation, and having served its purpose of getting or attempting to get votes, dropped into the congressional wastebasket.

Who isn't in favor of old age pensions? Who isn't in favor of any plan or proposition that would tend to smooth down everyone's declining years so that departure of the aged from the world might be made with a smile upon their lips. One might think from Socialist literature that old age pensions was something new. It was tried out before the Man of Sorrows walked on Galilee. It was a failure then which does not necessarily mean that it would be a failure now. It was a failure then because it was neither carefully thought out nor carefully planned. Old age pensions would involve an expenditure by the government of hundreds of millions of dollars, a sum constantly increasing into gigantic figures. Where is the money to come from? How is it to be raised? What great reserve is to be created to meet the obligation? Who is to pay it? What are the conditions and restrictions upon those who are to share it? What shall be done with those who spent their youth and middle age serving terms for crime? The answer from the Socialist camp is a deep and gloomy silence. As suggesters of seemingly fine things they deserve a position in the front rank, but for the purpose of solving the intricate and knotty problems that their theories bring up, "Let George do it."

Nothing daunted, Mr. Berger wants to call a constitutional convention so as to rewrite and revamp the constitution of the United States. It doesn't suit Mr. Berger. If we are to follow this advice we will be living quite true to the history of most nations who, having prospered greatly because of the use of sound and practical safeguards, threw them to the winds in a spirit of hilarity or devilry or what not. With all due respect to the Socialist congressman from Milwaukee we adhere to the idea that the constitution as framed by Washington and Jefferson and Franklin and their associates is not such a very bad sort of an instrument. And anyone who wishes can prophesy with the certainty of the rising sun that the nation will live and continue to prosper so long as it adheres to that constitution and enforces it. When that is gone there is nothing but a vast hulk without compass or rudder, the pawn of every frisky breeze or vicious tide.

But what would life be without theorists? Perhaps it is cruel to bring them to earth with practical questions. Before we have old age pensions let the people at least have the complete plan of how the thing is to be worked. And before we

have a constitutional convention let us know what is the matter with the present constitution.

The difference between the Socialists and their foster brother, the Wisconsin Progressive, on the one hand, and the rest of the country on the other, is that the latter are trying to be practical, not that they do not dream dreams and have nightmares but that they wake up in time: for the practical man realizes that before a slice of bread can be eaten lands must be cleared, grain seeded, tended, harvested, threshed, ground, cleaned, shipped, kneaded and baked. There is a lot of work between the start and the finish. Life is still real and quite an earnest thing.

THE STRIKERS WIN

Someone threw the bricks. Or was it perhaps a giddy and mischievous gust of wind that was the cause of the assault? Anyway the jury in federal court has acquitted the Allen-A strikers.

These working men had been taught that the federal court was a great and hideous ogre, thirsting for their blood and ready to snap off their heads; but they walked right in and out again with at least all to which they were entitled, and perhaps more.

The greatest trouble with strikes is the use of violence in some form or another, and violence always begets violence. How shall he who lives by the sword perish? But the question is, what brings about this violence? What is the real cause of it? Is it incendiary talks by unwise labor leaders supplemented by equally incendiary misstatements by those seeking labor's votes? Is the violence brought about by maddening the strikers in telling them "they can't get a square deal anyway"? Then who in fact is responsible for that violence, the striker who loses his temper because untruthfully led, or the one who untruthfully leads him?

Probably no strike of any great proportions can be successful, if long continued, without the aid of public opinion, and probably few strikes ever started without most people pulling for the strikers. Such is human nature. The general feeling of the public, and without any knowledge of the merits of the controversy, is friendly and favorable to the workers. And yet, in this situation, how often has the public opinion, so essential to success, been thrown away by the use of violence, a weapon the public will not tolerate?

Strikes are not easy things to run. It takes strong and capable leadership to direct them. In fact the man who can conduct a strike, directing the affairs of hundreds of men and women who are impatient for immediate results, holding them from doing hurtful things, advising them wisely, overcoming the constant suspicions that arise among them, has rare administrative ability. Too often such men are tempted to blame unfortunate conditions arising, onto someone else, the courts for instance. And when this blame is emphasized by pretending friends of labor who are in fact its worst enemies, but for the moment looking for its votes, it produces an artificial, because untruthful condition, always injurious to labor.

The first essential for labor in a strike is patience. The working man must learn to know that while being out of employment is not a pleasant thing for him, the strike is anything but a pleasant thing for the employer. The least violence that goes on the quicker will come the time when reason will prevail and the matter will be adjusted. Strange reflection on human nature that these disputes cannot be adjusted without the pains and miseries on both sides brought about by the strike.

ROADS IN SPAIN

Spain has its castles, but not much on roads. Since the Roman era road-building has languished there. Time was, a thousand years later, when Spain furrowed the seas with pioneer routes, but her land routes were neglected. It has been so even under so modern a king as Alfonso. The Bourbons are no road-builders.

It took a military dictator to wake up sleepy old Spain and revive the ancient Roman tradition—also modern—that all important places should be joined by well-paved highways. Primo de Rivera has laid out a big program. There are to be 6,000 miles of new roads, constructed in the next ten years, beginning immediately. The Madrid government is going to spend a billion dollars on the work.

That should do more real good for Spain than her foreign conquests four centuries ago. Roads bring motor traffic and tourists, and these bring more roads in turn, and soon the whole country is opened up and reanimated. Roads are as good for old countries as new ones.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author
Dr. Brady really answers all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

HOG IS NOT QUITE RIGHT

A reader says he would like very much to break himself off the tobacco habit. He has been an inveterate user of tobacco for 20 years, having commenced chewing at 8 years of age. He has now stopped chewing, and is under treatment for high blood pressure, but he still smokes about 30 small cigars and a package of cigarettes daily. . . . Then he goes on to complain that he can't concentrate on his work of designing, how his "nerves go to pieces," and all that.

Another reader who asks for advice frankly, if inaccurately, avows that he is a tobacco hog. He, too, mentions high blood pressure, and confesses that he smokes, now, 10 or 12 cigars a day, and a pipe in between.

Still another reader, this one a young woman, says she works in an office next to a man who smokes a foul pipe all day every day. This man might be likened to the hog, but the hog is naturally a cleanly and considerate animal; it is only when his keeper is filthy and careless that the poor hog becomes so. The young woman complains that this foul pipe smoker is a veritable old woman in his fear of a draft and so there is no chance for proper ventilation of the office. She wonders whether the condition will really injure her health, aside from her comfort or feelings. Very likely it will injure her health. She might as well smoke most of the time herself as to inhale this tobacco hog's second hand smoke all the time.

I am very fond of tobacco. I would not use it if I believed temperate smoking ever injured the health of an adult. A smoker whose character is so wispy that he must indulge in the midst of the working hours naturally has no consideration for the sensibilities of others. The all day smoker the young woman complains about should be suppressed as a nuisance by the employer, in the interest of the employer's business. The constant effect of tobacco is to lower the physical and mental efficiency. This has been proved by innumerable scientific tests. Employers who dare to get the worth of their money in the way of labor or service will prohibit smoking in business hours as a matter of course. Indeed, it would be an excellent thing for general welfare if the law should prohibit smoking in business, office or working hours.

Perhaps my personal preference for the pipe is bias. As you will, but I have known many pipe smokers who are always temperate, and very few cigar or cigarette smokers who do not mix smoke with work or play. Pipe smoking, even when one indulges an exotic fancy in the choice of tobaccos and maintains a large flock of pipes, is not extravagance. But I can't understand how a family man can squander money on cigars or cigarettes.

Think of the fine estate our friend the designer could create with the money he now spends for the 30 small cigars daily, if he could buy life insurance with it—but his high blood pressure would probably bar him from that blessing. Think of the increased longevity he might reasonably expect if he regained control of his habit.

I shall be glad to mail advice and instructions for breaking the habit of the smoker who asks for it, briefly stating his habit, and incloses a stamped envelope bearing his address.

QUESTIONS AND ANSWERS

Malaria

I wonder if you can tell me if there is a cure for malaria. Or does one have to have it for seven years? I have had it for two years already. (Mrs. H. R.)

Answer—Yes, there's a cure. Any time before the expiration of the seven years, consult a physician. Seven year malaria is like seven year itch, a mythical malady that prevails in inverse ratio with the (health) intelligence of the victim. If you really have malaria you are likely to have it just as long as you are willing to monkey with self treatment or nostrums. As a rule, with only rare exceptions, residents of your locality purporting to have malaria are mistaken or perhaps trying to mislead some one.

Very Expensive Toy

I notice you make a distinction between "violet ray" and "violet ray." Do you mean that the violet ray is worthless as applied to bald patches on the scalp? Marvelous benefits are claimed for it by the makers of a \$55 violet ray machine. . . . (R. J. S.)

Answer—Yes, I consider so called "violet ray" treatment worthless. It should not be confused with ultraviolet light, which isn't violet at all but colorless as sunlight. Ultraviolet light is a valuable remedy in certain cases of baldness, falling hair, and the like. But it is unsafe except in the hands of a physician. I should warn readers against the insidious commercial appeal made through the columns of some of our most pretentious "health" magazines.

Measles Has Come and Gone

How long should I keep my child from playing with a child that had the measles? Is measles spread by toys? (Mrs. M. P.)

Answer—No danger after the lapse of two weeks, from the beginning of the illness. (Copyright John P. Dille company.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Saturday, May 2, 1903

King Edward of England was given a hearty welcome in France that day. "The French president was at the railway station to meet the king."

The woman's suffrage bill was killed in the state assembly that day, as also was the bill for the election of United States senators by direct vote.

Miss Emma Ferber won the district high school speaking contest at Oshkosh the previous night. Eight speakers represented eight leagues and thirty high schools in the contest.

Drs. G. A. Ritchie, J. S. Reeve and N. P. Mills were to attend the annual convention of the American Medical Association the following week at New Orleans.

F. C. Hyde left that day for Portland and Seattle, where he expected to stay for three weeks.

John M. Baer, Jr., a recent student of the Appleton high school left the previous Tuesday for North Dakota where he was to be employed with a civil engineering crew.

Footstitching, lace stitches, French knots and tucks were the fashionable trimmings according to a style note in that day's paper.

TEN YEARS AGO

Saturday, April 27, 1918

The enemy was held everywhere, according to reports from Field Marshal Iking. Japan had decided officially to assist the allies by supplying 23 vessels to aid in shipping.

Mrs. Edward Becker left for Kenosha that day for a several days' visit with friends.

Mrs. Matt Schmidt was at Escanaba, Mich., visiting her daughter, Mrs. Rosella Riley.

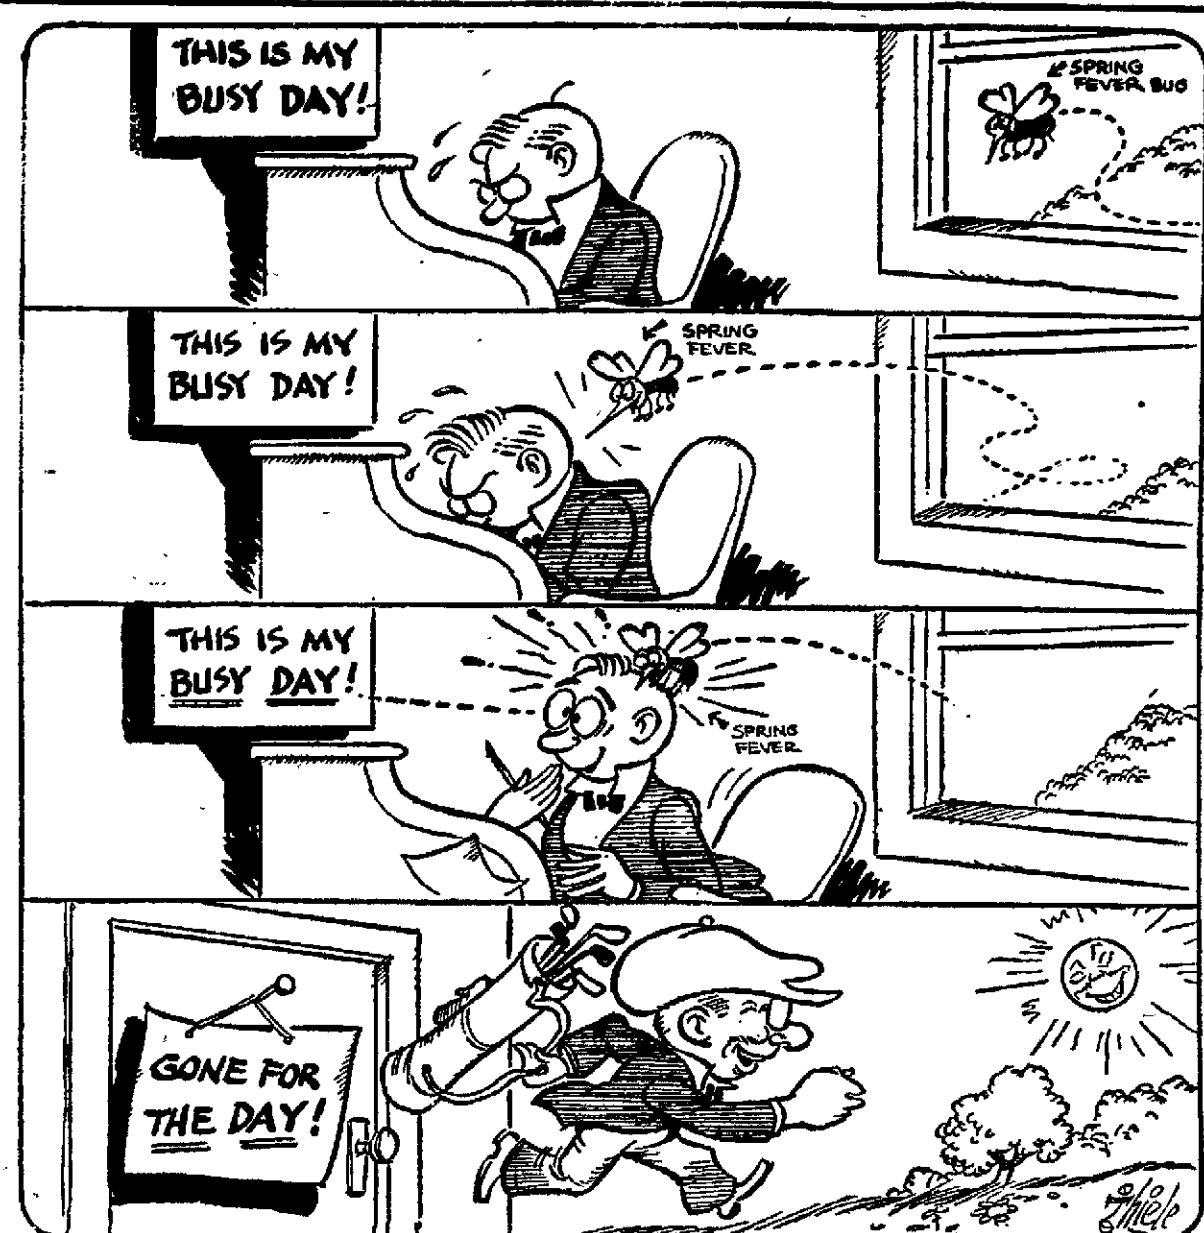

Miss Veronica Green, daughter of Major and Mrs. Charles Green, of the worst states, accepted a position in the Stevens Point high school.

Persons who purchased wheat flour on a physician's certificate were limited to a ten pound sack and to 2 1/2 sacks every 60 days.

Miss Esther Schiebe, daughter of Mr. and Mrs. John Schiebe and Albert Schroeder both of Freedom were married the previous Thursday evening. Miss Gertrude Dettman and Edward Schiebe were the attendants.

Prizes consisting of five pounds of sugar were won by Miss Agnes Tracey and Mrs. Reichel at the card party at the Fourth ward school the previous evening. Proceeds of the party were to go to the Red Cross.

HASKIN WRITES TODAY

ON—

RAILROADS AFTER BUSINESS

Washington, D. C. — Time was, a few years ago, when the railroads of the United States did not need freight and passenger solicitors. They were the business and made it possible for the railroads to borrow money at a rate of about three-quarters of a billion dollars annually to be expended in betterments of various kinds. In all, more than five and a half billion dollars have gone into tracks, heavier rails, bigger and heavier equipment, improved terminals, and the like, since the Transportation Act became a law.

This led to operating economies and efficiencies and the net result of it all has been increased net earnings for the railroads and what railroad officials claim to be the best transportation service the country has ever known, better than is found anywhere else in the world and, relatively speaking, at the lowest rates.

Now the railroads are able to handle all the business they have and there is no market for new business. All this was pointed out by John J. Cornwell, general counsel of the Baltimore and Ohio Railroad, to a gathering of traffic men and representatives of shippers in New York, in admonishing them that there was never a need in railroad history when the needs of the country and the cooperation of shipping interests were quite so potential or necessary as in the immediate present.

"That puts you railroad traffic men on your toes," he said. "You are not to be taken in by the price of your commodities as shippers in other lines sometimes do. You must secure the business through and by the character of the service you offer and through your abilities to impress the shipper with the efficiency of the service you are selling. You must know the needs of your customers and the shipping public. You must deal with your customers so as to retain their confidence and good will."

AN ERA OF BETTER RELATIONS

When representatives of both railroads and shippers first came together to discuss problems and questions in which both sides were interested there was the beginning of a new era of new relations between the shippers and the public on the one hand and the railroads on the other, said Mr. Cornwell.

"It was the Armistice Day in railroad transportation history," he said.

DAILY HINTS FOR HEALTH

CIDER IS AN ESSENTIAL TO THE TUBERCULOSIS

BY DR. MORRIS FISHER, Editor Journal of the American Medical Association and of Hygieia, the Health Magazine

One of the most important factors in the care of the tuberculous is the cooperation of the patient in the handling of his disease.

In a thesis prepared in the University of Minnesota, E. B. Peterson insists that the most important single factor in the cure of tuberculosis is an intelligent attitude of the patient.

Doctors, nurses and social workers endeavor therefore in every possible way to influence the patient to assume an intelligent and constructive outlook.

A questionnaire sent to a score of leading physicians who have specialized in this subject resulted in the almost universal response that reasonableness and courageous attitudes are highly constructive. The worst states are those of fear anxiety and depression.

The patient with tuberculosis who discouraged, hopeless, pessimistic or rebellious is difficult to treat and aids in his downfall.

DISCOURAGEMENT

When a person first learns that he has this disease, he is likely to be upset and depressed. Knowing nothing of modern care, he is likely to feel that the disease will be promptly fatal.

If, however, the physician who

makes the diagnosis will tell the patient that help is possible, that the disease is curable, if treated sufficiently early and sufficiently long, that dozens of persons have achieved world wide fame even though suffering from this disease, he is likely to have a different attitude and to cooperate fully in treatment.

Courage and reasonableness can come only with complete understanding of the situation. For this reason the health education of the tuberculous has come to be one of the most important factors in control of this condition, and a vast literature has grown up for the purpose.

Practically every tuberculosis sanatorium and tuberculosis society now publishes books and pamphlets which are helpful in informing the tuberculous of the important facts relative to their condition.

USEFUL MATERIAL

The National Tuberculosis Association, 370 Seventh Ave., New York City, publishes much material that is useful. Such books as the guides and calendars of the tuberculous, edited by Lawson Brown, are exceedingly helpful.

Above all, the persons living with and surrounding the tuberculous must realize that it is their duty to keep the patient in a hopeful frame of mind and not treat him as a helpless invalid from the moment the diagnosis is made.

"Laws for Recovery from Pulmonary Tuberculosis," Lawson Brown, Saranac Lake, N. Y.

See-Sawing On

Broadway

By Gilbert Swan

New York — Just why it is or how they manage to do it, I do not pretend to know.

But the fact remains that old folk manage to survive in the carbon monoxide-soft coal-laden air of Manhattan quite as well as they do in the fragrant, clover-perfumed ozone of the pastoral places.

If the hectic pace of the great city is an enemy of longevity certainly the statistics fail to show it. I have at hand the figures of a big life insurance company which shows New York to have far more than its quota of oldsters. There are some 600,000 people who have reached the age of 65 or better, and more than 300 who are more than 95. This one might argue, is no more than a city of some seven million souls should have. Chicago has but half this number, and quiet Philadelphia can do little better. Peaceful, suburban Boston has 110,000 and other cities range along accordingly.

Bolbed flappers of 70 are common in Gotham, and hundreds of them go to business daily, fighting their way through the crowds and taking their chances in the subways. The business districts are filled with important business figures of 75 and better who daily go to their offices. Chauncey Depew seldom missed a day at his desk in the Grand Central annex and once told me that the rush and bustle outside his window helped to keep him young.

I never have seen old folks who seemed to get quite such a kick out of disturbance and turmoil as those of this metropolis. You'll see them about on the highways at all hours of the day. The street theaters are always studded with them.

Particularly is this problem of longevity perplexing when applied to the ghetto. Venerable patriarchs hover over their push carts in fair weather and foul. Cluttered in groups about the sidewalks of the East Side are patriarchal fellows whose faces seem to run anywhere from 70 to 100.

I recall, about a year ago, a moving picture director who started out to get a few ancients for "atmosphere." He placed an ad in a newspaper, emphasizing that "East Side types" were particularly desired. The next day he was swamped. Practically every man who showed up was more than 75, and eager to get a job.

Just how they survive the discomforts of the tenement districts, I have no idea. Perhaps, as in the primitive, they are content with nature makes for hardihood. Or perhaps the life of New York inoculates one against its virus. For myself, I recall no place where it seems easier to grow weary and where mere existence seems to make greater demands upon the energy.

Robert Sherwood is one of the most famous of the American clowns of another day. Long since retired, he now spends his days in literary pursuits out where the subway ends at Flatbush. At the age of 72 he offers a hilarious picture of the kick a clown gets from entertaining children.

It was said, for instance of Marceline that long after the stage would have no more of him and poverty descended he would appear at children's hospitals and, originally, at asylums to prank for the youngsters.

Sherwood carries on one of the merriest of which I know. In front of his home is an ancient tree. Each night when he starts for home, the former clown fills his pockets with lollipops and hides them about the tree. As the children troop to school in the morning they come by to hunt for the hidden treasures and he can look from his window and watch their antics. Of course the youngsters have learned to love him and upon his seventy-second birthday serenaded him, clad in clown costume.

(Copyright, 1928, NEA Service, Inc.)

And I may say also and finally to you traffic men and representatives of great industrial enterprises whose bigger interests are mutual and identical for the preservation and strengthening of the present cordial relations between shipper and carrier — that the present trend toward governmental encroachment upon the domain of private industry warns all industry and all transportation agencies against disputes, differences, and antagonisms of any and every kind."

This Changing Age

BY Matt Schmidt & Son

In the Eighties the younger set simply couldn't throw a party unless they had an organ. "Oh, don't you remember Sweet Alice Ben Bolt" sang Ma-thilda while Obadiah in courtly fashion stood beside her turning the sheet music.

Clothes seem to be the life of the party today. Our suits and top coats for Spring match the style of New York and Paris. There's joy in their patterns, satisfaction in their splendid materials. We fit you.

Matt Schmidt & Son

MEN'S WEAR

PARTIES SOCIAL AND CLUB ACTIVITIES MUSIC

125 Enjoy Plays By Drama Club

APPROXIMATELY 125 people packed the Appleton Women's club Playhouse Friday evening to see the two plays by Appleton Vocational school dramatic club. Dancing followed the plays and about 50 couples attended.

The first play was "The Road to Agincourt" by Enza Alton Zeller. The part of Anatole, Duc de Pont Espirit, was well played by Miss Sophie Teske. Miss Marie Niles took the part of the Count Dubois, friend of Anatole. Romaine, an English knight was played by Catherine Young, and Alda, a hostess, by Esther Horn. Dorcas, a serving woman, was played by Lucille Hoolihan and Francis, her husband, by Marie Buss.

The other play entitled, "Mechanical Jane," by M. E. Barber also was well presented. The characters were Miss Priscilla Robbins played by Virginia Grassl, Miss Tabitha Robbins by Adele Ender, and Jane, a mechanical servant, played by Mildred Ender. Mrs. Elmer Storkland was the director of the plays. J. and E. Engel, Jr., was in charge of the make up.

CATHOLICS OF DISTRICT MEET HERE SUNDAY

St. Joseph society of St. Joseph church will be host Sunday to the Catholic Benevolent societies affiliated with the Central society and constituting the fourth district of Wisconsin. A business session will be held at 1:30 in the afternoon, with the men meeting in the regular meeting hall of the St. Joseph society and the women's section meeting in the upper hall of St. Joseph auditorium.

The Rev. Father Gersbach, pastor of St. Mary congregation of Fond du Lac will give the principal address at the mass meeting at 2:30. Other speakers will be Mr. Rauthenberger of Milwaukee and Mrs. Catherine Felscher, president of the Catholic Women's League of Wisconsin. A musical program will be given after the addresses.

CHURCH SOCIETIES

Donald McMahon, newly elected pastor of the Methodist Junior church will lead the regular half hour service at 11 o'clock Sunday morning in the junior room. A four piece orchestra and a quartet will appear on the Sunday morning program.

A Right Attitude toward the Religions of Others will be the subject of the Christian Endeavor meeting at First Reformed church at 6:30 Sunday evening. The leader for the meeting has not been announced.

Miss Lucretia Zimmerman will lead the meeting of Episcopalian Young People's Union at 6:30 Sunday evening at First Baptist church. The topic will be Why Should We Try to Make All People Christians. It will be a "backwards meeting" with the usual order of the meeting reversed.

A debate on the question: Assuming there is No Hereafter, Does it Pay to Do Right? will be held at the meeting of Christian Endeavor of Memorial Presbyterian church Sunday evening. Members of the affirmative team will be Brover Scott and Betty Smith and the negative team will be composed of Beatrice Nielsen and Newton Walther. Special music will be given at the meeting.

Members of the confirmation class of this year will be guests of honor at a meeting of the Young People's society of First English Lutheran church at 7 o'clock Monday evening. A short business session will be followed by the reading of a series of addresses on Christian Education. The Rev. F. C. Reuter will give the address. Twenty-four confidants will be entertained at the meeting at which a program will be given and a social hour held.

The Appleton Post-Crescent Offers a Booklet On Fitting Dresses.

Simple methods of making your clothes fit right are described and illustrated clearly in this new booklet. How to alter patterns, how to fit necks, shoulders, and sleeves. Garments already made can be made to fit, and you can make certain of correct fitting in future dresses. The simple, clear instructions in this booklet, fully illustrated, are of great value whether you make your own clothes or buy them ready made.

Our Washington Information Bureau will send you a copy of this 32-page booklet telling how correctly to fit dresses and blouses, for four cents in coin or stamps to cover postage and handling.

Use the coupon below.

Frederic J. Haskin, Director, The Appleton Post-Crescent Information Bureau, Washington, D. C.

I enclose herewith four cents in coin or stamps for a copy of the booklet FITTING DRESSES.

NEW PRESIDENT

Mrs. S. C. Rosebush was elected president of Appleton Women's club at the annual meeting Thursday. Mrs. Rosebush has been a prominent worker in the club for several years. She succeeds Mrs. L. P. Marshall as head of the club.

PARTIES

A group of friends surprised Mr. and Mrs. Theodore Krause, 2000 N. Appleton-st., Friday night, the occasion being the birthday anniversary of Mrs. Krause. Cards and music provided amusement for the guests.

Mr. and Mrs. Henry Krause, 331 E. Franklin-st., were surprised Friday evening by a group of friends in honor of their eighteenth wedding anniversary. Cards were played and prizes at bridge were won by Mrs. H. Zellman and Mrs. L. Krause.

Miss Helen Lehrer, 914 W. Fourth-st., entertained twelve friends at a silver shower in honor of Miss Adeline Bosch who will be married to Otto Schenm of Milwaukee soon. Games, dice and bridge were played. Prizes at dice were won by Miss Adeline Bosch. Miss Clara Boehme and Miss Clara Bosch. Miss Velda Timmers and Miss Ruth Timmers won the prizes at games.

Dancing and cards entertained the members of the Franklin Mothers' club and their husbands Friday night at Franklin school. Mrs. Edward Drier and John Bentz won the prizes at schafkopf and Miss Esther Kottke won the prize at bridge. Thirty five couples attended the party. A program of dance music was played by Miss Edith Fellows, Gordon Dexter and Peter DeLain.

CARD PARTIES

Sixteen tables were in play at the second of a series of open card parties given by the Women of St. Mary parish Friday afternoon at Columbia hall. Prizes at bridge were won by Mrs. E. W. Douglas and Mrs. T. J. Long. Mrs. P. G. Miron and Mrs. Francis Foss won the prizes at schafkopf. The next of the series of parties will be held next Friday afternoon. A rummage sale for the Columbia hall benefit will be given by the women of St. Mary parish on May 12.

WEDDINGS

Robert A. Patterson, formerly a resident of Appleton and a student at Lawrence college, and Miss Margaret Cook of Wausau, were married Friday at Crownpoint, Ind. Mr. and Mrs. Patterson expected to be gone a week and to visit at Erie, Penn., and Ann Harbor. On their return they will live at Wausau where Mr. Patterson is employed at the Wisconsin River Supply company.

How To Play Bridge

By Milton C. Work

CONTRACT BRIDGE

Continuing our consideration of Major takeouts of partner's No Trump, we take up today a knotty Contract problem. What strength is needed for a Major bid of two over partner's No Trump when the take-out hand is with out side strength? All agree that the bid needs material strength, but because it is a distinct encouragement, although far from a command, to the partner to continue with either the No Trump or the Major: my view is that only four holdings justify a take-out without any side strength whatever. They are Ace-King-Queen and at least one other; Ace-King and at least three others; Ace-Queen-Jack and at least two others; King-Queen-Jack and at least two others. With any Major weaker than the above and a side hand without assistance of any character, it is better to pass the partner's one No Trump. In many cases the pass is made not because the holder of the hand thinks the No Trump will work better than the Major, but because hiding the Major might produce a jump from the Trump which would result disastrously if the take-out were made without requisite strength.

Majors of less strength than above named should be bid when compensating strength elsewhere in the hand makes up for lack of it in the take-

D. A. R. Here Has Never Received "Blacklist"

THE local chapter of the Daughters of the Revolution has never received a "blacklist" from any source and does not know that a national "blacklist" exists, according to Mrs. W. S. Mason, who presented a program at the meeting of the chapter Friday afternoon at the home of Mrs. John Lonsdorf, E. Nord-st.

"The Enemy Within Our Gates" was the subject of Mrs. Mason's talk in which she pointed out the existence of propaganda in the United States and other countries. Communism, socialism, atheism and radicalism, including soviet propaganda, were discussed and a network of propaganda was described as existing in public schools, high schools and colleges. The rewriting of history books was the love of country and patriotism in school children and the whole efforts at propaganda were characterized by Mrs. Mason as a wedge to undermine the government by leading from within.

WALSH APPEARS IN SONG RECITAL MONDAY NIGHT

Lawrence Conservatory of Music will present J. Raymond Walsh, baritone, in a song recital at 8:15 Monday night at Peabody hall. Mr. Walsh was graduated from Beloit college. He is assistant principal at the Appleton high school. He has frequently appeared as a soloist in musical productions in this city and is a soloist at First Congregational church. Everett Roudeshush will accompany Mr. Walsh in his recital. The program:

a-Vision Fugitive (Herodiade) Massenet
b-La Miroir Ferreri

THIRD ORDER MEMBERS MEET HERE FOR PARTY

Members of the Third Order of St. Francis from Kaukauna, Menasha, Neenah and Appleton will gather at St. Joseph hall here Sunday, May 6, for the annual social meeting. Several persons who have been members of the order for 25 years will be honored at the meeting.

A program will be presented from 3 to 5 o'clock Sunday afternoon. The program will be followed by a supper and a social hour. Fred Stoffel and Descoe Gage are in charge of arrangements for the meeting.

LODGE NEWS

The initiatory degree will be conferred at the regular meeting of Komenic order of Odd Fellows at 8 o'clock Monday at Odd Fellow hall. Routine business will be considered.

A social hour followed the business meeting of Appleton Encampment of Odd Fellows Friday night at Odd Fellow hall. About 18 members attended the meeting.

All Masonic night will be observed at the meeting of John F. Rose chapter, Order of DeMolay, Thursday night at Masonic temple. The DeMolay degree will be exemplified. A number of members of the local DeMolay will attend a May ball given by the Oshkosh chapter of DeMolay on May 4.

COMPSTON BEATS HAGEN IN GOLF MATCH, 18 UP

Moor Park, England, (AP)—Playing phenomenal golf, Archie Compston, British professional, conquered Walter Hagen, in their 72 hole match for 1750, beating him, on the first hole of their fourth round Saturday, 18 up, and 17 to play.

Compston, after his magnificent playing of Friday on the first 36 holes, left him 14 up, resumed his winning stride Saturday morning and at the end of the third round was 18 up. Going into the fourth round, he needed only a half and this he got, the 55th hole being halved in 45.

Play at School

A play, "Civil Service" will be given by the young people of the Elm-dale school, district No. 7, Grand Chute, on Tuesday night at the Apple Creek pavilion. A dance will follow the play.

Mrs. John Wilson, 517 N. Mary-st., will entertain the Chlo club Monday evening. Mrs. W. H. Kellen will give the program the subject of which will be Archeology of Palestine.

Mrs. J. W. Wilson, 517 N. Mary-st., will be hostess to the Monday club at 6:30 Monday afternoon at her home. Mrs. Flora Sandborn will review the Brief of San Louis Rey by Thornton Wilder.

CLUB MEETINGS

The Chatterly club met Wednesday evening at the home of Mrs. Pearl Voigt, 1815 E. Newberry-st. Prizes at cards were won by Mrs. George Barth, and Mrs. George Withuhn. The next meeting of the club will be next week at the home of Mrs. Withuhn, 401 N. Appleton-st.

Miss Edith Ames will entertain members of the Novel-History club at 7:30 Monday evening at her home at 721 E. North-st. Mrs. E. A. Schmalz will give a program of selected readings.

Mrs. Nina Purdy entertained members of the Over the Teacups club Friday afternoon at the home of Mrs. N. Purdy, N. Green Bay-st. About 12 members attended the meeting. Mrs. H. E. Gorder will be the hostess at the meeting next Friday.

Mrs. John Wilson, 517 N. Mary-st., will entertain the Chlo club Monday evening. Mrs. W. H. Kellen will give the program the subject of which will be Archeology of Palestine.

Mrs. J. W. Wilson, 517 N. Mary-st., will be hostess to the Monday club at 6:30 Monday afternoon at her home. Mrs. Flora Sandborn will review the Brief of San Louis Rey by Thornton Wilder.

THE "CANARY" MURDER CASE

CHARACTERS
PHILO VANCE
JOHN F. X. MARKHAM, District Attorney of MacK County
MARGARET ODELL (THE "CANARY")
CHARLES CLEAVER, a man-about-town.
KENNETH SPOTSWOOD, a manufacturer
LOUIS MANNIX, an importer
DR. AMBROSE LINQUIST, a fashionable neurologist
FRY SRICEL, a professional burglar
WILLIAM CLARKE JESSUP, telephone operator
HARRY SPIVELY, telephone operator
ERNEST HEATH, Sergeant of the Homicide Bureau

CHAPTER LIV
Spotswoode opened the book, and began reading in a voice whose very fervor held us all silent.

"I brought about my own downfall. No one, be he high or low, need be ruined by any other hand than his own. Readily as I confess this, there are many who will, at this time at least, recognize the confession skeptically. And although I thus modestly accuse myself, bear in mind that I do so without offering any excuse.

"Terrible as is the punishment inflicted upon me by the world, more terrible is the ruin I have brought upon myself. In the dawn of manhood I recognized the confession skeptically. And although I thus modestly accuse myself, bear in mind that I do so without offering any excuse.

"Then came the turning point. I had become tired of dwelling on the heights—and descended by my own will into the depths. I satisfied my desires wherever it suited me, and passed on. I forgot that every act of daily life, in some degree, makes or unmakes the character; and every occurrence which transpires in the solution of the chamber will some day be proclaimed from the housetops.

"I lost control of myself. I was no longer at the helm, and knew it not. One thing only is left to me—complete humility."

He tossed the book aside.

"You understand now, Mr. Markham?"

Markham did not speak for several moments.

"Do you care to tell me about Skeel?" he at length asked.

"That, sir," Spotswoode sneered for the first time, "I could murder such creatures every day and regard myself as a benefactor of society. Yes, I strangled him, and I would have done it before, only the opportunity did not offer. It was Skeel who was hiding in the closet when I returned to the apartment after the theater, and he had been seen by me before without."

"Had I known he was behind that locked closet door, I would have broken it down and wiped him out then. But how was I to know? It seemed natural that the closet might have been kept locked—I didn't give it a second thought. And the next night he telephoned me to the club here."

"He had first called my home on Long Island, and learned that I was staying here. I had never seen him before. But, it seems, he had equipped himself with a knowledge of my identity—probably some of the money I gave to the woman went to him. What a sneak-hep I had fallen into!"

"When he phoned, he mentioned the photograph, and I knew he had found out something. I met him in the Waldorf lobby, and he told me the truth: there was no doubting his word. When he saw I was convinced, he demanded an enormous sum that I was staggered by."

Spotswoode lit a cigaret with steady fingers.

"Mr. Markham, I am no longer a rich man. The truth is, I am on the verge of bankruptcy. The business my father left me has been in a receiver's hands for nearly a year. The Long Island estate on which I live belongs to my wife."

"Few people know these things, but unfortunately they are true. It would have been utterly impossible for me to raise the amount Skeel demanded, even had I been inclined to play the coward. I did, however, give him a small sum to keep him quiet for a few days, promising him all he asked as soon as I could convert some of my holdings."

"I hoped in the interim to get possession of the record and thus spike his guns. But in that I failed; and so, when he threatened to tell you everything, I agreed to bring the money to his home late last Saturday night."

"I kept the appointment, with the full intention of killing him. I was careful about entering, but he had helped me by explaining when and how I could get in without being seen. Once there, I wasted no time. The first moment he was off guard I seized him—and gloried in the act. Then, locking the door and taking the key, I walked out of the house quite openly, and returned here to the club—That all, I think."

Vance was watching him musingly.

"So when you raised by bet last night," he said, "the amount returned a highly important item in your exchequer?"

Spotswoode smiled faintly.

"It represented practically everything I had in the world."

"Astomish!" . . . And would you mind if I asked you why you selected the label of Beethoven's Andante for your record?"

"Another miscalculation," the man said wearily. "It occurred to me that if any one should, by any chance, open the photograph before I could return to destroy the record, he wouldn't be as likely to want to hear the classics as he would a more popular selection."

"And one who detests popular music had to find it! I fear, Mr. Spotswoode, that an unkind fate sat in at your elbow."

"Yes. . . . If I were religiously inclined, I might talk poppycock about retribution and divine punishment."

"I'd like to ask you about the jewelry," said Markham. "It's not sportsmanship to do it, and I wouldn't suggest it, except that you've already confessed voluntarily to the main points at issue."

"I shall take no offense at any question you desire to ask, sir," Spotswoode answered. "After I had recovered my letters from the document-box, I turned the rooms upside down to give the impression of a burglary—being careful to use gloves, of course. And I took the woman's jewelry for the same reason."

"Paraphrasing, I had paid for most of it. I offered it as a sop to Skeel, but he was afraid to accept it, and finally I decided to rid myself of it. I wrapped it in one of the club newspapers and threw it in a wastebasket near the Platoon Building."

"You wrapped it in the morning Herald?" he asked.

"The Herald?"

"Sergeant!" Vance's voice was a cutting reprimand. "Certainly Mr. Spotswoode was not aware of that fact—also he would not have selected the Herald."

Spotswoode smiled at Heath with a pitying contempt. Then, with an appreciative glance at Vance, he turned to Markham.

"An hour or so after I had disposed of the jewels I was assaulted by the fear that the package might be found and the paper traced. So I bought another Herald and put it on the rack. He paused. "Is that all?"

Markham nodded.

"Thank you—that's all; except that I must now ask you to go with these officers."

"In that case," said Spotswoode quietly, "there's a small favor I have to ask you, Mr. Markham. Now that the blow has fallen, I wish to write a certain note—to my wife."

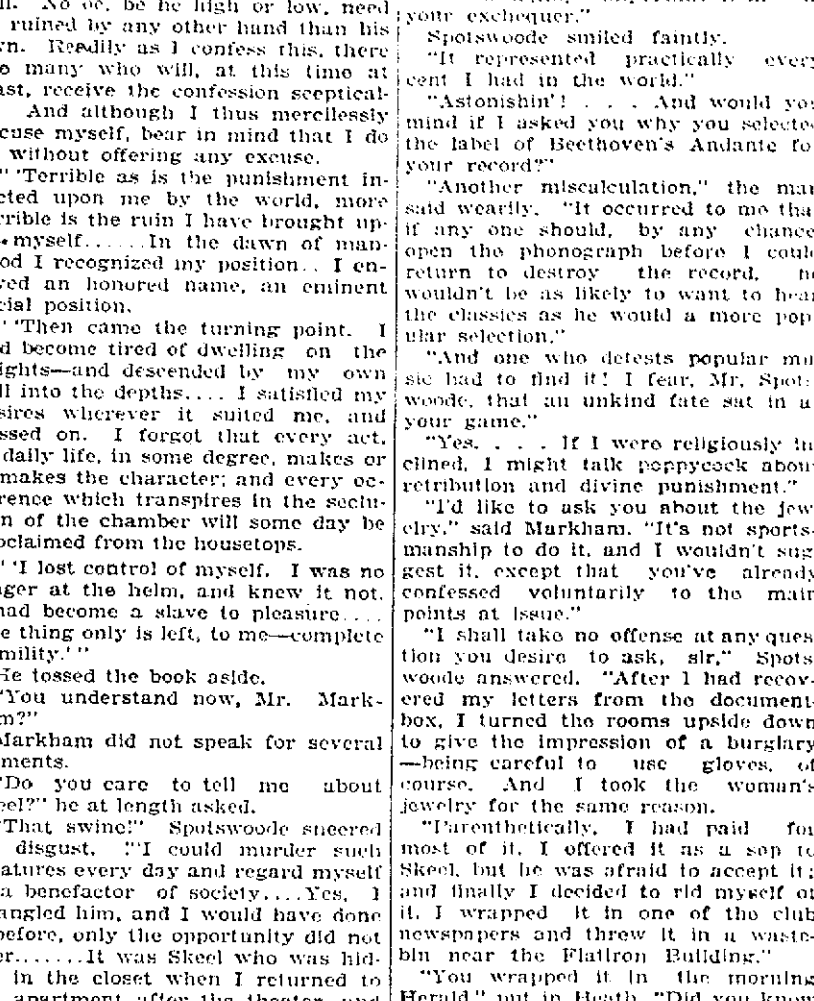

"But I want to be alone when I write it. Surely you understand that desire. It will take but a few moments. Your men may stand at the door—I can't very well escape. . . . The victor can afford to be generous to that extent."

Before Markham had time to reply, Vance stepped forward and touched his arm.

"I trust," he interposed, "that you won't deem it necessary to refuse Mr. Spotswoode's request."

Markham looked at him hesitantly.

CHOSEN QUEEN

Between agriculture and mechanics students at Texas A. and M. College at College Station, Texas, haven't a whole lot of time for social pursuits, but when they do play they use their time well, as shown in their choice of Miss Carroll Cox of Stephenville as queen of their recent annual ball.

CLUB MEETINGS

The Chatterly club met Wednesday evening at the home of Mrs. Pearl Voigt, 1815 E. Newberry-st. Prizes at cards were won by Mrs. George Barth, and Mrs. George Withuhn. The next meeting of the club will be next week at the home of Mrs. Withuhn, 401 N. Appleton-st.

Miss Edith Ames will entertain members of the Novel-History club at 7:30 Monday evening at her home at 721 E. North-st. Mrs. E. A. Schmalz will give a program of selected readings.

Mrs. Nina Purdy entertained members of the Over the Teacups club Friday afternoon at the home of Mrs. N. Purdy, N. Green Bay-st. About 12 members attended the meeting. Mrs. H. E. Gorder will be the hostess at the meeting next Friday.

Mrs. John Wilson, 517 N. Mary-st., will entertain the Chlo club Monday evening. Mrs. W. H. Kellen will give the program the subject of which will be Archeology of Palestine.

Mrs. J. W. Wilson, 517 N. Mary-st., will be hostess to the Monday club at 6:30 Monday afternoon at her home. Mrs. Flora Sandborn will review the Brief of San Louis Rey by Thornton Wilder.

ey, I'm rather inclined to think it's about the only right he has left. He glanced at his watch and frowned.

"D'ye know, I've missed my concert, bothering with your beastly affair," he complained amiably, giving Markham an engaging smile. "and now you're actually scolding me. For my word, old fellow, you're deuced ungrateful."

THE END.

OIL

BURNERS

Just a little while ago home owners believed that there would never be a release from dusty, dingy cellars, the terror of the ash-can and the smudgy bugaboo of the coal-bin. Furnaces were always a bother, night and day, and required as much pampering as a baby.

Now, science has given us effi-

cient oil burning systems which may be attached to your present heating device, and all of the old clumsy, disfiguring drawbacks disappear.

There are several of these burners on the market that, mechanically have, proven satisfactory.

However, in principle — methods of combustion and flame distribution—all burners differ very widely. This is a very important point to keep in mind.

Not only does SILENT AUTOMATIC provide the acme of mechanical perfection, but it has outstripped the field in principle—making possible more complete combustion and a more thorough utilization of heating energy.

Authorities of national and international reputation recognize SILENT AUTOMATIC as the highest development of oil burning and heating efficiency. The Gold Medal awarded to SILENT AUTOMATIC at the Sesqui-centennial International Exposition is evidence of this. The testimonials of thousands of satisfied users are further proof.

The unique and superior features of the SILENT AUTOMATIC Oil Burner are easily illustrated. They are so plain and unmistakable that a few minutes of consideration of them will enable any person to appreciate the revolutionary changes that SILENT AUTOMATIC brought to the oil burner field.

FLORIST

Flowers of all kinds are a natural part and have a place in the Clean Up, Paint Up, Fix Up campaign. Not only should every home have living flowers in the garden, in window-boxes and indoors, but the gift of flowers to friends and on anniversary occasions is a charming idea. They always seem to speak the language of brightness and hope and joy. Nature is indeed the pioneer of the Clean Up and Paint Up plan. Send flowers an aspread doctrine.

Roll Roofing of Proved Quality

When dependable weather protection at low cost is the need, our best recommendation is "Use Beaver Vulcanite Roll Roofing."

It is made of the same quality of materials and has the same superior toughness and weather protection as the famous Vulcanite Shingles. Successfully withstands the Six Daring Tests which prove roofing quality.

We have it in smooth and mineral-surfaced types and in various weights to meet your requirements. Sample, and prices readily submitted.

WEHRMAN ROOFING CO.

114 E. Commercial St. Appleton, Wis. Phone 2769

Says your **UPHOLSTERER**

"Neglected furniture makes an entire room look untidy, like a rickety leg on a table or chair, fabrics ripped, worn, spotted or discolored. And just a little repair work would make such furniture as good as new again. Why not have the entire parlor or sitting room set done over by us in the latest manner and in any appropriate fabric you may desire—from brocade to leather? We are experts in this line and will call at your home to give advice and to submit estimates."

A PAGE OF INTEREST TO WOMEN

BEAUTY HINTS

Short Or Long Jackets Of Silk Or Wool Are Popular

BY BETSY SCHUYLER
White Sulphur Springs, W. Va.—I always have maintained that the American woman is more fascinating in sports attire than in any other type, and if I ever am inclined to change my mind, a trip to Palm Beach or White Sulphur Springs completely reassures me.

Of course, I grant that background does not help the customer. And against the natural beauty of these famous resorts, the simplest type of frock takes on a distinction and beauty which a more complicated outfit loses. Each year I decide that we have reached the ultimate goal in sports attire, and yet each year there are new variations and new interpretations that improve upon the old.

LONG OR SHORT JACKETS
This year the little seven-eighths length jacket Chanel has so successfully launched is a noteworthy feature and one seen at in tweed's frocks, jersey, and in the little printed silk coats that are of the same material as the frock.

The fad for the plain dress and the zigzag striped coat also is expressed in the most charming variations. Never have I seen plaids and flares so expertly handled.

Besides the long coats are many swank short ones. I saw that very stunning young matron, Mrs. William H. Vanderbilt, wearing one of the very short box coats, absolutely mannish in cut, as she strolled out for a morning walk without her hat.

DOUBLE-BREADED COAT
The coat was double-breasted, and had patch pockets in which she did not seem to keep her hands. With it she wore a sport skirt of pleated tweed, and white sport shoes. A white muffer was so tightly revealed beneath her upstanding collar.

PROMOTION IN SCHOOL MARKED WITH GIFT BOOK

BY MARY GRAHAM BONNER
Author of "The Magic Map," etc.
There is nothing more satisfactory in the way of a promotion-in-school gift than a book. It helps build up a personal library for a young person and inculcates that love of the ownership of books that is such a comfort and such a joy throughout the years.

When your son or your daughter, your nephew or your niece, your favorite cousin or your nearest young friend is promoted from one grade to a higher one it is a stimulating reward to inscribe some book of interest to the young person who has achieved that much-sought-for scholastic achievement. So, from time to time, until the school year is ended, I shall make brief suggestions of suitable gift books with descriptive adumbrations.

WELL-FILLED VOLUME
"The Midnight Folk," by John Masefield (Macmillan) would interest your imaginative young reader. It is filled with witches, search for treasure, odd animal characters and older people and a little boy. If anything there is too much material in the book—at times it becomes some-

MRS. WILLIAM H. VANDERBILT

what confused—but taking it in its entirety it is something I feel should not be missed. And I think the one who gives this book will make sure of reading it through to the end before making the presentation.

A very youthful person who has already been filled with out-of-door exploring feeling would enjoy "The Out-of-Doors Club," by Samuel Scoville, Jr. (Harpers). Give this to a very young child who is going to spend the summer in the country.

SHORT STORIES
"Three Young Clowns, and Other Bud Stories," by Ernest Harold Baynes, and Louise Burt Baynes, (Macmillan) is a beautiful collection of stories, and my only sorrow is that the pen of Mr. Baynes is now still, for all his books are favorites of mine and very often are they pulled down from my shelves to be reread about "The Spite: The Story of a Red Fox," or "Jimmie: The Story of an Eskimo Dog."

"Self-Expression Through the Spoken Word," by Allen Crawford and Jessica Toyer (Crowell) would be most helpful to the student who is oratorically inclined or who belongs to a school debating society.

Darling Mom:

Please don't say anything to Mother Meredith about making Florence return home. We're having the time of our lives and there isn't anything to worry about because Florence realizes that Michelle is not for any individual woman. He belongs to the ladies en masse. But what if she did take a little flier in romance? A girl has to fall in love some time and I think it would be marvelous for her to have him in her memory when she's married to some earnest man whose greatest thrill in life is making the nineteen holes in par, or taking his boss to dinner.

You know what marriage does to love! It's simply impossible to be romantic with your husband. He'd think you were silly or wanted a new dress. And gosh what a shock it is to your esthetic feelings when the thriller you married lets his face rest! Allan does it on Sunday mornings occasionally. Says constant shaving is painful.

Every time I see Alan with a young beard I think of Norman—he was always so beautifully shaven. Of course I know that should he marry, his wife will suffer, no doubt, the same as I do, but at least I can always remember him with a skin I loved to touch. There is, however, a rift among styles right now for wear after the electric lights gleam. As the season progresses these two factions stand further apart. The two rivals are the clinging, slinky gowns of moulded silhouette and uneven, trailing hemlines and the crisp, bouffant gown of studied symmetry.

The former usually applies chiffon, lace or some other soft supple medium. The latter uses rippling tulle, vigorous taffeta, lively marquisette, fresh organdie, or lace or tulle over a foundation that holds them out briskly.

THEY LEND DIGNITY
Intelligent styling gives the new bouffant gowns dignity as well as that appealing youthful air they inevitably exude. The choice of materials somewhat decides just what type of bouffant a summer gown should be. But necklines, bodice structure and hip-flares

are the points that the skilled hand concentrates on to give individual character to a bouffant gown.

I use different materials and different colors when two bouffant gowns are selected for two such varied types as a woman of middle years and a debutante. For the bouffant gown can be highly sophisticated, if restraint is used in its designing.

Quant and most demure is a period bouffant gown of sleek jade green moire that adapts the Queen Ann collar and the medieval basque to modern times. Bands of deep bluish green trim the very full skirt and edge the Queen Ann collar, that is held by narrow straps of the lighter green.

In this gown the basque is cut in a novel line and that line emphasized by a minute piping of the darker green. The fullness of the skirts shirs in tiers following this line and concentrates on either side of the front and back, giving a swinging movement when Milady walks.

The spirit of lacy summer evenings is present in the dainty pink organdie and gold-thread lace. Here is a frock as sweet and fresh as the young girl who should wear it. The cape influence is noted in the bertha collar that takes a one-sided closing and the feminine note of the year suggests the soft pink net which edges this as well as the under skirt.

COLOR FOR SUMMER
The gold lace threading the skirt adds a richness to the crisp organdie. And a smashing bow and sash of turquoise blue satin ribbon strikes a most summery color note for decoration.

In contradiction to the striking youthfulness and "sweet sixteen" freshness of this organdie frock is the sophisticated black net over taffeta gown—the modish attire of the modish woman in her middle years.

The bouffant skirt concentrates its fullness on side partners which stand out in most charming manner. The lightness of the net is balanced by dignity by the crisp black tulle under it. Sumptuous and richly colorful is the border of gold in an apple design which ornaments the bodice and skirt of this gown.

FINAL TOUCH
To give a last sophisticated touch, the neckline is the illustrative kind that uses the strap shoulder under net.

Whether Milady wishes demure, dainty or sophisticated gowns for evening the bouffant, if properly studied and executed, offers quite the eminently correct answer to her problem.

FASHION HINTS
GEORGETTE SPORTSWEAR
Orchid and fuchsia georgette fashion a pleated skirt, overblouse and three quarters coat of a snappy sports outfit. A floppy fuchsia straw hat tops it.

UNIQUE CLOSING
An apple-green ruffled frock has its upper portion button straight across from the corner of its square neck while its skirt continues the horizontal line by buttoning across the left hip.

NOVEL ENSEMBLE
A striking ensemble uses a silver grey silk printed infrequently in dollar-size black satin dots to top a black satin frock with silver dots embroidered on its neck, belt and cuffs.

HOME HINTS
SWISS ENCLOSURES transform the ordinary electric switch into an ornamental feature.

Bouffant Vs. Slinky Silhouette For Summer

BY HENRI BENDEL
FOR NEA Service

New York—There is a magnanimously sweeping grace about all the new gowns for summer evenings that bespeaks the tendency of late modes to go the whole way in being feminine and lovely.

There is, however, a rift among styles right now for wear after the electric lights gleam. As the season progresses these two factions stand further apart. The two rivals are the clinging, slinky gowns of moulded silhouette and uneven, trailing hemlines and the crisp, bouffant gown of studied symmetry.

The former usually applies chiffon, lace or some other soft supple medium. The latter uses rippling tulle, vigorous taffeta, lively marquisette, fresh organdie, or lace or tulle over a foundation that holds them out briskly.

THEY LEND DIGNITY
Intelligent styling gives the new bouffant gowns dignity as well as that appealing youthful air they inevitably exude. The choice of materials somewhat decides just what type of bouffant a summer gown should be. But necklines, bodice structure and hip-flares

THE TINYMITES
READ THE STORY, THEN COLOR THE PICTURE

THE Times watch the two dwarfs bowl. Then Coppy said, "We'll bless my soul. That's really very simple and to show you I have pluck, just let me take a ball in hand. I'll throw it right from where I stand." So Coppy was the first one of the bunch to try his luck.

He took the ball, and held it tight, and hoped that he would throw it right. "Well, here it goes," he shouted. And the ball sailed out through square. It hit the bowling pins real square and most of them flew in the air. "That's not so bad," yelled Coppy. And a smile spread on his face.

Then Scouty rushed up to his side. "It's my turn now," he loudly cried. A dwarf set all the pins up straight and shouted, "Go ahead," as Scouty threw the little ball. He cried, "Now watch me get them all!" His arm was poor, however, and he missed them all instead.

"We, ha," laughed Coppy, "Not so good!" You didn't throw it as you should. I guess it's up to me to show you how to turn the trick. Just watch me now, and you will learn." He then stepped up and took his turn. A half a dozen pins fell, and he thought that pretty slick.

The bunch then heard smart Clowny yell, "Well no one yet has hit them all. Step back and give me lots of room. I'll get the highest score." When Clowny stood and took good aim. And as he threw the ball it made them dwarf and Times roar.

He tried to throw the ball just so but found he couldn't let it go. It hung on to his fingers and he sailed out through the air. The ball just boomed him off his feet, and on the ground he took a seat. Although he wasn't hurt, it really gave him quite a scare.

The Tinymites meet he garden man in the next story.

BLASE COUNTRY COUSIN AFRAID SHOW FEELING

BY OLIVE ROBERTS BARTON
THE county cousin, it appears, was a big man in his own community. His word was law at the service station at the crossroads where the crowd collected evenings to play 500. He was one of the county commissioners and a big boss in politics. He knew all about cows, and chickens, and crops, too, and he had enough money out at interest to be able to carry on an intelligent conversation with the city bond salesman who drove out that way.

Naturally, ruling this country roost so long and so well, he began to consider that there wasn't much on earth that he didn't know.

When he arrived in a far-away city one morning and his city cousin, impossibly met him at the station, he saw instantly that here was another kind of prosperity that he knew little about. But he was not going to own up to it. He set his face hard as he settled himself on the eiderdown cushions and rolled off noisily to his cousin's house.

He stayed a week, and during that week he was treated like royalty. All he knew about theatres was the movie in the converted town hall at home, yet the new one in the city that would have made a French king gasp, seemed to leave him cold. Not a word of praise nor wonder nor pleasure did he express. The museum with its statues, picture galleries and curios seemed to arouse no interest either. He viewed them passively, without comment.

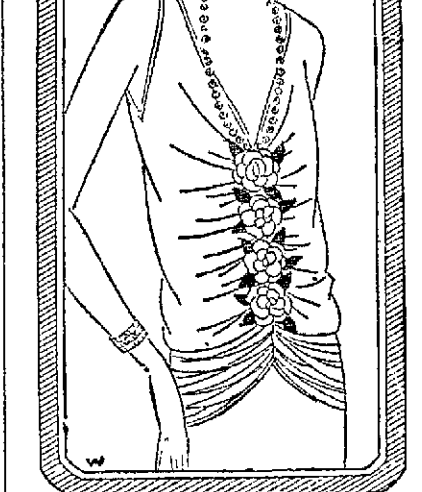

His relatives entertained sumptuously for him. But he failed to express surprise or pleasure over the important men or beautifully dressed women he met. His cousin was puzzled. But when the guest left, his cousin's wife explained it.

"Don't you see, John? Cousin Mat they had a gorgeous time but he simply wouldn't let on. He was afraid we would think he was provincial if he appeared to be impressed."

That was it, of course. Too many people are like Cousin Matthew, afraid to show enthusiasm over a kindness lest they are considered ignorant, when it is precisely the other way around.

The people who are accustomed to luxury, usually are the quickest to show appreciation. The best way is to be natural.

Fashion Plaques

THE BLOUSE of a pale green chiton gown is caught into folds at the front and set off by four realistic gardenias arranged in a row.

GIRL OF TWENTY WINNER OF FIVE SCHOLARSHIPS

Richmond, Va., —(AP)—Five scholarships before celebrating her twentieth birthday is the record of Mary Clifford Caperton, Virginia girl, who in competition with Harvard men has just added the coveted Charles Elliot Norton study award to her list of honors.

Mary Clifford, one of six "Caperton girls," all blondes and noted locally for their beauty, is the third Radcliffe college student to win the Norton scholarship. She will spend a year in Athens studying Greek.

SISTER MARY'S KITCHEN

BREAKFAST—Cereal with baked apples and cream, oven toast, scrambled eggs with dried beef, milk, coffee.

LUNCHEON—Rice with spinach, tiny bread, new onions, banana pudding, milk, tea.

DINNER—Ham en casserole, stuffed beet salad, prune whip with custard sauce, milk, coffee.

With the golf season upon us many housewives find it necessary to plan dinners that will bear waiting. The casserole of ham can be kept hot for some time after it's done without danger of drying out and spoiling. The salad is not a perishable variety that easily wilts and the dessert can be kept on ice until needed.

HAM EN CASSEROLE
One slice ham cut 1 inch thick, potatoes, onions, 1-4 teaspoon pepper, 1-8 teaspoon ground ginger, 1-3 teaspoon dry mustard, 1 cup milk.

Trim rind from ham, leaving a rim of fat. Soak for two hours in cold water. Half fill a baking dish or casserole with raw potatoes cut in thin slices. Sprinkle very sparingly with salt and pepper. Add a thick layer of onions cut in thin slices. Place on top the slice of ham. Pour in milk and sprinkle ham with ginger and mustard. Cover closely and bake 1-2 hours in a moderate oven. Serve from casserole.

The ham should have an inch rim of fat since no other fat is used for the potatoes.

Child Movie Star Received No Training For His Job

EDITOR'S NOTE: This is the last of a series of five articles written for the Appleton Post-Crescent and NEA Service by mothers of famous child stars. In observance of National Child Health Day, May 1, they explain their methods of child training.

BY MRS. LAWRENCE MCKEEN
Mother of Lawrence McKee, Jr., Screen Star

Physical perfection and the ability to follow directions are the reasons why Sonny McKee was chosen for the movies.

In case you don't know, Sonny, otherwise known as "The Snookums," is the Snookums of "The New-ys and Their Baby." He is also the youngest screen star. In every mail, we get thousands of letters from parents all over the world asking how we trained Sonny for the films. We have to answer that we did not "train" him. We only cared for him as every baby should be cared for—not in an ultra scientific manner but will love tempered by intelligence and common sense.

What he does on the screen he does through love of his parents. I hope this does not sound too sentimental, for it is true. I know there are parents who would spoil their children. Sonny doesn't know what either means.

One thing we always have insisted upon is absolute obedience, though. This is perhaps the most important essential for a child screen actor, for he must be able to follow instructions quickly without undue prompting.

Sonny takes directions like a soldier, but it is all a great game with him. It was months before he even knew what the camera meant. He was simply used to doing what his father told him to do. And in addition he happened to have a camera face and screen personality.

Sonny's father was once an athletic instructor and gives much attention to the baby's physical development. He has worked out a simple set of exercises for morning and evening which train Sonny's muscles and keep him fit. When we had him tested by the Los Angeles Board of Education at the time he started picture work, he was pronounced the most perfect baby ever examined there.

We have treated him as an individual from the start. His screen work never interferes with his regular four-hour naps and feeding. He works four hours a day at the studio when making a picture but gets frequent rests and play periods.

He sleeps from twelve to fourteen hours a day, with many windows wide open, eats green vegetables, drinks milk and fruit juice, and wears clothes that are built for comfort rather than style.

Pay Fines

Kaukauna—Elizabeth Bowen's "The Hotel" is the newest book received at the Kaukauna public library. It was chosen as the best book for the month of April by the Book of the Month club. It has been explained by a critic that this club chose "The Hotel" as the best book for April because like "Dusty Answer," it is new news of that youngest post-war generation, so-called, but it is a sensitive, honest, that is determined to write a new chapter in the old story of making love and developing personality.

Several new rulings will be placed in effect at the public library on Monday, May 7. One that no book can be drawn by for any person having fifteen cents or more fine on the cards. Also no books will be issued on any card on which there are three separate fines, no matter how small, the total amount may be. Miss Kathryn Hornbrook, local librarian, said that a record will be kept of the number of times any person has been informed of a fine. After three warnings have been given, no more books may be drawn until the fine is paid in full.

The days between Monday, April 30 and Saturday, May 5, have been given as a target week at the Kaukauna library. During this time any person having a fine on his card may return the book and pay only half of the total amount. Old fines will be cleared up in the same way. Miss Hornbrook pointed out that those availing themselves of this opportunity will have a clean record.

Social Items

Kaukauna—A dancing party will be given by the Electric City chapter of the M. O. E. on Friday evening, May 18, at the Elks club. Hollis Whitman in charge of arrangements for the dance.

The next meeting of the Ladies Social union of Brokaw Memorial Methodist church will be held at Epworth home on Catherine street on Thursday afternoon, May 3. Hostesses are Mrs. Pauline Kirkwood, Mrs. C. Walquist, Mrs. A. Jensen, Mrs. Olin P. Dryer, Mrs. Henry Adams, Miss Scarborough and Mrs. F. Schatzka.

A class of candidates was initiated at a regular meeting of Odle chapter of the Eastern Star held Friday evening in the Masonic hall. A social hour followed the business session.

Students at Kaukauna High school enjoyed a dance at the high school auditorium on Friday afternoon. Dancing was from 8:30 to 5 o'clock and under the supervision of the faculty. Music was furnished by the high school orchestra under the direction of Huber Ludwig.

TEACHER SCHOOL SUMMER
CLASSES OPEN JUNE 14

Kaukauna—Another summer session will be held at Outagamie Rural Normal school this year. It will open on June 14 and continue for five weeks until July 14. Recitations will be held six days a week during this period. Normal school students and graduates who expect to receive better teacher certificates and high school students from the county who are back in their work will attend the session. At the present time arrangements have been made for a faculty of five including Principal W. P. Hagman. Last year 125 students attended the summer session.

SENIORS BREAK PERFECT
THRIFT MARK OF SCHOOL

Kaukauna—The perfect thrift record at Kaukauna High school was made on Tuesday of this week when only 98 per cent of the seniors made deposits in the school bank. All other classes deposited 100 per cent. The freshmen class was declared the thrift honor class with a deposit of \$25.55. Banking by the other classes: Seniors, \$15.52; juniors, \$16.00 and seniors, \$15.40. The commercial room led in average deposits for each student with 27.6 cents and a last room was second with 23.3 cents. Others were east assembly, 23.3 cents and west assembly, 18.3 cents.

MISS SMITS WINS 3RD
PLACE IN SPEAKING TILT

Kaukauna—Loretta Smits of the high school won third place in the district declamatory contest at De Pere Friday night. Her declamation was "The Florist Shop." Elmer Otte represented the school in the extemporaneous contest and won fourth place. Lloyd Dertus won fourth place in oratory with his oration, "The Challenge to American Democracy." First and second places in declamation were won by the Shawano high school. The students were accompanied by Olin G. Dryer and Miss M. Clare Wagner of the high school faculty. There will be no further participation in oratory or declamatory contests.

The Post-Crescent's representative at Kaukauna is Gordon Patton. His telephone numbers are 268 J and 10. Business with The Post-Crescent may be transacted through Mr. Patton.

Chicken Lunch, Saturday night, Gmeiner's Hotel on So. Walnut St.

BOY SCOUTS JOIN
WITH FOREST RANGERSKaukauna Youngsters Will
Take Part in Movement to
Rebuild Forests

Kaukauna—A new organization known as the Junior Forest Rangers of Wisconsin is about to be launched by the boy scouts of this city. H. C. Ransley, scoutmaster of Kaukauna troop No. 20 said Friday.

The purpose of the organization is to teach youth an appreciation of forest values by actual study and participation in the processes of forest up-building and to create in the rising generation a sentiment and knowledge that will guarantee for them and their descendants the benefits of forest life.

The boys will cooperate with other agencies working for a greater appreciation of the out-of-doors.

The Junior Forest Rangers of Wisconsin is a project of the extension service of the college of agriculture of the University of Wisconsin, the office of the cooperative extension work, the United States Department of Agriculture and the Wisconsin Conservation commission. The organization and supervision is under the direction of the state labor leader, the county extension agents and extension foresters. All subject matter pertaining to the Rangers is prepared by the state club department and extension forester.

Any boy between the ages of 14 and 21 is eligible to join. The work of Rangers is divided into four orders, graduated according to importance of preparation or difficulty of performance. A tract of land is taken over by each unit and trees planted and cared for by the members.

WRIGHTSTOWN TRACK
SQUAD STARTS WORKSpring Practice Begins Under
Coach Sid Tilley; Many
Men Out

Special to Post-Crescent
Wrightstown—The high school track squad is working out daily under the direction of Coach Sid Tilley. A number of distance men have put in their training and seem to balance up the veterans of the squad. Point winners in the dual triangular and state meets of last year are: Charles Hardy, hurdle man, who set the record for the indoor meet held at Green Bay; Kussow, who is doing consistent work in the dashes and hurdles; Earl Kreukamer, all around field event man; Tom Hanaway, a steady performer in the pole vault; and Earle Mueller, a winner of many points in the javelin throw. The squad is booking a dual meet and is intent upon entering the league meet at Seymour, the Lawrence college meet and the annual inter-scholastic meet at Madison.

Last year the outstanding achievements were a win over Neenah at the paper mill city. The local squad list Class C championship at the state meet by a matter of two inches. The largest problem confronting Coach Tilley is to fill the gap left by the graduation of Kussow, a consistent second man.

The Tuesday evening five hundred club met with Mrs. N. B. Remmel. Mr. and Mrs. J. L. Sullivan entertained the White City club Sunday evening. Prizes were awarded to Mrs. A. Sheffield and Mrs. L. Schneider.

Mr. and Mrs. Maurice Hardy will entertain the club next Sunday. Mrs. William Wollner entertained the needlework club at her home Thursday evening.

Mrs. T. A. Jacobs entertained the social bridge club at her home Thursday evening. Prizes were awarded to Mrs. S. Tulley and Mrs. C. Kazilek.

Mrs. Burr Bliss of Chicago and Charles Ehnerd and son, Robert of Pittsburg, Pa., are visiting at the home of their mother, Mrs. R. Ehnerd who is seriously ill.

Mrs. William Feldecamp entertained the Schafkopf club at her home Thursday afternoon. Prizes were awarded to Mrs. M. J. Van Dyke, Mrs. John Nellesen, Mrs. L. Meulemans.

Mrs. M. G. Verbeten and daughter Grace, of Kimberly, spent Thursday and Friday with Mrs. George Vandenheden and family.

STOCKBRIDGE TRUCK FARM CHANGES HANDS
Special to Post-Crescent
Stockbridge—Mr. and Mrs. George Joann sold their 4-acre truck farm to Otto Wilson this week. Mr. and Mrs. Joann moved to Green Bay Monday where they will make their home. Their household goods were sold at auction Saturday afternoon. Mr. Wilson and family will take immediate possession.

Alvin Kovce and children will move from their farm, which they sold last week to Joseph Gerhartz, into the house vacated by Otto Wilson.

Mrs. William Schroven visited her daughter, Mrs. John Reif, at Chilton Monday.

A new barber shop will be installed this week in the basement of the Odd Fellows hall. Clarence Sherriff will conduct the shop.

The Odd Fellows lodge recently purchased a pool table from Peter Vittemann, which they have installed in their rooms.

Mr. and Mrs. Dale Denny and Roger Pingel were Chilton callers Tuesday.

Charles Joann of Milwaukee visited at the home of his parents, Mr. and Mrs. George Joann and at the home of his brother, Ralph Joann, Sunday.

Mr. and Mrs. Dale Denny were business callers at Fond du Lac Monday.

Hot Lunch at the Blue Goose. Chas. Kemp, Prop.

An Investment
for the Future
—a Six of Long Life
and Advanced Design

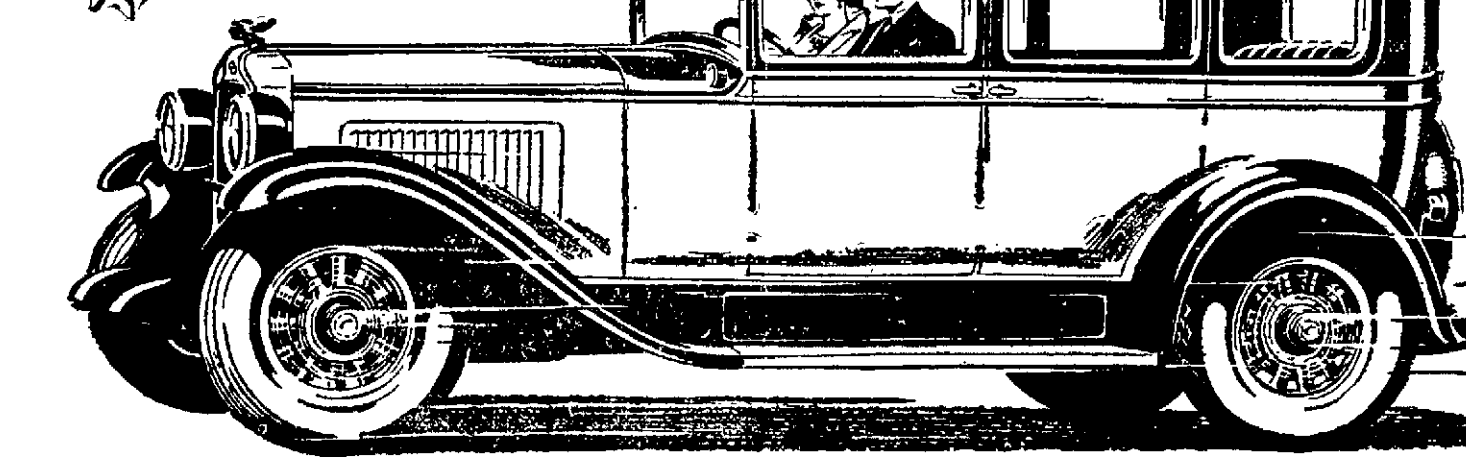

Judged by even the most critical standards, the New Series Pontiac Six is months—even years—ahead of its field. Its style is the height of fashion—achieved with low, graceful, modish lines—emphasized by magnificent new bodies by Fisher.

Its big, economical motor has the G-M-R cylinder head, for smoothness, power, snap and speed. It introduces the cross-flow radiator into the low-price field for elimination of engine cooling cares. It has every other really worthwhile feature that progressive

engineering has devised! And in addition, it has that great fundamental which has been the basis of Pontiac's ever-growing success—the great fundamental of long life!

As a result the Pontiac Six will continue to assure owners a resale value which is the marvel of the industry. When you buy a Pontiac Six you know you are getting—not only a car that is new today—but a six so advanced in style and engineering, so famous for long life that its inherent value will always be consistently high!

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

RAIN FORCES NEW YORK TEAMS TO DROP FROM TOP PLACES

Robins, Indians Smack Horsehide Hard To Take Leads From Gotham Teams

Elliot Holds Braves to 3 Hits as Brooklyn Wins; Uhle Takes 4th Straight

A combination of adverse weather and fortuitous hitting resulted in new leaders being at the top of both Major Leagues Saturday.

The weather was adverse in so far as it concerned New York's Giants and Yankees, both of whom were forced to remain idle Friday and Saturday, themselves slumped into second place in their respective league standings.

The opportune hitting was done by Brooklyn and Cleveland and enabled the Robins to oust the Giants from the National League crest while the Indians were doing the same thing to Dabie Ruhl and company in the American.

"Jumbo Jim" Elliott gave up only three hits in Brooklyn's 9 to 0 victory over the Boston Braves at the Hub. Greenfield and Davidson were nipped for 10 safe blows including home runs by Bissanette, Riconda and Henline.

George Uhle registered his fourth straight win of the season as the Indians routed Detroit at Cleveland, 10 to 6. The Tigers hit Uhle hard in the first inning, scoring five runs, but the Indians came back with seven in the second and third. In the ninth Hargrave hit a home run. With two out Uhle was removed and Bayne finished the game.

SOX CUBS LOSE

At St. Louis, the Browns Frolicked to a 14-5 verdict over the Chicago White Sox. Sam Gray turned in his fourth victory in five starts for the Browns, holding the Sox scoreless until the ninth when an error and six straight hits gave them five tallies.

The Chicago Cubs fell victim on their home lot to Jess Haines and the St. Louis Cardinals, 4 to 2. Haines allowed nine hits but kept them scattered. Seven Cubs expired on strikes. Topover and Andy High were in the Cardinal infield in place of Bottomley and Hoem who are suffering from slight attacks of influenza.

Rain caused postponement of the National League games between Cincinnati and Pittsburgh, and Philadelphia and New York, as well as the Washington-Philadelphia game in the American. The Yankees and Boston Red Sox decided it was too cold to play at New York.

APPLETON VALLEY TEAM TAKES PRACTICE GAME

Practically every team of the 1928 Fox River Valley Baseball League will see action Sunday in the final practice game before the opening of the season on May 4. The Appleton team, one of the local paper mill teams to give Manager George Bratigan his last good look at his new material, Green Bay takes on the hardest struggle meeting Wrightstown of the Intercountry League. Kaukauna will be split two teams for a practice game and Fond du Lac will meet a strong independent team of that city. No word has been heard from Neenah-Menasha and Little Chute-Kimberly, but they are expected to have arranged battles also. The Appleton season at Brandt park with the Twin City crew as the opponents.

HOPPE HAS BIG LEAD IN MEET WITH LAYTON

Chicago—(AP)—A handicap of 42 points confronted Johnny Layton of St. Louis, the national three-cushion billiard champion as he entered the final two books of his last point-to-point exhibition with Willie Hoppe of New York Saturday. With only 100 points to go, Hoppe was leading 500 to 458, in 525 innings.

Girl Sport Champion Sees Passing Of Miss Flapper

Chicago—The days of the cigarette smoking, gin drinking, tip-all-night dancing flapper are passing America's new style of athletic, good sport girl is coming to take her place.

This is not the prediction of a stately dowager interested in uplifting the "poor working girl," but it is the opinion of Miss Helen Filkey, a big grown up miss of eighteen.

Those not familiar with the field of athletics may have to be told that Helen Filkey is one of the most capable girl athletes in the world, a record holding sprinter and hurdler and sure member of the American Olympic team. She holds the American records for the 60 and 70-yard hurdles indoors and outdoors and sectional records for 50, 60, 70 and 100-yard dashes.

Although she is just a miss, the good looking young Chicago girl thinks she is qualified to talk about her sex because she has boy friends and goes to dances, although she does not smoke, drink or pet.

She offered two interesting theories for the decline of the speedy little flapper with the quick wick crack, the want clothing and the taste for hard bicker straight.

"The young girls now, in her opinion, are becoming disgusted with the ridicule directed at the flapper on the stage and screen and in the comic art sections of the papers and, furthermore, the 'boy friends' are getting sick of the flapper."

"The boys today are tired of the flapper," she said. "They want companions and good sports with interests like their own and the boys all are interested in athletics."

"I never thought of good time and I don't smoke or drink and I don't pet. I love to dance and I never miss the chance to spend an evening with a nice date. I don't believe I am just one of a type because I believe the majority of the girls my age are taking better care of themselves than the girls did two or three years ago."

"I would advise girls who want to be popular and have nice boy friends, as they call them, to take up athletics. The boys like to go around with a girl who is known as a good athlete and to entertain her. That's one direct result and a second and equally important one is that athletics are conducive to good health and good health produces good looks."

"I didn't take up athletics to become popular and acquire boy friends or to become good-looking. I had to on account of my health. I was so delicate as an infant that my parents almost despaired of raising me and a few winters ago I had to go to California. I took up athletics then and there and results were so beneficial that I took second prize in a health contest last year and would have won first place if I had not been a pound under weight."

Many male athletes think training is a drudgery because they have to give up drinking, smoking and eating promiscuously, but Miss Filkey says her mode of living is about the same the year around.

"I have to give up pickles, candy and pastry when I am in strict training but otherwise I live about the same all the time," she said. "I am going into training May 1 for the Olympic games and then I am through with diets, movies and parties and I will be in my early twenties every night. The good feeling that results more than makes up for the sacrifices, however."

Miss Filkey has received any number of offers to capitalize on her talents but she does not intend to become a professional. "My parents wouldn't permit me to if I wanted to as I have another year before I finish school," she said.

She has her mind set on a career, however, and guess what it is? She wants to be a sports writer and she is going to take a course in journalism.

EXPECT CHAMPIONS WILL HOLD CROWNS

Farrell Believes All Title Holders Will Defend Successfully

BY HENRY L. FARRELL

Out of seven or more world's championship fights that Tex Rickard is arranging for the summer amusement of the customers there should come one or two new champions. That is, if there is anything in what the boys call the law of averages or tribal agreements limiting the tenure in a pugilistic office.

Looking back over the files it can be seen that Rickard is almost bound by word to produce two or three new champions out of his extravagant program, for in one of those moments when he becomes author he named some of the boys who are now booked to work for him as being overdue for a successor.

Last winter when he turned to his typewriter and pounded out his All-American team, Rickard hedged. He said Samuel Lazzaro, of Baltimore, and Samuel Mandello, of Rockford, were found on his team but they wouldn't be there very long. It was a rather broad inference that Lazzaro and Mandello were booked especially for a soaking out from under the champion's crown.

Lazzaro, better known as Joe Dundee, the welterweight champion, and Mandello, who dropped the "o" in his name long before he became light weight champion, are among the seven champions who will toil soon in defense of their titles. It is to be wondered if their employer has such low regard of their chances to escape annihilation.

It is quite likely that Rickard has changed his mind by this time and that those who agreed with his expert appraisal of the fighters last winter have changed their minds, too.

Mandello probably will be the only one of the seven champions who will not enter the ring as a favorite to win. His match against Jimmy McLarnin is the only one of the seven that looks like real competition and McLarnin is one of those products of sentimental New York frenzies like Jack Delaney was.

Because of this great fancy that New York has taken to McLarnin and because the young Irishman is a hit of known power, the lightweight championship fight on May 17 probably will be the artistic and financial success of the season. And this is said with all due respect to dear Gene Tunney.

Playing the champion, in cases where the champion is any good at all, is held to be the safest risk in pugilistic betting operations. We would bet on the champion in every fight this summer if we were to bet. That goes for Mandello, too, as we believe that the handsome little lightweight champion is one of the most under-estimated and most underrated fighters of the day. McLarnin is a nice little fellow and all that but Mandello is a lot of him, smart and fast. For him, some say that Mandello will have to run to win, but so does our Gene.

Dundee, to take up his case, may not have the respect of the public but the fighters in this class apparently think a lot of him. He is a fast fighter, has a task to get an opponent for him, may have to select Sammy Baker. Ace Hudkins annoyed the life out of Dundee while the champion was in bad with the boxing commissions of New York and California, but as Dundee can win a fight taken off him, Hudkins said he had a sore hand. Later he signed up to fight Mickey Walker in Chicago.

If, for courtesy alone, some mention should be made of the heavy-weight championship, it is hereby mentioned that Quincey Goetz, who is a big boy and when he picked Tom Heeney as his opponent he certainly did not choose a man fast enough on his legs to catch up with him.

Tommy Loughran will have to defend his light heavyweight championship against Leo Lonski or Jack Slattery and it is too bad. Loughran scared Jack Delaney clear out of the division. He not only can beat any man in the class but he could give dear Gene all Gene would want.

Bad Taylor, in defending the heavyweight championship against Kid Francis or Johnny Boulevard is in a cinch if he hasn't gone dead and we believe that Frankie Genaro is too old and showprow to take the flyweight championship from Izzy Schwartz.

It is possible that Loughran might be defending the junior lightweight championship against any one other than Eddie "Cannonball" Martin. We can't figure how long ago it was that Martin was a poor champion of a very poor, bantamweight class and he is not much improved.

Gene Morgan is ready for a killing but Martin doesn't look like the killer.

That bunch of seven arranged by Rickard doesn't look like the anticipated tough summer for champions.

THREE CONTESTS ON BIG TEN BALL CARD

Chicago—(AP)—Three contests were on the Big Ten baseball program Saturday but there was no chance to see the leader, Michigan, as that team was idle.

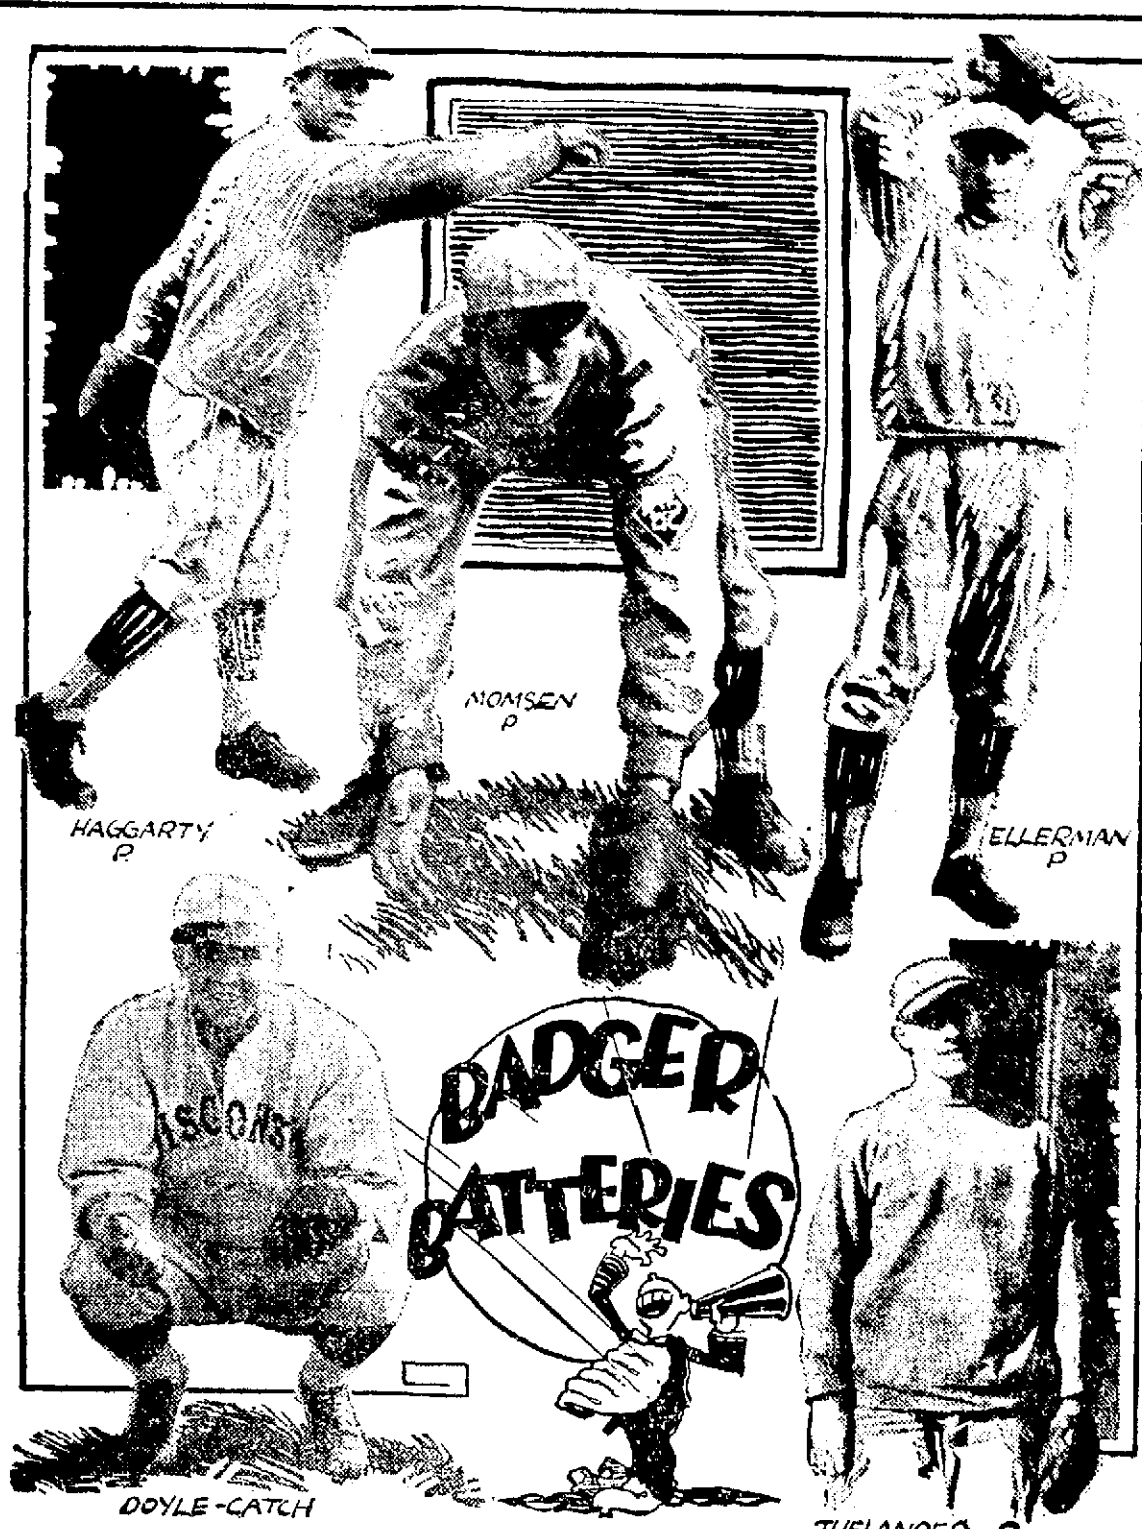

Chicago lost its first game of the season Friday when Purdue gave the Maroons a 7 to 6 defeat in 10 innings. Speidel, who relieved Cox as pitcher with the score tied in the eighth inning, scored the winning run for Boelter makers on another single and two sacrifices.

Michigan gave the east a sample of Big Ten baseball by defeating Syracuse university's team 4 to 1, at Ann Arbor. The Maize and Blue are topping the conference with four straight victories.

COMPSTON INCREASES LEAD OVER SIR WALTER

Moor Park, England—(AP)—Archie Compston was 18 up on Walter Hagen at the end of 54 holes in their 72-hole golf match for 1750 Saturday. Hagen won his first hole of the day on the forty-seventh when he laid compston a stymie.

CARD BATTERY HOPES FOR GOOD YEAR

Three right-handers—three veterans and two recruits—carry Coach Guy Lowman's Badgers through the present conference baseball season. Jacobson, Thelander and Ellerman are the three experienced hurlers on the roster. Haggerty and Momen are the youngsters.

Supporting this group of pitchers on the receiving end of the battery are two Irishmen, Doyle and Lynam. John Doyle was reserve last season, spring, and is entrusted with the bulk of the catching this year. He is a junior, hailing from Waukegan, Ill. Doyle played back guard on the Cardinal basketball five.

Ted Thelander, Chicago boy, is a speed ball artist who turned in some fine exhibitions of twisting in the 1927 campaign. In the early games this season he has been in great form. Thelander looks like the best bet for round duty in the important games. He has another year of competition.

Jack Jacobson, also a lanky right-hander, is in every respect the "badger" of the Badger squad. The lanky athlete is a married man, and has played two seasons on Guy Lowman's nine. Jacobson is an old hand, steady and has a fair assortment of foibles.

Ray Ellerman, another Chicago thrower, was used for relief work last year. This year he has been in the best of form and has shown a great deal. However, he has been slowed up by a sore arm, further aggravated by the cold weather and rains that the team has encountered at almost every turn.

Both Frank Haggerty, Chicago, and Bill Momen, Milwaukee, have worked in the preliminary games. Both have turned in some good ball games. Haggerty looks the stunner to go the entire route, and for that reason is most valuable for relief pitching. He has lots of stuff, and will improve as the season progresses.

Momen, who deserted the track team this spring, his junior year, is also a comer. He has experience in the fast company of the Big Ten, which is offset by his desire to work and his all-around hurling ability. Momen is the best hitter of the moundmen.

Oklahoma Boy Sensation In Olympic Steeplechase

Philadelphia, Pa.—(AP)—For the second time within a few days, athletic courage, ingenuity and perhaps luck have combined to produce an outstanding American Olympic prospect.

Barely a week ago it was Joe Rupp, the old miler, suddenly blossoming forth at Boston as a marathon runner of the first class under difficulties and now picked by veteran coaches as a likely winner of the Olympic laurel wreath.

The Saturday sensation is blond and youthful Harold Keith, sturdy under a steeplechase victor in an spectacular performance that Lawrence Lohrman, Olympic headcoach and field coach, immediately placed his stamp of approval on the Oklahoma star, an American candidate for 5,000-meter steeplechase honors.

Keith and his team-mates came 1,500 miles to take part in the distance relay against the pack of the east and middle western colleges. It was a cold, rainy day and the Oklahoma boys hugged the warmth of the clubhouse. A mistake on the course had misled them as to the time of their race. They came out to find to their dismay that the distance relay already had been under way five minutes.

A little matter of five minutes lost time converted Keith from the anchor runner on a medley relay team to a steeplechase victor in an spectacular performance that Lawrence Lohrman, Olympic headcoach and field coach, immediately placed his stamp of approval on the Oklahoma star, an American candidate for 5,000-meter steeplechase honors.

Keith and his team-mates came 1,500 miles to take part in the distance relay against the pack of the east and middle western colleges. It was a cold, rainy day and the Oklahoma boys hugged the warmth of the clubhouse. A mistake on the course had misled them as to the time of their race. They came out to find to their dismay that the distance relay already had been under way five minutes.

DELTA IOTA RELAY MEN WIN INTERFRAT HONORS

Delta Iota fraternity of Lawrence, Kan., captured the 1928 interfraternity relay championship of the school Friday afternoon at Whiting field, finishing ahead of the Beta Sigma Phi team, which was second, and the Sigma Chi team, which was third.

The Delta Iota team, which was composed of the sprint relay, middle relay and middle states one-mile championship.

Keith and his team-mates came 1,500 miles to take part in the distance relay against the pack of the east and middle western colleges. It was a cold, rainy day and the Oklahoma boys hugged the warmth of the clubhouse. A mistake on the course had misled them as to the time of their race. They came out to find to their dismay that the distance relay already had been under way five minutes.

KEARNS STARTS ANOTHER SUIT AGAINST CEMPSEY

New York—(AP)—Beaten by Jack Dempsey in a federal court engagement, Jack Kearns, one time manager and former friend of the "Manassa Mauler," is attempting a comeback in the United States Supreme court.

Keats' action on rulings obtained by Kearns against the legal battle with Dempsey in United States district court for the 12th circuit, Kearns has filed suit for \$500,000.

BREWERS OPEN HOME STAY WITH VICTORY

Old Bunny Brief Pounds Out Two Homers in 15-3 Win Over Bucs

Milwaukee—(AP)—After an unsuccessful road trip, the Brewers opened the home season here Friday before 3,570 fans by driving Lyons of Columbus out of the box before a man had been retired in the first inning and pounding Philadelphia hard the rest of the way, winning 15 to 3.

The veteran Brief was the local star, hitting two homers and two singles, and walking once for a perfect day.

Batton pitched brilliantly, Horn getting the first Columbus hit with one away in the sixth. Every Brewer hit safely and all but Batton scored at least once. Luce also hit a homer for Milwaukee.

CROWD WELCOMES BITES

Chicago—(AP)—Packing in a crowd of 14,146 fans to welcome the league leading Blues back home, Kansas City State tied Pennsylvania for the largest opening day attendance in the American Association's 1928 season.

Although frigid weather trimmed the opening day crowds that welcomed the four western teams home, approximately 32,000 fans watched the games.

FRANCIS HUNTER, NET STAR, OFF FOR FRANCE

New York—(AP)—With the firm belief that the United States has a "darn good chance" to win back the Davis cup from France, Francis T. Hunter, a member of the American team and, with William T. Tilden, holder of the national doubles title, sailed Saturday for France.

He plans to condition himself on European courts prior to joining the American team in London if it is successful in the American zone.

WOLFE LOSES BOUT IN VALLEY TOURNEY

Local Boy Deprived of Title by Kenny Nuss of Green Bay

Seven Fox river valley amateur boxing champions were crowned Friday evening at Green Bay in the finals of the Valley tournament and not an Appleton man was on the list though Vellor Wolfe, the only local entry, was emphatically declared to have been given a bad deal by the local experts in attendance. Kenny Nuss, Green Bay junior welterweight was given the nod at the end of the three rounds in the local bout, while many said a shade, Appleton ringersiders said.

The best bout of the evening was between Chief Ira Miller, Menasha Indian and Harold Cotter of Kaukauna, welterweights. Cotter won by a slight margin, the Indian proving a tough, game battler for the entire bout. The one knockout of the evening went to Green Bay's best bet, Billy Hundertmark, the Battling Belthor who stowed away Tommy Ryan, Oshkosh, in the first round of a junior welter battle.

George Everson, Marinette featherweight, beat Lawrence Noel, Green Bay, in an extra round. The boys were even at the end of three frames and were forced to battle four before the judges could decide. Charles Nagos, Pulaski middleweight, shaded Pat Murphy, former East Green Bay high school football halfback, Erich Lipsch, Green Bay, won the lightweight title on a forfeit from Bobby Ford, Menasha, and Lyman Thomas, Green Bay, didn't even have to train for the card as he was the only flyweight in the meet.

APPLETON AMATEUR NINES OPEN SEASON

Schlafers Hardware, Cameron-Schultz Meet in Practice Game

Two of the best amateur baseball teams of Appleton last season, will open the 1928 play Sunday afternoon when the clash in a practice game, before their regular schedules are started, at Wilson high field. The Schlafers Hardware Co. nine will meet the reorganized Cameron-Schultz team. The teams are the pair that battled last year for the city amateur title, the Hardware men winning after a tough struggle.

The teams appear to be about the strongest amateur nines of the city and vicinity and a fair estimate of their comparative strength will be obtained Sunday. Members of the Schlafers team, requested to list all players as last year are: Ed Hamann, Mike Kink, Pete King, Frank Buss, Alvin Buss, Ed Helms, Gordon Mangle, Joe Mayefsky, L. Witke, R. Marx, H. Parker, L. Krueger. The Hardware men are looking for games. Manager, requested to list all players as last year are: Ed Hamann, Mike Kink, Pete King, Frank Buss, Alvin Buss, Ed Helms, Gordon Mangle, Joe Mayefsky, L. Witke, R. Marx, H. Parker, L. Krueger.

CHRISTOPH RECEIVES PRAISE FROM SHIPS

Another boost for George "Nig" Christoph, assistant director of athletics at Lawrence college, who will start work as physical director and head coach of basketball and track at Emporia college, Emporia, Kan., next fall, is the praise from Manitowish, Wis., for his work in the Fox River Valley conference, East and West Green Bay being unwilling to use anyone but him for the annual bitter city championship battles. Here's a statement from a letter from a Manitowish paper concerning his work for the ships:

"Manitowish basketball fans will regret to learn that George Christoph, a Lawrence athletic mentor and who refereed several basketball games here the past few seasons, is leaving to take charge of athletics at Emporia, Kansas and will not be available next season. Good basketball officials are scarce and when one of the rarities of Christoph is found, it is a pity. He has been a great help to the school and his going at top speed and few faults escaped his notice."

ONLY ONE NON-OHIOAN ON OHIO GRID SQUAD

If the 1928 Ohio State football squad remains next fall as it was during spring practice, every member except one will be native Ohioans. Lincoln "Roy" of Grand Rapids, Ind., is the only player to survive the pruning knife of Coach Wiley who does not call Ohio home.

Crashing Ball Daily

Paul Easterling, rookie outfielder with the Detroit Tigers, seems to be living up to the tradition of Detroit outfielders. He has hit well in all games he has played.

DETROIT—(AP)—Bruce Flowers, New Rochelle, N. Y., technically knocked out Stanislaus Loyaza, Chile, (2)

JOPLIN, MO.—Royal Coffman, Omaha, and Spider Kelly, Kansas City, drew (10.)

HOLLYWOOD, CALIF.—Jimmy Piel, Los Angeles defeated Tony Mandell, Boston (10.)

By Ahern

Nathaniel Shilkret has won a unique position in music of America. He has been a musician all his life, and he comes of a family which has given many members of the staff. He played the clarinet as a mere child, and at seven was in a boy's orchestra. At fourteen he was taken into the Russian Symphony Orchestra under Altschuler, and he since has played with the highest class of band and orchestral organizations, including such as the Russian Symphony, the New York Symphony and New York Philharmonic Orchestras and the Barrere Ensemble. At twenty-four he entered the service of the Victor Company. He has scored and directed thousands of musical compositions and his work with the Victor Salon Orchestra (which was his own ideal), the Victor Dance Orchestra, the Famous Gaiety Dance Orchestra and with other Victor groups of artists has continued without interruption ever since. His records are accepted as models and they cover the whole range of music in every national life. A worker who never seems to tire, and who probably would not acknowledge it if he did his services to American music and his helpfulness to classic and popular composers, have been beyond compute.

**HERE ARE TWO OF HIS RECENT
ORTHOPHONIC RECORDINGS**

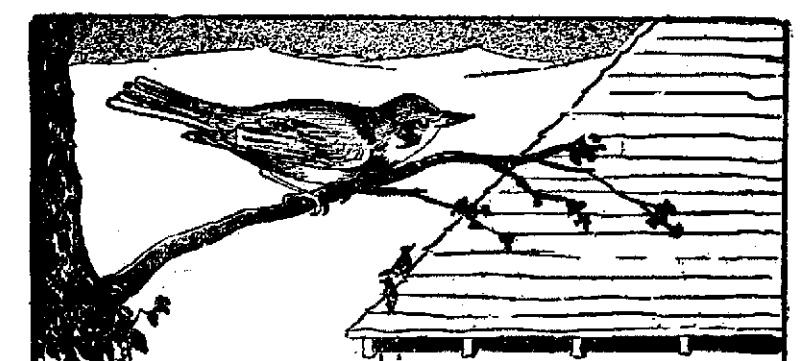

No. 21215 **"Why Do I Love You?"**
"Can't Help Lovin' Dat Man"

No. 21259 **"Without You,, Sweetheart"** Fox Trot
"Little Mother," Waltz

**After you hear these you will understand
why this orchestra is a Headliner.**

Warblers

The Whitethroat is a typical Warbler. He has a little wary with which he tries to scare people when he sets up housekeeping in their gardens because he considers that territory his own. His song is mostly sweet, however, though it can be harsh as the croak of a frog when he is displeased. The artist has sketched Whitethroats about

By N.E. Turner for a permission of the Publishers of The Book of Knowledge, GOSWIFT, 1923-26.

The American Redstart is one of the most beautiful of the Warblers with its mingled plumage of orange, black and white.

Here are sketched a family of Reed Warblers and their young. The little birds have tremendous appetites.

Wood Wrens are Warblers, as is the lovely Golden-crested Wren. Wood Wrens are jolly little singers. The fine song of the River Warbler has been likened to the chirping of a grasshopper. The Firecrest and Rubycrest of South America rival the Goldcrest of Europe in gorgeousness. A Sedge Warbler is sketched above. (To Be Continued).

WAUPACA COUNTY NEW LONDON-CLINTONVILLE-WAUPACA NEARBY TOWNS

PROSPECTS ARE BAD FOR CLOVER CROPS

Winter Freezing and Lateness of Season Is Cause, Seed Man Says

Special to Post-Crescent
New London—That farmers of this section will be disappointed in their prospects for a bumper clover crop is an assured fact. This is the statement of Fred La Marsche, local seed distributor, who said Friday that in his conversation with farmers he finds that almost without exception the clover was winter killed. While fields were left exposed to the severe cold without sufficient snow to prevent root freezing, and the spring season has caused much heaving of the soil. One farmer stated that he found clover roots heaved by frost completely out of the earth, while another stated that the best of 50-acre area of promising cloverland.

NEW LONDON SOCIETY

Special to Post-Crescent
New London—Announcement has been received here of the marriage of Dr. Frank J. Murphy of this city and Miss Helen Krueger, daughter of Mr. and Mrs. William Krueger of New Hampton, Iowa. The ceremony took place at St. Mary's church, New Hampton, Wednesday morning at 7:30. Dr. and Mrs. Murphy will be at home after May 10, at the Murphy home, 317 W. Beacon-ave in this city.

The regular monthly business meeting of the Woman's Relief Corps was held Friday afternoon with a large attendance. The subject for discussion was the National Defense fund was voted upon and passed. Mrs. Edith Andrews gave a reading entitled "Our Neighbors." A social hour followed the business session with the following committee in charge: Mesdames Anna Heath, Alice Thomas, Emma Steingraber, Helen Finger, Mayme Polaski, Stella Davis, Kate Schaller and Arabella Burnett.

NEW LONDON PERSONALS

Special to Post-Crescent
New London—Among the high school students who attended the sub district forensic contest held at Menasha Thursday evening were the Misses Dorothy Wendlandt, Mary Wendlandt, Helen Abrams, Mildred Lyon, Lolla Abraham, Mildred Sager, Venice Zeremmer, Angeline Hinkley, E. H. Smith was a business visitor at Janesville Thursday.

NAME CHARACTERS FOR ANNUAL SCHOOL PLAY

Special to Post-Crescent
New London—The characters for the play, "Go Slow, Mary," the comedy drama to be presented in May by the class of 1928, has been announced. Alice Fellenz will take the part of Mary. The list follows: Billy Abbey, a young husband out of work, Marcus Plant; Mary Abbey, his discontented wife, Alice Fellenz; Mrs. Berden, Mary's bosom friend, Frances Lathrop; Harry Stevens, Billy's sweet heart, Marvin Edmister; Burt Childs, friend, Clyde Roepke; Bobby Berden, Mary's young nephew, a holy terror, Odean Nader; Dolly Katie, the Abbey's maid, Elizabeth Barot; Danny Grubb, an ice man in love with Dolly, August Becker; Murphy, a policeman, also in love with Dolly, Theodore Weidenbeck.

SCHOOL ATHLETES IN FIRST PRACTICE MEET

Eighteen from New London Go to Shawano and Take Part in Events

Special to Post-Crescent
New London—Eighteen local high school students left today for Shawano where they participated in the afternoon, in a practice track meet. Fourteen events were introduced, the 100 yard dash, 220 yard dash, 440 yard run or quarter mile, 880 yard run or half mile and the mile run, followed by 220 low hurdles, 110 high hurdles, running broad jump, pole vault, high jump, shot put, discus and javelin throwing and the relay race. Much depends upon the outcome of this practice event, since the possible participation of candidates at the conference meet at Neenah on May 12 will probably be decided. Fifteen school will participate in the conference meet, New London's delegation to be managed by P. C. Berglund and C. T. Polomis of the high school faculty.

P. T. A. AT LEEMAN PRESENTS PROGRAM

Make Plans for Wiener Roast in Conjunction With Next Meeting

Leeman—The Parent-Teacher association of the Leeman school presented the following program before the public Tuesday, April 24:
Concertino selection, Clarence Larson; drill, two cabbage chickens; recitation, "Ma and Suggestions"; Celia Schroeder and Tom Wilkenson; recitation, women, Donald Nelson; musical selections, Gordon Mills; vocal trio, Mr. and Mrs. Myron Ames and Mrs. Howard Spaulding; recitation, When Mamma Spanks Me, Madeline Larson; song, Baby Face; Anita Mills; recitation, What's the Use?, Clark Hammond; recitation Joyce Ames; song, The East Bound Train, Merle Nelson; music, Marion Larson; recitation, Leo Larson, music Mr. and Mrs. Jake Diemel; recitation, That Fatal Question, Mildred Leeman; recitation, In 1922, John Wilkenson, vocal duet, Lillian Gomm and Evelyn Spaulding; recitation, Leo Larson; recitation, Mrs. Joseph Schroeder; reading, Ma's Check Book, Earl Hammond; song, Highways are Happy Ways, Evelyn Spaulding; recitation, Special Jim, Mildred Wilkenson; reading, Asleep at the Switch, Mrs. Oscar Nelson; song, Donald Nelson; harmonica solo, Clifford Spaulding, music, Emil Larson; harmonica solo, Gordon Mills; music Clarence Larson.

Plans were made for the next meeting at which a wiener roast will be held.
A car owned and driven by Roy Fields, tipped over on Highway 156, about a half mile east of Leeman, early Tuesday evening. The top of the car and the windshield were quite badly smashed. No one was injured.
Mrs. Henry Johnson broke her leg Saturday evening, when she fell off a porch at her home.
Work was resumed on the electric line in this region Monday. The crew had not been working the past two weeks, due to the condition of the roads.
The Leeman Cheese Factory ceased operating Saturday.
Mrs. Frank Kable, daughters, Julia and Ida, and son, Frank, visited at Neenah Sunday.
Mrs. Fred Falk spent a few days this week at Madison.
Mrs. Joseph Schroeder of Minneapolis-Minnesota is visiting friends in this region this week. Schroeder was a former resident of this locality.
William Kable and Ernest Henry of Shiocton visited at the Frank Kable home Tuesday evening.
Mrs. Hannah Hurlburt of Oshkosh is visiting at the home of her son, Howard Hurlburt.
Several farmers of this region have begun work on their land. Some have begun seeding also.

ATTEND FUNERAL OF OSHKOSH RELATIVE

Waupaca—Mrs. Mary Graham and daughter, Mrs. Myrtle Turner, attended the funeral of their daughter and sister, Mrs. Julie Hanson, at Kenosha Wednesday, Mrs. Hanson, formerly of this city, died of pneumonia Sunday night. Surviving are the widow, a son and a daughter.
Louis Larson accompanied his daughter, Miss Eva, to Mercy Hospital at Oshkosh, Wednesday. Eva has been ill for several weeks at the home of her sister Mrs. Leonard Schuelke, Mill-st.
Miss Helen Stanton of Oshkosh came this week to make her home with her aunt, Mrs. Joe Ireland, Mill-st.
Mr. and Mrs. C. L. Hogarth left Tuesday for Milwaukee after spending the past three weeks in Waupaca.

CLINTONVILLE LEGION MEN AND WOMEN GIVE A SUCCESSFUL PARTY

Hats of Many Years Ago Feature of Grand March; May-or Is Judge

Special to Post-Crescent
Clintonville—The party given by the Ladies Auxiliary of the American Legion for Legion and auxiliary members was held at the Armory Thursday evening, April 26, attended by a large number. After serving a covered dish supper, old time songs were sung. Mayor A. C. Cather, who was the guest of honor, was called upon and gave a short but interesting talk recounting the history of the growth and development of the Legion and its auxiliary. A grand march was held, the line passing in review before Mayor and Mrs. Cather who, served as judges on the old fashioned hats worn by the marchers. Prizes were awarded to Mrs. Grace Wagner for the largest hat; Mrs. R. E. Knister for the smallest hat; George Stevens for the funniest hat; and Mrs. Hazel Sanford for the prettiest hat. Quite a number of old fashioned derbies were won by the men, and hats of every description, some dating back to early days in the history of this country. The little flowered bonnets worn on top of the head by the grandmothers of long ago were much in evidence.

Cards were played by the men while the ladies held a meeting of the Auxiliary. Later in the evening, the floor was cleared for dancing to music furnished by Miss Gladys Schoenlecke. Among the important matters of business receiving action at the auxiliary meeting was the decision to donate \$15 to General Rehabilitation work, and also \$15 to Child Welfare work, in the community. Committee chairmen were appointed to take charge of ways and means for engraving the treasury from now until the end of the year.

The Woman's club will give a play, "Hannah Henpeck's Vote," at the public library on Monday afternoon, April 30, at 2:30, to which the public is invited. In the play, B. Giles Henpeck, is being sued for alleged illegal solicitation of the vote of Mrs. Hannah Henpeck, at the polls in a recent election. The prosecution proves with the aid of a reformer lately out of Sing Sing, a blind man whose sense of hearing is very acute, a dairyman, who has discovered something new about sows, and Mrs. Henpeck's meek husband, a lion tamer by profession, that the defendant drew Mrs. Henpeck aside just before the casting of her ballot, and gave her the sum of \$1.00.

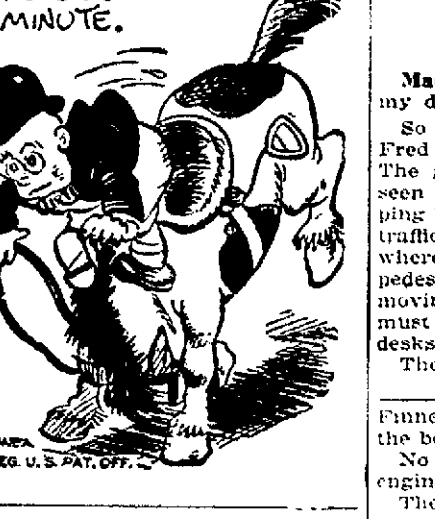

The first witness for the defense is Mrs. Henpeck, who testifies in no uncertain terms. She is substantiated by Philip Keggs, the ex-lar tender, Ima Pumpkin, the maid of all work, and others. A complete trial is carried out, before a judge and jury. The Boy Scouts in troop No. 1, have presented the boys in troop 2, with a record book as a mark of appreciation.

LEGAL NOTICE

NOTICE TO CONTRACTORS
Bids close May ninth at five P. M. Sealed bids will be received for the alterations to the McKinley School buildings, also New Chimney, Coal Storage Room, and alterations to the Northeast Corner Room and the Cor. Joseph Boddy, in the basement of the McKinley School Building for a Girls Shower room, etc., located in the Fourth Ward, Appleton, Wisconsin, until Wednesday, May 9, 1928. Address all bids to the Board of Education, City of Appleton, Wis., in care of Carrie E. Morgan, Secretary of the Board of Education.
Plans and specifications may be procured for this work, covering all branches, by calling at the office of the architect, Edward A. Wetzel, 116 So. Pierce Ave., Appleton, Wis. A deposit of Fifteen (\$15.00) Dollars will be required to guarantee the safe return of the plans in good condition.
Bids will be received individually on each project and also individually on each branch, viz: General Work, Heating, Plumbing and Electric Wiring, and on Heating and Plumbing Combined, and on both projects combined will also be received. Each bid must be accompanied by a certified check in the amount of Five per cent (5%) of the amount of the bid, made payable to the Board of Education, City of Appleton, Wisconsin, and conditioned that the bidder will, in case his proposal is accepted, enter into a contract with the Board of Education of the City of Appleton, Wisconsin. In case the successful bidder shall fail to execute such contract and bond, the amount of the check shall be forfeited and be provided by law. The successful bidder will be required to execute a surety bond approved by the Board of Education for the faithful performance of the work and the contract.
The Board of Education reserves the right to accept or reject any or all bids.
Signed: CARRIE E. MORGAN, Secretary of the Board of Education. Apr. 24-25 May 2

STATE OF WISCONSIN, COUNTY COQUIT FOR OUTGAMING COUNTY.
In the matter of the estate of Christine Zapp, deceased.
Notice is hereby given, that at a special term of the county court to be held in said county at the court house in the city of Appleton, in said county on the eighth day of May A. D. 1928, at the hour of the court on that day, the following matter will be heard and considered:
The application of W. K. Austin as the administrator of the estate of Christine Zapp late of the City of Appleton in said county, deceased, for the examination and allowance of his final account (which account is now on file in said court), as required by law, and for the assignment of the residue of the estate of said deceased to such persons as are by law entitled thereto; and for the termination and adjudication of the inheritance tax, if any, payable in said estate.
Dated April 14, 1928.
By the Court, FRED W. HEINEMANN, County Judge.
MORGAN & JOHNS, Attorneys for Estate. Apr. 14-21-25

for services rendered in taking part in the play given by the scouts some weeks ago. Several boys now in troop 2 were placed in troop 1 when first organized and have for some time been active in developing the organization.

The first open air meeting of the scouts was held in Central park Wednesday after school. They kindled an open door fire, roasted peanuts, and toasted marshmallows. The meeting continued until nine o'clock, when according to scout rules, the fire was put out and they adjourned.

The organization meeting of the new city council was held last Tuesday evening at the city hall. All aldermen were present and Mayor Cather made the new committee appointments as follows:

Finance committee—William Barnum, Herbert Bovee and William Ellsbury.
Street committee—Fred Meisenhelder, William Ellsbury, and William Barnum.
Sewer committee—Otto Hundertmark, Fred Firehammer, John Abrahamson.
Poor committee—Louis Johnson, Fred Meisenhelder and Fred Firehammer.
Ordinance committee—John Abrahamson, William Barnum, Louis Johnson.
Public Properties committee—William Ellsbury, Herbert Bovee, Fred Meisenhelder.
Printing committee—Fred Firehammer, John Abrahamson, Otto Hundertmark.
License committee—Herbert Bovee, Otto Hundertmark and Louis Johnson.
Roy Morris was appointed city attorney again. Dr. R. J. Fairchild, city health officer and William Rock, janitor of city hall.

W. A. Olen was appointed to a five year term on the police and fire commission. Mrs. Leona Berchardt was appointed for five years on the park commission. Fred Ruth was reappointed to a three year membership on the library board, and Mrs. W. H.

Governor And Dog Take Long Early Morning Walks

Madison—The governor and his pet tramp of the chief executive is many a day to be seen walking in the city. The governor, Fred R. Zimmerman, it is kept one of the government's most popular figures seen by early risers of Madison, stepping briskly along one of the principal traffic-ways of this city, the walkway where there are few cars, carrying pedestrians, mostly automobiles, and last moving, carrying workers to town who must be behind their machines or desks at seven.

Zimmerman, it is kept one of the government's most popular figures seen by early risers of Madison, stepping briskly along one of the principal traffic-ways of this city, the walkway where there are few cars, carrying pedestrians, mostly automobiles, and last moving, carrying workers to town who must be behind their machines or desks at seven.

Major Cather appointed the following committee for Memorial day which was sanctioned by the council and an appropriation of \$100 made for expenses: William Barnum representing the council; Dr. J. H. Murphy, the Guards, William Schumacher, the American Legion, Little Schroeder, the Cemetery Association, Mrs. Frank Gause, the Woman's Relief Corps, Mrs. Hughes, the Boy Scouts. This committee will work out the plans and program for the day.
Henry Bernadt suffered a broken leg Wednesday when he fell from a truck. Rudolph Ruben and Clinton Gray went to Milwaukee Wednesday. Mr. and Mrs. Hans Munser were pleasantly surprised by a number of friends Wednesday evening, the occasion being the birthday anniversary of the former. After an evening spent playing cards, a luncheon brought in baskets by the guests was served. Those present were: Mr. and Mrs. Hans Munser, Mr. and Mrs. Paul Schmidt, Mr. and Mrs. Clarence Peterson, Mr. and Mrs. Walter Westphal and Mr. and Mrs. Anna Schoenlecke.

SWINDLERS AIDED BY "HIGHTONED" NAMES

Paris—(AP)—The psychology of names is interesting to the police since a bright official recently tried to learn why people are attracted to swindlers. The official found that the names of swindlers are often of a nature that suggests success, power, and wealth. The names are often of a nature that suggests success, power, and wealth. The names are often of a nature that suggests success, power, and wealth.

FIND BOOZE CACHE AFTER LONG SEARCH

Prohibition Agents Scour Premises of Joseph Freund and Get Results

Joseph Freund, town of Grand Chute, Saturday morning pleaded not guilty of illegal possession of liquor and Judge Theodore Berg of municipal court set his preliminary hearing for May 8. Bonds of \$500 were furnished.

Following a search of more than two hours, on Freund's farm premises, state prohibition officers and deputy sheriffs found three quart bottles of alleged liquor beneath a pile of rubbish about 40 feet away from the kitchen door of the Freund home.

The raid on Freund's home followed the receipt of several complaints by Sheriff Otto Zuehlke. In searching Freund's home, several traps in the house were uncovered but they all were empty. The prohibition officers said Freund had been conducting a "blind pig" for some time.

Miss Laura Zwerg, daughter of Mr. and Mrs. Robert Zwerg, N. Division st., has returned to Chicago where she will resume her duties at Grand hospital.

RELICS OF LONG AGO REVEALED AS MASONS OPEN UP CORNERSTONE

Condition of President Garfield Was Main Topic Back in 1881

The condition of President James A. Garfield, wounded earlier in the month by an assassin's bullet, was the most important news of the day on July 12, 1881, when the corner stone for the Zuehlke building, recently destroyed by fire, was laid.

A telegram telling of his condition was the last article placed in the tin box and the first taken out when the box was opened at a Masonic stag party here Friday night. The telegram, sent over the wires of the North Western Telegraph company, from Washington at 1 o'clock that afternoon, was received here at 2:15 and was placed in the box during the ceremony a few minutes later.

H. A. Shipman was worshipful master of Waverly lodge at the time and his name, along with 73 others that then comprised the membership, was on a sheet of paper. Practically all of the data of importance was written by hand.

Then, as now, some one took occasion to do a bit of advertising and handbills from the Montgomery drug store in German and English language began with the caption Why Do We Die? Following was a notice that "liver pills will cure all ills."

There were copies of the Appleton Post, the Appleton Crescent, the Appleton Volksfreund and the Appleton Weeker. All of the paper was in good condition, clearly legible and a test showed that the paper was made entirely of rags.

A card taken from the box announced that the Appleton Woolen Mills, then operated by Messrs. Hutchison and company, had been taken over by A. P. Horwood. Still another card announced that the Appleton marble works was operated by Powers and Brother and were soliciting business such as tombstones, cornerstones and any other kind of stones.

The rush and hustle of today was evidently lacking back in 1881 because a paper taken from the box showed that 8 masons, 9 laborers and a single carpenter were used in the construction of the building. William Walters was the architect and Lewis Bates, the contractor.

City officers in 1881 were Humphrey Pierce, mayor; M. K. Goehnauer, city clerk; and Joseph Koffend, treasurer. There also was a list of Knights Templar who attended the laying of the cornerstone and a list of members of the Outagamie club.

A dentist's tool of 1834 vintage, together with two false "pivot" teeth were placed in the box as relics. They were the gift of Dr. William A. Douglas, grandfather of Dr. Earl Douglas and believed to be the first practicing dentist in the state.

In the 1880-81 catalogue of Lawrence college, in the "college humor" department, were some of the latest jokes of the day. One of them was between two students wherein one inquired: How many quills does it take to make a goose? The snappy response came back: Only one if you it to write a love letter.

Of the county officers listed on a sheet of paper found among the other relics, the name of B. C. Volter appeared as clerk. Other articles were Masonic literature; a letter from the worshipful master of the Marinette lodge saying a number of Marinette Masons were coming down on the "night express" and to reserve their rooms at the Waverly house; a photo of President James A. Garfield; list of churches and their pastors; names of the owners of the building and stock holders in the new Commercial bank; list of pioneers; copy of charter of ordinances of the city in 1877; annual report of the schools for 1879; A. H. Conkey, superintendent.

The report of the schools showed that the late Dr. J. E. Murphy, Chicago, was the first graduate of the Appleton high school.

Word has been received in Appleton of the death of Mrs. F. H. Walker of Ashland, Ore. Mrs. Walker formerly was Miss Hattie Stannard of this city.

MOTORIST FINED FOR TRAVELING TOO FAST

Henry Wood, 492 E. Washington st., was fined \$10 and costs by Judge Theodore Berg in municipal court Saturday morning when he pleaded guilty of speeding. Wood was arrested about 3 o'clock Friday afternoon by Motorist Fred Guss Horskorn for traveling 55 miles an hour on S. Cherry st.

GAGE WINS FIRST PLACE IN LEAGUE ORATORICAL TILT

Appleton Representative's Oration Puts Him in Lead at Green Bay

Aloysius Gage was awarded first place at the Fox River Valley oratorical contest which was held at Appleton Friday afternoon at the new auditorium of the East Green Bay high school. Second place was awarded to Bidwell Gage of East Green Bay and third to Paul Lafr of Manitowish.

The winning oration was "The Eleventh Commandment." A strange coincidence in the contest was that the first and second place winners had the same last name; gave the same oration; and were born on the same day, same month and the same year.

The three winners were awarded with gold medals. Adam Atchison who coached the contestants from the local school, accompanied him to Green Bay.

Schools represented in the meet were Appleton, E. Green Bay, Manitowish, W. Green Bay, Oconto, Oshkosh, Fond du Lac, Marinette, and Sheboygan.

The trial opened Thursday morning before Judge Heinemann, to whom the case was transferred after a writ of prejudice had been filed against Municipal Judge Theodore Berg.

Attorney T. H. Ryan, counsel for Horner, claimed the defendant was not posing as a doctor and was not practicing medicine. Mr. Ryan said Horner was a medicine manufacturer, whose formulas were on file with the secretary of state and who had a federal permit to sell his product anywhere in the United States.

The trial opened Thursday morning before Judge Heinemann, to whom the case was transferred after a writ of prejudice had been filed against Municipal Judge Theodore Berg.

Thirty scouts from Kaukauna, Menasha and Appleton received first and second class and merit badge awards for advancement in the various departments of scout work at the court of the city hall Friday evening. The awards were made by M. G. Clark, valley scout executive.

Three boys of the Century club of the boys' department at the Y. M. C. A. have completed 100 miles of hiking, according to Irving Back, assistant boys' work secretary. The boys are Herbert Perlme who has hiked 100 miles, Wilbur Nelson, 101 miles and John Krueger, 101 miles.

The boys will be given medals at the annual meeting of the Y. M. C. A. the first week in May, according to Mr. Back.

At present 42 boys are competing in the contest, and it is expected that after the hike Saturday morning, more of the boys will pass the century mark.

One marriage license was issued Saturday by John E. Hantschel, county clerk, to Albert Wingate, route 2, Shiocton, and Lozetta Hooker, Hustonford.

The service and interment will be in Riverside cemetery. The survivors are her father, George W. Thoms and one brother, Vincent Thoms. Mrs. Thoms was graduated from the Appleton high school and attended Lawrence college. She was graduated from the University of Wisconsin and taught in the high schools at Beloit, Ashland and Los Angeles, Calif. For the last year she was principal of the schools at Black Creek. She was a member of Miriam chapter, No. 23, Order of Eastern Star at Washington, D. C. The body will be in state from 2 to 5 o'clock Sunday afternoon at the Schommer funeral home.

Funeral services for Miss Mildred Thoms, 30, who died Friday noon, will be held at 2 o'clock Monday afternoon from the Schommer funeral home. The Rev. H. S. Gately will conduct.

Funeral services for Mrs. Anton Herrmann, 62, 927 E. Washington st., died Saturday morning. The survivors are three children, three sons, Frank, Harry and Alfred of Appleton; three sisters, Mrs. Adolph Weiss, Mrs. Andrew Herrmann, and Mrs. R. Gratto of Appleton; one brother, Henry Leopold; two grandchildren. Funeral services will be held at 1:30 Tuesday afternoon at the home and interment at Zion Lutheran church.

The Rev. Theodore Marth will conduct the services and burial will be in Riverside cemetery.

Funeral services for Miss Mildred Thoms, 30, who died Friday noon, will be held at 2 o'clock Monday afternoon from the Schommer funeral home. The Rev. H. S. Gately will conduct.

JURY SAYS HORNER IS GUILTY AFTER 15-MINUTE SESSION

Court Defers Sentence So Attorneys Can Prepare Motion for New Trial

Deliberating less than 15 minutes a jury in the upper branch of municipal court Friday afternoon found William Horner, 117 E. Harris st., guilty of practicing medicine without a license. County Judge Fred V. Heinemann was to pass sentence Saturday morning but he granted Horner a continuance until May 8 so his attorney can prepare motions for a new trial.

It is Horner's second conviction for this offense and his fourth arrest on the charge. The first time the jury disagreed, the second time he pleaded guilty, was fined \$500 and costs and paid the costs of the first action, which also was dismissed, the third charge was dismissed.

Horner's conviction was obtained after testimony presented by a group of special investigators from the district attorney's office. All the investigators testified Horner had treated them for diseases they didn't have. District Attorney John A. Lonsdorf instructed the investigators to visit Horner after he received complaints that Horner was practicing medicine.

The defense tried to prove Horner could not have practiced medicine on the special investigators because they weren't sick.

Attorney T. H. Ryan, counsel for Horner, claimed the defendant was not posing as a doctor and was not practicing medicine. Mr. Ryan said Horner was a medicine manufacturer, whose formulas were on file with the secretary of state and who had a federal permit to sell his product anywhere in the United States.

The trial opened Thursday morning before Judge Heinemann, to whom the case was transferred after a writ of prejudice had been filed against Municipal Judge Theodore Berg.

FIRST WEEKEND OF GOOD WEATHER IS PROMISED

People who have been blaming bad weather for their "grouches" during the past week can cheer up now if the weather man's prophecies hold good.

Fair weather will prevail throughout the middle part of the week, with the exception of the lower lake regions where clouds and rain or snow for Sunday is predicted.

The temperatures for Saturday were 31 degrees above zero in the morning and 62 degrees above at noon. It is expected that by Sunday the mercury will register in the neighborhood of 70 degrees above.

The meeting of the Lions club at 12:15 Monday noon at the Conway hotel will be devoted to a musical program arranged by E. C. Moore, La Valin Maesch and Edward F. Munum. The high school band, under the direction of Mr. Moore will play several selections after which Mr. Munum and Mr. Moore will entertain. The remainder of the meeting will be devoted to group singing conducted by Mr. Maesch and Mr. Moore.

Arthur Beskitt and Harvey Bass, Medina, were fined \$50 and costs when they pleaded guilty before Judge Theodore Berg in municipal court Thursday afternoon, of spearing pike. The two men were arrested earlier in the week by Game Wardens Louis Jeske and Joseph T. Hassman.

Because members of the local Y. M. C. A. boys' department gymnastic team, are competing in the state meet at Madison, Saturday, the gymnastic meet between the Fond du Lac and Appleton boys' department teams was postponed until next week, according to A. P. Jensen, physical director of the Y. M. C. A. The meet was to have taken place at the Fond du Lac Y. M. C. A. on Friday evening.

A daughter was born Friday at St. Elizabeth hospital to Mr. and Mrs. Fred Labadie, Kaukauna.

Announcement has been made of the birth of a daughter to Mr. and Mrs. L. M. Martell, Kaukauna, at St. Elizabeth hospital on Friday.

Chicago Livestock Chicago, 28—U. S. D. LATEST NEWS OF THE AUTOMOBILE INDUSTRY

ATLANTA CHEVROLET FACTORY PRODUCING

First Car to Be Built in New Plant Is Completed Friday, the Thirteenth

The first Chevrolet car ever built in Dixie rolled off the assembly line Friday, April 13th, when the mammoth new Chevrolet factory in Atlanta—the largest automotive institution in all the South—swung into operation to supply the Southeastern states.

In the presence of a group of notable, including city, state and civic officials, the first Southern-built Chevrolet was welcomed to the land of cotton and sunshine by Governor Hardeman of Georgia and Mayor Ragsdale of Atlanta. Representing the Chevrolet Motor Company were W. S. Roberts, plant manager and L. S. Costley, regional sales manager.

Flashing from the assembly line, its lustrous finish, glistening in the sunlight, Number One caught every eye as it was quickly driven out to make room for Number two which was coming up immediately in the rear. Over to the driveway shed it went as an admiring crowd followed to make further inspection of the car that is the herald of a long line to follow in succeeding weeks.

City officials present at the formal ceremony commented on the significance of the event, its importance, not only to Atlanta but to the entire Southeast and joined in the opinion that the huge Atlanta plant would be a leading factor in increased industrial activity in the South.

Construction at a cost of more than \$2,250,000, the plant covers 32 acres and has 410,000 square feet of floor space. It has an assembly capacity of 350 cars a day, or more than 100,000 a year. Following the Chevrolet policy of recruiting workmen from the community in which its plants are located, it will be almost exclusively a Southern institution, its 1,300 employees being residents of Atlanta or nearby cities. The payroll will approach \$2,000,000 annually.

Production will be on a basis of 2,000 cars for the first half of April, with the May schedule calling for six thousand cars.

Strategically located for shipping purposes, the plant is equipped to make rapid deliveries to the six Southeastern states will serve, including Georgia, Alabama, Florida, South Carolina and parts of North Carolina and Tennessee.

The factory is served by the Southern Railroad Company, which has six lines of tracks adjoining the plant for storage of cars. Accommodations have been made to handle as many as 800 cars at one time. Two other tracks lead directly into the Chevrolet plant proper and one track into the Fisher Body unit.

The first spade of dirt preparatory to the start of construction work, was turned the day following Thanksgiving and the plant opened 19 weeks later. The Seaboard Southern Construction Company, general contractors, worked night and day shifts to complete the plant in the comparatively brief space of time. Erection of the factory was superintended by Harry W. Delander, construction engineer for the Chevrolet Motor Company, who directed the work continuously since Thanksgiving Day.

In addition to Mr. Roberts, plant manager, the following officials are in charge: W. J. Sullivan, Superintendent; E. J. Gleason, manager of the Fisher Body division and H. J. Schmidt, resident controller.

The Atlanta plant provides Chevrolet with eight domestic assembly plants throughout the country, an export plant at Bloomfield, N. J., and

Heroes of California Flood

William J. Leiner Jr., telephone company instructor, and his Oldsmobile which carried supplies for 68 continuous hours to re-establish communication with towns isolated by the recent collapse of the St. Francis dam and flooding of the Santa Clara valley in California. Lower picture shows where Leiner forded the flood waters at Fillmore.

GROWING DEMANDS FOR GRAHAM TRUCKS

Domestic Orders Make 41 Per Cent Gain; Export Figures Also on Increase

Retail deliveries of Graham Brothers trucks in domestic and foreign fields showed sharp increases for the week ending March 31, compared to the previous week, according to statistics compiled at the factory.

Domestic deliveries totaled 1,007 for the week ending March 31, compared to 785 for the previous week, a gain of 282 units or 41 per cent. Export deliveries for the week ending March 31 totaled 319, compared to 201 for the previous week, a gain of 118 units or 59 per cent.

Dealers from over the country are optimistic over prospects for still greater increases in business this spring, according to reports reaching Dodge Brothers Inc. Purchases in the Commercial car, truck and motor coach field indicate conditions in practically every line of business are improving.

Five different truck chassis sizes, the 1/2 ton, 3/4 ton, 1 ton, 1 1/2 ton and 2 ton, with variety of body types and equipment place the company in a strong position to meet the needs of modern transportation.

Manufacturing plants at Detroit, Bay City, Saginaw, Flint and Toledo. In addition to Atlanta, assembly plants are located in Flint, Mich., Gary, Ind., N. Y., Norwood, O., Oakland, Cal., Buffalo, N. Y., Jansville, Wis., and St. Louis, Mo.

The public will be invited to inspect the plant early in May when an "Open House" week will be arranged.

HUDSON AND ESSEX SHOW GAIN HERE

Figures for First Three Months of This Year Exceed Those of 1927

Hudson-Essex established a new two-fold record of popularity the first three months of this year—in the United States as a whole, second in the export field, it is disclosed in a Company message to Appleton Hudson Co., Hudson-Essex dealer for this vicinity.

Meantime, this popularity was confirmed locally when 34 new "vogue of tomorrow" Hudson-Essex cars were purchased by residents of this city and delivered to their owners—making the largest March Hudson-Essex ever enjoyed in this city, it was declared. This brought the total Hudson-Essex figures in this city for the first three months of 1928 to more than 67 which is far ahead of any previous figures.

Indicating the world-wide interest in the "vogue of tomorrow" series of Hudson-Essex cars, the export shipments for these three months were 14,634, as compared with 9104 a year ago, an increase of more than 50 per cent.

Meantime, the Hudson-Essex factory produced and shipped 91,500 cars to its organization in three months—a record—and the organization has sold 40 per cent more cars to the public at retail than in any other three months of the year, the company stated. These sales are hardly estimated and will probably be nearer a 45 per cent increase when the final figures are known, it was said.

"With this background," said Messrs. Adams & Haen we feel entirely safe in saying that this month of April will see more Hudson-Essex cars purchased than any previous month we ever have known. The public appreciation of the cars has demonstrated itself in every quarter of the globe. Fortunately the factory organization saw this great demand coming and is making it possible for all dealers to deliver promptly every model of the combined Hudson-Essex line.

"We feel a natural pride that so well informed a city of motor car buyers as our own is making Hudson-Essex its outstanding six-cylinder favorite. It takes upon the minute style and the soundest engineering to win approval in so decisive a fashion. "We never have been so busy as at the present, and never before have our buyers been so well satisfied."

While the marriage rate in England is rising, that country had the lowest birth-rate on record during the last quarter of 1927.

Believed to be the fattest man in the world, Emil Hoehne of Germany, weighs 541 pounds and his suits require more than six and one-half yards of material.

ALL ROADS THE SAME TO NEW STUDEBAKER

Hold Endurance and Speed Records for All Cars in Similar Class

All roads look alike to the Studebaker Commander, world's champion car which holds all the highest endurance and speed records for fully equipped cars, regardless of power or price. In fact, it is difficult to discover a type of road that has not been traveled by The Commander in winning its various records.

"Perhaps the most unusual road bed ever used by The Commander was that of the dried-up Lake Perkolilli, located near the gold mining town of Kalgoorlie, Australia. Word has just been received from the Studebaker factories in South Bend that a strictly stock Commander Sport Roadster recently shattered all Australian 24-hour speed and endurance records by averaging 70.8 miles per hour for a day and a night run over the dried-up lake bed. The last 50 miles of the long drive were covered at an average speed of 78 miles an hour.

The bed of Lake Perkolilli is a mixture of sand and gravel. Its uneven surface gave The Commander no difficulty whatever. No mechanical adjustments were made during the entire run.

In sharp contrast to the Lake Perkolilli run is the 25,000 mile record-breaking run made by three Commanders on the board track of the Atlantic City Speedway last autumn. Each of the three Commanders traveled the entire 25,000 miles in less than 25,000 minutes. Nothing else has ever traveled so far so fast. Each of the cars was strictly stock and fully equipped with the same standard models sold by Studebaker dealers. The entire run was supervised by the American Automobile Association.

When Ab Jenkins drove his Commander sedan from New York Harbor to San Francisco Bay in the record-breaking time of 47 hours and 40 minutes he traveled over every imaginable type of road from smooth boulevards to hub-deep mudholes. His time lowered the best previous record—made by a high-priced open car—by 2 hours and 15 minutes.

Another unusual road bed which contributed to The Commander's victories was an ice track in Sundsvall, Sweden. On February 12 of this year a fully equipped strictly stock Commander sedan traveled a kilometer in 36.4 seconds over a course measured on the frozen surface of a lake. The only "ice racing" equipment The Commander needed was a pair of ordinary chains on the rear wheels. Several other American cars, competing in the novel race, but were defeated by The Commander.

Other roads that have felt the crunch of The Commander's tires in record-breaking performances are the "bush" wilderness trails of Australia, the pampas paths of South America and many others far too numerous to mention. But The Commander is never daunted. It fears no road. In fact before the first Commanders were approved for production, they had triumphed over the many different types of roads to be found on Studebaker's 800 acre Proving Ground in South Bend where all new designs are tested and proved before the cars are released for public sale. Every road surface known to automobile engineers has been built on this great outdoor laboratory and every model must show satisfactory performance over each before the engineers give their final "okay."

Ask Mr. H. Curtis for further details about the Studebaker. His office is at 215 E. Washington St. Appleton.

Caterpillars which follow one another blindly have been found in the South of France. They are called "pine processionary" and immediately one moves toward a new feeding ground the rest will follow, each leaving a silken trail to guide those in the rear.

Electrification of parts of the Madagascar Government Railways is to start late this year and be completed in about six years.

NEW SPARK PLUGS HELP PERFORMANCE

Frank Lockhart, Noted Racing Driver, Pays Tribute to Champions

Frank Lockhart, the great race driver, in a recent letter to the Champion Spark Plug Co., wrote the following:

"I changed the spark plugs in my Stutz Weymann sedan today after they had gone something over 10,000 miles. Never know I have spark plugs in the car until I change them according to your recommendation at that mileage.

"I want you to know that I have never known a spark plug the equal of Champion. I use them in my stock cars, dirt track racing cars and my speedway racing cars constantly. They perform wonderfully well for me under the trying circumstances of high compression racing motors which turn up to revolutions even beyond 7000 a minute. It means some thing to have a plug come out of a racing motor after the grind of a 200 or a 500 mile race, where the motor is kept turning at above 6500 revolutions per minute for the entire distance.

"A dependable spark plug to a racing driver means so much money in his pocket. Think what a chance any driver would have if his motor should suddenly drop a cylinder due to a faulty plug!

"While the money cost would not be so great in my touring car, the annoyance is an item. I put in Champions now and forget them."

"The Champions in my Daytona Beach Stutz Black Hawk Special, in my trial for the world's mile record, behaved admirably. They had their work cut out for them, too, and they responded wonderfully. Without a perfect spark plug it would have been impossible to travel 225 miles an hour, as I was traveling when I ran into a rain squall, could not see and finished in the ocean.

"I unhesitatingly endorse Champion spark plugs for all uses. If they were not 100 per cent dependable I assure you I could not afford to use them for a minute."

NEW PACKARD ENGINE ATTRACTS ATTENTION

Visitors at All American Aircraft Show Thrilled by New Designs

During the All American Aircraft show in Detroit it became known that the Packard Motor Car Company now are operating in practically daily service in almost every part of the world. They are in Japan, Russia, Germany, Switzerland, South America, Honolulu, Philippine Islands, Panama Canal zone, China, Cuba and in nearly every section of the United States.

Twenty-three Navy ships with Packard 600 horse power engines have just completed several months of torpedo practice at Guantanamo Bay, Cuba. Each ship had to carry a crew of four, gasoline enough to give effective range and a 1700-pound torpedo. They flew a total of nearly 250,000 miles without incident.

Each American first class battleship has a Packard-motored plane as a part of its equipment and they are used on the great airplane carriers Saratoga and Lexington. The 35 Boeing pursuit ships with Packard 600 horse power engines now operating in the Navy are rated as the fastest fighting ships in regular service.

Two of the Packard 800 horse power engines have been installed in the Dorland Super-war plane in Germany, the largest sea plane in the world. This great ship carries 60 passengers. It may be among the several European airplanes to attempt the crossing of

the Atlantic during the coming summer.

The Packard company recently completed the designing and building of the most powerful airplane motor in the world, the Packard X engine which produces 1250 horse power. A super-charger has added nearly 300 horse power to the output of this engine, giving it nearly 1550 horse power without any material increase in weight.

Even seat cushions and springs receive their share of testing in Studebaker Research Laboratories at South Bend, Indiana. Subjected to an oscillating motion for hour after hour in the above machine, body engineers can determine in the matter of days the effects of years of ordinary service.

Studebakers are sold and serviced by the Curtis Motor Sales at 215 E. Washington St.

Where Three Isn't a Crowd

ROOMINESS and full vision are afforded in the new Dodge Brothers Standard Six Sedan. The unusual view shows how the front seat provides ample width for three to be seated comfortably, and how the car's construction affords headroom to spare.

IT'S HOUSECLEANING TIME FOR AUTOS NOW

Several Details Should Be Taken Care of to Assure Good Summer Service

The automobile has been called "the extension of the home."

This is Spring housecleaning time in the home. Why not also in the automobile?

In many ways the two operations are somewhat similar. The storm doors and storm windows are being removed from the home. So should the winter fronts from automobiles. Many residences are being repainted and similar attention would improve a lot of automobiles. Residential interiors are being cleaned and refurnished. The cushions and floor rugs of the automobile deserve similar attention. This also is true of the engine interior. Carbon should be removed and the valves ground.

In fact there are many small attentions which both a house and an automobile usually require in the spring. This is particularly true of the automobile which is so designed it will operate at maximum efficiency under widely varying conditions of temperature and climate.

A slight turn of the adjusting screw will give the carburetor a leaner or richer mixture. The rate of generator charge should be reduced to meet the smaller drain which longer hours of daylight impose upon the battery. These adjustments should be made only by a competent automobile service man. And don't forget that a thorough oiling and greasing is an excellent Spring tonic for your car.

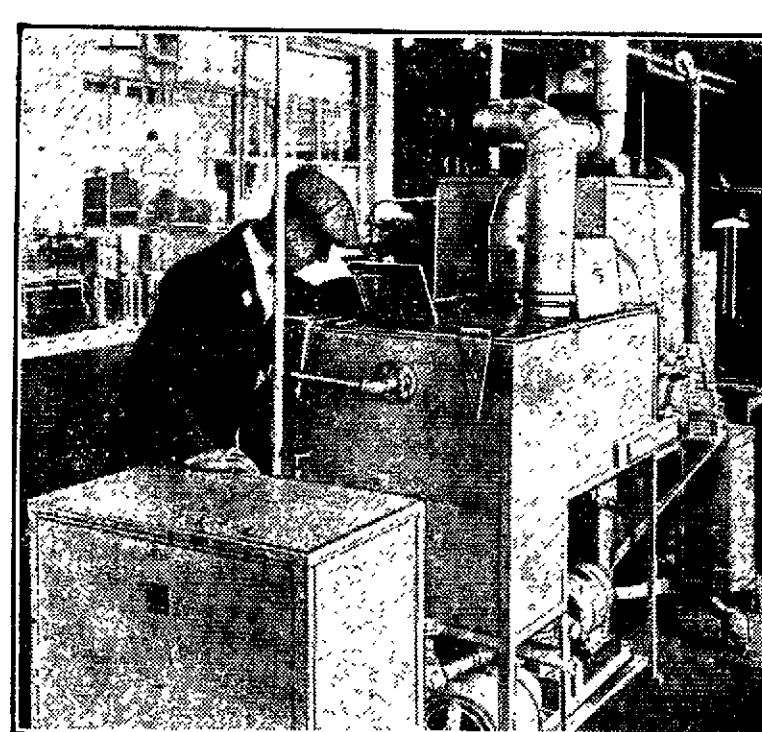

I mention the most obvious thing last—the cooling system. It should be drained and flushed with running water while the engine is operating. Incidentally here is a tip for the glycoline which you take out of your radiator will not deteriorate. Save it for next Winter. This is the advice of the O. R. Kloeber Co. Oakland and Pontiac cars.

The Packard company recently completed the designing and building of the most powerful airplane motor in the world, the Packard X engine which produces 1250 horse power. A super-charger has added nearly 300 horse power to the output of this engine, giving it nearly 1550 horse power without any material increase in weight.

Even seat cushions and springs receive their share of testing in Studebaker Research Laboratories at South Bend, Indiana. Subjected to an oscillating motion for hour after hour in the above machine, body engineers can determine in the matter of days the effects of years of ordinary service.

This Machine Makes Weather!

ALTERNATE rain and sunshine, with temperatures ranging from a torrid summer heat to zero Fahrenheit are the conditions created within this machine for the testing of paint, varnish, enamel or lacquer finishes. It is operating continuously in the testing laboratories of the Ford Motor Company, as a means of proving pyroxylin finishes of the new Ford cars, and other lacquers and paints used in the Ford plants. Only 500 hours in this machine is equivalent to one solid year of Detroit weather!

NEW HUPMOBILE SIX NOW HAS CABRIOLET

Dashing Model Offered With Remarkable Color Effect and Many Improvements

A cabriolet for two, designed for the less conservative motor car owner, is announced as an addition to the list of body styles for the New Hupmobile Six of the Century. It comes with or without the rumble seat.

Fitted with factory installed custom equipment, such as cowls, trunk rack, wire or disc wheels in front and rear, its racy effect is enhanced by the one-piece, full-crowned fenders, radiator shell design and cap, military visor and forward-tilting windshield, the slight elongation of window space, leather boots and the graceful sloping of body line at the rear and over the gasoline tank.

A remarkable color effect has been

produced in this car. Main body color is Hawthorne green with Zanzibar green for the window reveals and wheels, black windshield frame and military visor, combined with stripings in Old Ivory. The rear curtain may, of course, be removed. Custom equipment matches that of the car's colorings in every detail, including wheels—whether wood, disc or wire. Even the bumpers and tire covers are designed to match the remainder of the car's ensemble.

Hupmobile six and eights are sold and serviced by the Herriman Motor Co., 120 N. Superior St., Appleton Wis.

Two girls of Gateshead, England, have asked the mayor to forward their leap year proposals to any "likely" young men.

With the opening of territory in China that has been isolated because of the war, the demand for cigarettes from those parts has been great.

Knights' Armor 'Poor Stuff' Microscope Tells Scientist

New York—(AP)—New honors must be awarded—posthumously—to the ancient knight errant. His armor was stouter than his armor when he sallied forth to win a lady fair.

In fact, his helmet, greaves, cuirass, thigh plates and elbow caps were generally of such poor stuff, metallurgically speaking, that even the most unscrupulous war profiteer would hardly attempt to pass it off on a government today.

Dr. William Campbell, professor of metallurgy at the Columbia university school of mines, has examined with the critical eye of the scientist the defensive equipment of the old adventurers and soldiers. He has found that their metal suits, so bright and shining in the story books, were often made of miserable materials.

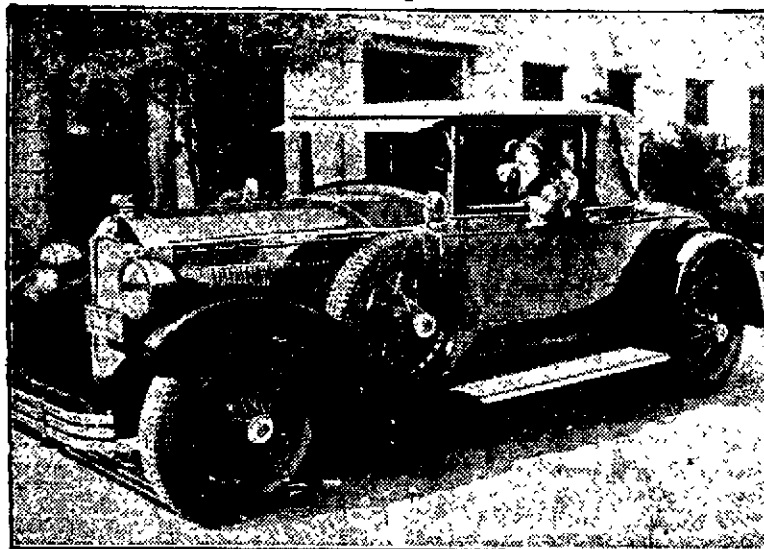

Microscopic examination of tiny samples cut from armor exhibited in museums disclosed that the cumbersome uniforms worn in the time of the Crusades should hardly excite the envy of the twentieth century steel maker. On the other hand, Dr. Campbell points out that the skill of the old armorers was admirable, for they succeeded in producing such truly intricate pieces of military wearing apparel from very poor quality iron and steel. The modern metal worker, Dr. Campbell asserts, would have a hard time reproducing these pieces, even with the best of modern tools.

What metallurgists call "grain growth" and "ghosts"—serious defects in the structure and arrangement of the crystals in the metal—are present in the armor inspected by the Columbia expert. Under the microscope the pieces also give evidence of steel being received by the valiant owners centuries ago. The weapons owned by these heroes would hardly come up to modern standards, either. In fact, the famous Damascus steel, from which the sword of every socially prominent knight was forged, had many faults. Far less fortunate, however, were the sturdy warriors who battled with blades of iron. The sugars tell of hand to hand combats that were politely halted while one of the parties strengthened his sword.

Information on the processes used by metal workers at the time of the Norman conquest of England has come down in the writings of Theophrastus, an eleventh century monk who compiled "An Essay Upon Various Arts." He tells, for example, the mode of tempering files and pointing out that the same process could be followed with all articles of steel.

"Smaller files are made from soft iron. Anoint them with them with straps cut from the skin of the buck-goat and tie them with flaxen thread. Cover them one by one with beaten clay, leaving the handles bare. When they are dry, place them in the fire and burn strongly and the skin is burned; and quickly taking them from the clay, extinguish them equally in water."

'B' is for Beauty—and Buick

Nancy Carroll, who plays Rosemary in Paramount's "Abie's Irish Rose," uses her new Buick sport coupe as a dressing room, putting on the last touches of makeup with the aid of the rear vision mirror on the spare wheel.

FIND RELIC OF OTHER DAYS IN MOJAVE DESERT

The bleached and rusted wreck of a covered wagon found by a party of Los Angeles adventurers who drove their Oakland All-American Six off the beaten paths while exploring the Mojave Desert. Oakland and Pontiac cars are sold and serviced in Appleton by the O. R. Kloeber Co. Inc. 414 W. College Ave.
